Chief Administrative Officer to Give Consideration to Offer to Pay $50,000 for Street Refuse Receptacle Advertising Proposal (Series of 1939)

Resolution No. ....., as follows:

Whereas, Because of mounting mandatory costs and the decision of the United States Supreme Court with respect to the disposal of Hetch Hetchy power, San Francisco faces a tax levy unprecedented in its history; and

Whereas, Because of this fact it becomes necessary for San Francisco to seek new and additional sources of revenue in an endeavor to minimize, as far as possible, the threatened increase in taxes; and

Whereas, The Universal Advertising Corporation has requested the City and County of San Francisco to consider a proposal, the terms of which are as follows:

1. The Universal Advertising Corporation will provide without cost to the City or the taxpayers, suitable, sanitary receptacles, in accordance with the attached registered design, in quantities of 2000 receptacles per year (or as many more as it is feasible to manufacture and install) until a total of 8000 receptacles have been installed. The first 2000 receptacles will be placed in the business districts. These receptacles will cost between $10 and $15 each and will be of streamlined steel and enamel construction, with stainless steel corners, instructional indicators and foot pedal for sanitary use.

2. The Advertising Company will pay the City a fee, based upon the installation of 2000 receptacles, of $50,000 per annum, payable quarterly.

3. All advertisements on receptacles to be of a high order, consisting of colored lithographed copy on heavy stock (similar to street car advertising).

In consideration of the foregoing San Francisco is requested to provide:

1. Suitable street space for the installation of receptacles.

2. Collection of refuse as at present, same to include waste deposited in the new receptacles.

3. An irrevocable permit or suitable guaranteed agreement with the Advertising Company, for a period of 10 years, renewable

for a like period, covering street space and advertising privileges.

Now, Therefore, Be It Resolved, That the Board of Supervisors refer this proposal to the Chief Administrative Officer with a request that he give study and consideration thereto; that he negotiate with The Universal Advertising Corporation on the subject of a proposed agreement and permit for the installation and maintenance of the receptacles and service mentioned in the proposal, and that he furnish this Board, as soon as possible, with report and recommendation in the matter, together with the legislation, if any, necessary to put the proposal, if recommended, into effect.

SPECIAL ORDER 4:00 P. M.

Communication from Mayor Re Consideration of Bill Appropriating $28,000 for WPA Projects for Widening Post St. and Presidio Ave.

May 29, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I return to you for reconsideration Bill No. 682, appropriating $28,000 for sponsorship of WPA projects—the projects being the widening of Post Street from Van Ness Avenue to Webster Street and from Scott Street to Presidio Avenue and the widening of Presidio Avenue from Post Street to Geary Street.

This proposed ordinance was before you for final passage Monday, May 27. It failed of passage by one vote with two members of your Honorable Board absent.

My reasons for requesting reconsideration are that providing this work will keep intact the WPA crew which has been doing this type of work; it is desirable to provide worthwhile work for our employable unemployed; failure to provide sponsorship funds for these street sections will endanger future street widening and paving jobs, such as the paving of O'Shaughnessy Boulevard; and performing by contract the work called for in this ordinance would add $40,000 to the cost as well as delay the work.

On May 13 I urged upon your Honorable Board favorable action on this bill. I respectfully call to your attention that communication, in which I stated that "I do not believe the project will disturb a proper balance of employment between contract and WPA work."

This request for reconsideration is made under Section 14 of the charter.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

May 13, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I note that you again will consider an appropriation for the widening of two portions of Post Street, as a WPA project.

May I respectfully urge your most serious consideration of this allocation. My experience has been that street widening through the medium of the WPA has furnished many worthy projects. I believe it our duty to supply the necessary means for employment which reaps for the city beneficial and lasting improvements.

I believe we owe it to those unfortunate men whose ability to keep body and soul together through the medium of such work depends upon such projects. I cannot too strongly stress that it is our duty to help maintain the self-respect of our unemployed by giving them work which is useful and beneficial to the city.

In urging that WPA be employed, I am fully aware that we must preserve the rights of private enterprise, but I reiterate, the character of the work contemplated on Post Street makes it a splendid WPA project. I do not believe the project will disturb a proper balance of employment between contract and WPA work.

Therefore, I urge upon you favorable action on the measure before you so that another great improvement may be launched.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

At the hour of 4 P. M., the foregoing special order of business was called up.

Motion to Excuse Supervisor McSheehy

Supervisor McSheehy's absence from the Chambers being noted, Supervisor Brown, seconded by Supervisor McGowan, moved that he be excused from attendance.

Point of Order

Supervisor Uhl raised the point of order that Supervisor McSheehy could not be excused except on his own request.

The Chair ruled the point of order not well taken, stating that he assumed that Supervisor McSheehy had contacted Supervisor Brown, and was making that request through him.

Thereupon Supervisor Brown announced that he was concerned merely in conserving the time of the Board, since the Board could not proceed with Supervisor McSheehy being absent, unless he should be excused. However, he would be glad to change his motion and move that Supervisor McSheehy be excused pro tem. Change accepted by Supervisor McGowan.

Supervisor Colman objected to the motion.

Amendment to Motion

Supervisor Uhl, seconded by Supervisor Ratto, moved, as an amendment to the motion, that Supervisor McSheehy be sent for and brought into the Chambers.

Supervisor Brown opposed the amendment.

Motion Failed

Whereupon, the roll was called and the amendment to the motion failed by the following vote:

Ayes: Supervisors Ratto, Roncovieri, Uhl—3.

Noes: Supervisors Brown, Colman, McGowan, Mead, Meyer—5.

Absent: Supervisors McSheehy, Schmidt, Shannon—3.

Protest Against Motion

Supervisor Roncovieri protested against the motion to excuse Supervisor McSheehy, characterizing it as a piece of sharp practice which should not be done by the Board.

Motion Out of Order

Thereupon, the Chair, in view of the reasons stated by Supervisor Brown, prompting his motion, reversed his previous ruling and declared the motion to excuse Supervisor McSheehy was out of order.

Discussion

Supervisor Brown, after stating that he felt the matter should be discussed with full membership of the Board present, discussed the bid presented by Mr. Harney, and announced that Mr. Harney was willing and ready to furnish a certified check as guarantee of faithful performance of the contract. In continuing his arguement against the proposed appropriation for W. P. A. sponsorship for the proposed Post Street widening, Supervisor Brown commented on analysis of the Harney bid, by Director of Public Works, Mr. A. D. Wilder, and read excerpts from testimony by Mr. Connolly, Manager of Southern California Chapter of Associated General Contractors, of Los Angeles, in support of his views that W. P. A. is actually doing work that should be done by private contractors. It was never thought, contended Su-

pervisor Brown, that city and federal money should be used to maintain any organization competing against local contractors.

Mr. A. D. Wilder, Director of Public Works, discussed the Harney bid and his analysis thereof. To Mr. Harney's figures should be added amounts for inspection and survey costs, which would make the cost to San Francisco, should the Harney bid be accepted, some $9000 more than San Francisco's sponsorship cost if the work should be done by W. P. A.

Privilege of the Floor

Mr. W. D. Coughlin, representing Associated General Contractors, and Mr. Jack Leonard, and Mr. Gearhard, representing union labor, were granted the privilege of the floor. They urged that the appropriation be not approved, but that the proposed street widening be performed by private contract.

Mr. Herbert Nugent, representing the Workers Alliance, spoke in favor of the proposed appropriation.

Supervisors McSheehy, Uhl and Roncovieri favored final passage of the proposed ordinance.

Supervisor Brown, in closing, argued that Mr. Harney was presenting a certified check with his bid, guaranteeing good and faithful performance of his contract, and the completion of the job, if awarded to him, whereas, no guarantees could be had that if W. P. A. should start the job it would ever be completed, or if the city should appropriate the requested amount for sponsorship, additional funds would not have to be supplied by the city.

Whereupon, all interested parties having been heard, Supervisor Roncovieri, seconded by Supervisor Uhl, moved that the Board reconsider the action by which, on final passage, the proposed ordinance was defeated.

Supervisor Brown objected to the motion, stating that in his opinion, the matter having been considered, and defeated, legislation should start anew, and any vote of the Board should be on Passage for Second Reading. In support of his views, Supervisor Brown read portions of the Charter, applicable thereto.

Mr. Dion Holm, Assistant City Attorney, in presenting his interpretation of the Charter, pointed out that in his opinion any action of the Board should be on Final Passage. The Bill had already been passed for second reading, and any reconsideration should be on the last action taken by the Board.

Previous Action of the Board Rescinded

Thereupon, Supervisor Roncovieri, seconded by Supervisor Colman, moved that the Board rescind the action whereby the proposed ordinance was refused final passage.

Motion carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Ratto, Roncovieri, Schmidt, Uhl—6.

Noes: Supervisors Brown, McGowan, Mead, Meyer—4.

Absent—Supervisor Shannon—1.

Final Passage

Whereupon, Supervisor Roncovieri, seconded by Supervisor Colman, moved final passage of the proposed ordinance.

Motion carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Ratto, Roncovieri, Schmidt, Uhl—6.

Noes: Supervisors Brown, McGowan, Mead, Meyer—4.

Absent: Supervisor Shannon—1.

Notice of Reconsideration

Supervisor Brown, thereupon, changed his vote from No to Aye, and gave notice that he would move for reconsideration at the next meeting of the Board.

Objection

Objections were raised that Supervisor Brown could not change his vote for the purpose of reconsideration, the result of the vote having been previously announced.

Objection Overruled

Whereupon, the Chair overruled the objection, stating that Supervisor Brown was well within his right. The Clerk has no right to announce the result of a vote. That right belongs to the Chair. The Clerk, in fact, had merely informed the Chair as to the vote.

Appeal From Decision of the Chair

Supervisor Colman, seconded by Supervisor Ratto, appealed from the decision of the Chair.

At the request of the Chair, Supervisor McSheehy put the appeal, the question being, "Shall the decision of the Chair be the decision of the Board?" and stating that a vote "Aye" sustains the Chair, and a vote "No" overrules the Chair.

Chair Overruled

Whereupon, the roll was called and the Chair was overruled by the following vote:

Ayes: Supervisors Brown, McGowan, McSheehy, Meyer—4.

Noes: Supervisors Colman, Ratto, Roncovieri, Schmidt, Uhl—5.

Absent: Supervisor Shannon—1.

Excused from voting: Supervisor Mead—1.

Explanation of Vote

Supervisor McSheehy, in explanation of his vote as above noted, stated he had so voted because he believed the decision of the Chair to be correct. However, he was in favor of the proposed appropriation.

Thereupon, further objection to change of vote for the purpose of moving for reconsideration was raised by Supervisor Ratto. Supervisor Ratto held that the matter had already been reconsidered, and pointed out that reconsideration on a matter could be had only once. Supervisors Colman and Roncovieri supported Supervisor Ratto's views.

Supervisor Brown objected thereto, stating that no action had been taken on reconsideration, but merely on a motion to rescind previous action of the Board, whereby the proposed ordinance had been defeated on Final Passage.

On representation by several members of the Board that the Board had reconsidered the matter, at the request of his Honor, the Mayor, and that Supervisor Uhl had, at a previous meeting of the Board, moved for reconsideration, the Chair declared that further reconsideration would not be in order and declared the measure Finally Passed.

Salary Ordinance Amendment, Re Overtime

The following communication from his Honor, the Mayor, was presented, read by the Clerk, and referred to the Finance Committee for study:

CITY AND COUNTY OF SAN FRANCISCO
MAYOR'S OFFICE
200 City Hall

June 19, 1940

To the Honorable
The Board of Supervisors
City Hall
Gentlemen:

I return herewith Ordinance No. 744 passed by your Honorable Board last Monday as an emergency measure, amending the 1939-40 Annual Salary Ordinance, unsigned as provided under Section 14 of the Charter.

As it has been explained to me, the purpose of this ordinance was to make it possible for a number of per diem workers in the City's employ to be paid for extra time actually put in during the last several months. I do not wish to take any action that would prevent these men from being paid for time worked.

I wish to avoid, however, even seeming to approve the payment of other than regular wage rates for routine city work, whether that routine work, as distinguished from emergency work, is performed on week days or holidays, or during day time or night time. For this reason, I would disapprove this ordinance in its present form, if it were proposed as an amendment to the Annual Salary Ordinance for the fiscal year 1940-41.

There are many functions of city government, just as there are in private enterprise, which must be carried on at hours other than from 8 a. m. to 5 p. m. five days a week. Streets must be cleaned for example, on Saturdays, Sundays and holidays. In fact, some of this work can be done much more effectively on those days than on busy week days. Some agencies and institutions must operate 24 hours a day seven days a week.

Routine work done by regularly assigned workers should be compensated at regular rates of pay, not as overtime. It would be fair neither to other workers nor to taxpayers to pay street sweepers working regularly on Saturdays and Sundays twice the rate paid those who work on week days. This applies also to other functions of government and to other classes of workers.

There is a distinction, however, between routine work and emergency work performed at other than regular hours. When a workman is called from his home at night or on a holiday to make an emergency repair to a street or sewer, or to do any other emergency city work, it is only fair that he be compensated at a higher than regular rate of pay.

I believe that any legislation on overtime pay of per diem workers should distinguish clearly between routine work performed on regular assignments and emergency work that disturbs the leisure to which the worker is normally entitled.

The matter of costs to the city is not unimportant, either. With the money set up in next fiscal year's budget more men can be employed and more work can be done if routine work is paid for at straight time. The public is entitled to streets made safe by proper striping and made clean by regular sweeping. These functions cannot be adequately performed at reasonable costs to the public if routine work is paid for at overtime rates.

Therefore in returning this ordinance unsigned, I do so in the hope that your honorable body will introduce legislation that will distinguish between routine wages and emergency wages. Legislation that will

properly and justly compensate the worker and at the same time preserve the fundamental that certain city activities require a day to day service, indeed a 24 hour service, without deviating from straight time pay.

Police, fire, health and hospitals, public utilities, telephone operators—all those who must give public service the week through—fall into this category. Certainly those in these departments cannot be paid overtime for week-end work. I do not believe as stated above, that certain other functions of orderly, efficient government should be singled out for special consideration.

I reiterate the need for your study of this problem in regard to operations of city government in the ensuing year.

Yours sincerely,

ANGELO J. ROSSI,

Mayor

Amended

Supervisor Mead announced that he had consulted with a representative of Whitney Brothers, who operate the Chutes at the Beach, and are paying a license fee at the present time, and moved that the Bill, as Passed for Second Reading be amended by inserting in Section 309, second line, immediately after the word "permit," the words "except a licensee as defined and provided for in Section 1031, 1032 and 1033, Chapter VIII, Part II, of the San Francisco Municipal Code."

Motion seconded by Supervisor Ratto.

Supervisor Roncovieri objected to the motion, and urged that the Bill be finally passed, after which any amendments thereto could be considered. In the interest of time, and to provide for as early an effective date of the Ordinance as possible, he opposed the amendment.

Thereupon, the roll was called and the motion to amend carried by the following vote:

Ayes: Supervisors Brown, McGowan, Mead, Meyer, Ratto, Schmidt—6.

Noes: Supervisors Roncovieri, Shannon—2.

Absent: Supervisors Colman, McSheehy, Uhl—3.

Supervisor Brown called attention to postponement granted for consideration of Ordinances regulating and licensing Electrical Musical Devices and Merchandise Vending Machines, in order that operators thereof could make a showing as to the justness of proposed license fees. He felt that the operators of Mechanical Amusement Devices should also be accorded that same opportunity.

In reply thereto, Supervisor Roncovieri pointed out that although the proposal had been before Committee for about a year, not a single

individual affected has ever appeared before committee, and he presumed, therefore, that the proposed rates must be satisfactory.

Supervisor Brown, thereupon, repeated his statement, objecting to the granting of time for operators of other devices proposed to be licensed in which to present their records for study in order to determine the justness of fees to be charged, and not granting that same privilege to the operators of mechanical amusement devices.

Privilege of the Floor Refused

Supervisor Ratto requested the privilege of the floor for Mr. Ray Williamson, representing operators of Mechanical Amusement Devices.

On objection by Supervisor Roncovieri, privilege of the floor was denied.

However, in answer to questions by Supervisor Brown, Mr. Williamson asserted that the proposed license fee was confiscatory. These machines, he stated, cost from $60 to $100 each, and the gross income of many of them does not exceed $2 per week.

Re-reference to Committee

Thereupon Supervisor Brown, seconded by Supervisor Schmidt, moved that the entire matter be re-referred to Finance Committee.

Motion carried by the following vote:

Ayes: Supervisors Brown, Mead, Meyer, Ratto, Schmidt, Shannon—6.

No: Supervisor Roncovieri—1.

Absent: Supervisors Colman, McGowan, McSheehy, Uhl—4.

Whereupon, Supervisor Roncovieri announced that the matter would be taken up in Finance Committee on Friday, July 12, 1940, at 2:30 P. M.

Reconsideration of Appropriation of $28,000 for W. P. A. Sponsorship for Street Widening

Supervisor Brown, under his name on Roll Call, moved, pursuant to notice given at the previous meeting of the Board, that the Board reconsider its action of June 24, 1940, whereby it had *Finally passed* the ordinance appropriating $28,000 for W. P. A. sponsorship for the widening of portions of Post Street and Presidio Avenue. Motion seconded by Supervisor Meyer.

In support of his motion, Supervisor Brown commented on the action of the Board at its previous meeting, and objected to rulings made at that time.

Supervisor Mead, who was acting as Chairman at the meeting of June 24th, 1940, also informed the President of action taken at that time, stating that although an appeal had been taken against his decision with regard to the announcing the result of a vote and the motion for reconsideration made prior to the announcement of the result of the vote, he was of the opinion still that the motion to reconsider was in order, although he, as the Chair, had been overruled.

Supervisor Roncovieri brought up the point that it had been the practice for the Clerk to announce the result of a vote, and not the Chair, and that after the result of a vote by the Clerk, no motion for reconsideration has been entertained by the Chair.

Whereupon, President Warren Shannon announced that such has been the practice of the Board. However, he would reserve his ruling as to whether or not Supervisor Brown's motion for reconsideration was in order, until the next meeting of the Board, and that the motion be printed in the Calendar of matters before the Board for the next meeting.

Report of Traffic Ordinance Technical Committee and Tentative Draft of Proposed Revision of Traffic Ordinance

Supervisor McGowan commented on efforts made in the past to eliminate traffic congestion in the down town area of traffic, and the many surveys made with view of solving San Francisco's traffic problems. These surveys have been made at great cost to San Francisco. However, a new traffic survey has been made by the Traffic Ordinance Technical Committee, and a tentative draft of a proposed revision of the traffic ordinance resulting from that survey has been presented by that committee, as follows:

SUPPLEMENTAL REPORT
of the
TRAFFIC ORDINANCE TECHNICAL COMMITTEE

High Vehicle Density per Mile of Street in San Francisco

Traffic congestion during the morning and evening peak periods in San Francisco has developed so rapidly that this city is confronted with one of the most serious traffic problems of any city in the country. Undoubtedly part of this excessive congestion in San Francisco compared to other cities is related to the high density of motor vehicles per mile of street. A study based on the 1939 report of the Automobile Manufacturers' Association of a number of large cities in the country shows San Francisco with the second greatest density amounting to 204 registered cars per mile of street. Only Cleveland,

with a density of 209 cars, led San Francisco, most of the cities trailing far behind. The densities in other prominent cities are as follows: Baltimore, 137; Boston, 147; Chicago, 163; Detroit, 175; Los Angeles, 105; New York, 152; Philadelphia, 140; and St. Louis, 167.

Congested Area in San Francisco

The most serious traffic congestion in San Francisco is within the area described as the "Central Business District" in "The San Francisco City-Wide Traffic Survey" prepared under the direction of Dr. Miller McClintock in 1937, and identical with the Central Traffic District defined in Section 1 of the present Traffic Code. This district is bounded by and includes Mission Street from Sixth to First, First Street from Mission to Market, Battery Street from Market to California, California Street from Battery to Grant Avenue, Grant Avenue from California to Sutter, Sutter Street from Grant Avenue to Taylor, Taylor Street from Sutter to Market, Sixth Street from Market to Mission, and is shown on Exhibit A in red.

Total Traffic Movement

The total number of personal movements in and out of the Central Business District during the 16-hour period from 7 a. m. to 11 p. m. by all means of transportation was 1,223,139, according to the "City-Wide Traffic Survey" made in 1937. The street car mass transportation facilities handled 35.3 per cent of the total number. Motor vehicles carried 31.8 per cent, with the remaining 32.9 per cent walking.

Vehicle Traffic

The vehicular movement revealed by the 16-hour cordon count of the Central Business District in 1937 showed a total of 269,592 vehicles entering and leaving the district during the period. During the morning peak at 9 a. m. 10,600 vehicles flowed in and out of this district and in the evening peak at 5:30 p. m. 13,400 vehicles flowed in and out of the district. Between 9:30 a. m. and 4:30 p. m., or the midday period, an average of approximately 9,600 vehicles per hour entered or left the district. A minimum of approximately 8,000 vehicles was reported moving in and out of the district at 1 p. m.

Major Traffic Problem

During the peak traffic period in the late afternoon in the Central Business District between 10,000 and 13,400 vehicles flow in and out of this district. The magnitude of this traffic volume can be appreciated when compared to the curbside parking facilities within this Central Business District Parking Area. Assuming no regulations whatever and 18 feet per car, there is a physical capacity of 14,477 vehicular spaces. Legal restrictions, however, reduce this to a minimum of 6,400 spaces, but during the period from 4:30 p. m. to 6:00 p. m. under present parking restrictions all curbside parking within the Central Business District Parking Area is prohibited. As a consequence, between 10,000 and 13,400 vehicles entering and leaving the district are on the streets within the Central Business District at one time during the evening rush hour from between 4:30 and 5:30 p. m. Here is the major traffic problem!

Traffic Must Flow

It is vital and important to keep the streets open and the traffic flowing. The present street system must be utilized to the fullest extent through proper Police Commission regulations in order that the city may realize on its enormous investment in the street system amounting to probably more than $100,000,000.

Curbside Parking Relation to Proper Movement of Traffic

It was capably pointed out in the "City-Wide Traffic Survey" that the ends of traffic and transportation are never accomplished by the proper movement alone, for motor vehicles require parking and loading facilities. "The problem of parking vehicles in existing street areas

is one of a most controversial character. It is complicated because it involves so many apparent conflicts of interest. An operator driving over a congested route is anxious that there be no parking at the curb, but once he arrives at his destination he resents restriction upon his right to park his vehicle at the curb while he transacts his business."

Even casual observation and experience leads to the conclusion that curbside facilities are inadequate to accommodate parking requirements in the highly developed Central Business District of San Francisco during peak traffic periods. Furthermore it must be recognized that curb parking is a secondary type of street use and must give way to the primary use of movement whenever the two uses come into serious conflict. Thus the major part of the present traffic congestion problem appears to be possible of solution through proper traffic regulation. *In the last analysis, traffic regulation has only one primary objective, that is to distribute the available facilities impartially through uniform practices.* Such temporary criticisms as arise from any type of change soon disappear when impartial and uniform enforcement is consistently carried on to the best advantage of all.

In San Francisco during the peak periods a definite conflict exists between this primary and secondary uses of the streets and attempts have been made to restrict parking during the morning and evening rush periods. Unless these restrictions are rigidly and consistently enforced so that the streets may be used for the movement of traffic, the city and taxpayers will be faced with large additional expenditures for highways.

Limited Parking

The total linear curb space in the Central Business District Parking Area is 260,597 feet, 84,058 feet of which is in alleys. This space is sufficient for 14,477 physical curbside parking spaces but is allocated as follows:

Use	*Per Cent*	
Parking Prohibited	38	
Stopping prohibited all times		13
No parking day or night		25
Restricted Parking	50	
Special loading zones (yellow and white)		11
20 minute parking zones		3
40 minute parking zones		15
60 minute parking zones		21
Unlimited Parking	12	12
Total	100	100

Parking Time Characteristics

An analysis of the parking time characteristics of all vehicles parking in the Central Business District Parking Area during a 12-hour period between 7 a. m. and 7 p. m. revealed that 63,730 vehicles parked during this period. Seventy-four per cent of this total, or 46,999 vehicles parked less than one hour. Of the number parking less than one hour 61 per cent parked less than twenty minutes, 25 per cent between twenty and forty minutes and 14 per cent between forty and sixty minutes. It is thus apparent that 86 per cent, or a wide majority of the vehicles observing a reasonable time limit, remained forty minutes or less. These parking characteristics in the Central Business District were obtained during a "City-Wide Traffic Survey" in 1937 prior to enactment of the Prima Facie Law and serve to indicate that even under the most lenient enforcement of parking regulations the majority of operators used less than forty minutes to transact their business.

The foregoing observations tend to support the recommendation of the Traffic Ordinance Technical Committee for a uniform forty-minute

parking limit throughout Traffic Zone No. 1. Traffic Zone No. 1 is an enlargement of the area covered by the Central Business District, the limits as described under Section 1, Article 1 of the proposed new traffic ordinance and shown on Exhibit A in yellow.

Curb Parking Capacity

Considering Traffic Zone No. 1 designated in the "City-Wide Traffic Survey" as the Central Business District Parking Area, on the basis of a forty-minute average turnover and 6,400 spaces, 86,400 cars may park during the nine hours between 7 a. m. and 7 p. m. exclusive of the restricted periods between 8:00 and 9:30 a. m. and 4:30 and 6:00 p. m. On the basis of a thirty-minute average turnover, 115,000 cars could park during this same period compared to 63,730 cars actually parked during a twelve-hour period surveyed in 1937, when the morning and evening parking was restricted only upon Sutter, Post and Geary Streets.

Parking Aid

To facilitate parking, definite provision should be made by the Police Commission for installing parking space crosses throughout the proposed Traffic Zone No. 1. These crosses should be 19 feet apart and 5 feet from the curb, according to the suggestions advanced by the California Automobile Association. It has been estimated it would require only about $120 of paint to install 7,000 of these crosses. Designating uniform parking spaces has long been a recognized traffic engineering service to the public, having been in use in some cities for more than fifteen years. Where they have been properly installed and maintained, flow of traffic into and away from the curb is smoother, with less interference with the moving traffic. A driver can readily observe the marked space in which he must park his car and he promptly removes his vehicle from the traffic stream.

Enforcement Suggestions

The value of any traffic ordinance, no matter how thorough and carefully prepared, is directly dependent upon two factors, namely:

1. Physical means for enforcing the traffic regulations;

2. Effective follow-through by the Traffic Courts and Traffic Fines Bureau.

Many of the habitual traffic violators could be eliminated permanently through increasing the fine with each repetition.

The Technical Committee has estimated that there are approximately 25 miles of streets and alleys within the Traffic Zone No. 1, or about 50 miles of curbing. To enforce effectively the parking restrictions alone, it has been estimated it would require about ten motorized traffic policemen on three wheel motorcycles capable of averaging about five miles per hour to cover their entire routes each hour. Unless there is effective police supervision, all of the elaborate expenditures for paint and permanent signs are practically lost on the habitual violators who are, in the last analysis, comparable to the common thief and should be apprehended.

Furthermore, every expense in connection with the traffic enforcement program of the police is a waste of taxpayers' money unless there is a proper follow-through on the part of the Traffic Courts and Fines Bureau. In some cities the Traffic Judge is elected as such in contrast to the system in San Francisco where the Presiding Judge designates one of the Municipal Judges to preside temporarily over the Traffic Court. This is a specialized field and should be recognized as such. There may be merit to the suggestion that the San Francisco city charter should be amended to provide for the election of a Traffic Judge or Judges.

Key Map

To assist in the enforcement of the Traffic Ordinance and such other

traffic regulations set up by the Police Commission it is recommended that a key map be prepared and kept up to date, indicating by colors or other symbols the areas affected by the various parking restrictions and one-way streets, and that at regular intervals inexpensive reprints of convenient letter size be made for limited distribution and for reprinting in the daily papers.

As a final suggestion, the Committee recommends that in view of the constantly changing conditions related to traffic and transportation problems, that the traffic ordinance be reviewed at regular intervals in order to avoid the pitfalls which engulfed the old traffic ordinance.

Vacation Ordinance

An Ordinance Regulating Annual Vacations of Employees of the City and County of San Francisco Except Certificated Employees of the Board of Education.

(Series of 1939)

Discussion

Supervisor Uhl, in discussing the following proposed Bills providing for the rezoning of the corners of Irving Street, Judah Street, Taraval Street, Vicente Street, with Thirty-sixth and Thirty-seventh Avenues, announced that residents of the Sunset and Parkside Districts had requested the proposed rezoning, and that the City Planning Commission had approved of same.

Supervisor Roncovieri announced that while he believed the objective, the preservation of Sunset Boulevard from Commercial encroachment, was most worthy, and highly desirable, the proposed rezoning would greatly depreciate the value of the property actually rezoned. The owners of such property should be recompensed for the loss they would suffer.

Supervisor McSheehy expressed agreement with statement by Supervisor Roncovieri, and moved that the proposed Bills should be referred to the Director of Property and that the Director of Property be requested to report to the Board the value of the property, as it now is under Commercial classification, and as it would be if rezoned for residential purposes. He moved further that the entire rezoning proposals be made a special order of business for Monday, July 22, 1940, at 3

P. M., and that the Director of Property be ready to report back to the Board at that time. Motion seconded by Supervisor Roncovieri.

Motion failed by the following vote:

Ayes: Supervisors McSheehy, Meyer, Roncovieri—3.

Noes: Supervisors Brown, McGowan, Mead, Ratto, Shannon, Uhl—6.

Absent: Supervisors Colman, Schmidt—2.

Privilege of the Floor

Mr. William Finnegan, owner of property at the northwest corner of Thirty-seventh Avenue and Taraval Street, together with his attorney, Mr. H. M. Anthony, and Lieutenant Frederick O'Neill, retired police officer, and owner of property at the northwest corner of Thirty-seventh Avenue and Judah Street, opposed the proposed rezoning.

Mr. A. H. Hans, President of the Parkside District Improvement Club, spoke in favor of the proposed legislation.

Explanation of Votes

Supervisor Roncovieri announced his intention to vote for the proposed rezonings, because he believed the Boulevard should be kept free from commercial enterprises. H did believe it to be wrong to rob the property owners affected of the difference in the value of their property which might result from the rezoning.

Supervisor McSheehy explained his intention to vote "Aye" on the proposed legislation, because he believed the property would have a higher value, under the conditions, as residential property than it would have for commercial purposes.

SPECIAL ORDER—3:00 P. M.

Re-referred to Finance Committee

Chief Administrative Officer to Give Consideration to Offer to Pay $50,000 for Street Refuse Receptacle Advertising Proposal (Series of 1939)

Resolution No. ....., as follows:

Whereas, Because of mounting mandatory costs and the decision of the United States Supreme Court with respect to the disposal of Hetch Hetchy power, San Francisco faces a tax levy unprecedented in its history; and

Whereas, Because of this fact it becomes necessary for San Francisco to seek new and additional sources of revenue in an endeavor to minimize, as far as possible, the threatened increase in taxes; and

Whereas, The Universal Advertising Corporation has requested the City and County of San Francisco to consider a proposal, the terms of which are as follows:

1. The Universal Advertising Corporation will provide without cost to the City or the taxpayers, suitable, sanitary receptacles, in accordance with the attached registered design, in quantities of 2000 receptacles per year (or as many more as it is feasible to manufacture and install) until a total of 8000 receptacles have been installed. The first 2000 receptacles will be placed in the business districts. These receptacles will cost between $10 and $15 each and will be of streamlined steel and enamel construction, with stainless steel corners, instructional indicators and foot pedal for sanitary use.

2. The Advertising Company will pay the City a fee, based upon the installation of 2000 receptacles, of $50,000 per annum, payable quarterly.

3. All advertisements on receptacles to be of a high order, consisting of colored lithographed copy on heavy stock (similar to street car advertising).

In consideration of the foregoing San Francisco is requested to provide:

1. Suitable street space for the installation of receptacles.

2. Collection of refuse as at present, same to include waste deposited in the new receptacles.

3. An irrevocable permit or suitable guaranteed agreement with the Advertising Company, for a period of 10 years, renewable for a like period, covering street space and advertising privileges.

Now, Therefore, Be It Resolved, That the Board of Supervisors refer this proposal to the Chief Administrative Officer with a request that he give study and consideration thereto; that he negotiate with The Universal Advertising Corporation on the subject of a proposed agreement and permit for the installation and maintenance of the receptacles and service mentioned in the proposal, and that he furnish this Board, as soon as possible, with report and recommendation in the matter, together with the legislation, if any, necessary to put the proposal, if recommended, into effect.

SPECIAL ORDER—4:00 P. M.

Communication from Mayor Re Consideration of Bill Appropriating $28,000 for WPA Projects for Widening Post St. and Presidio Ave.

To the Honorable May 29, 1940.
The Board of Supervisors
City Hall

Gentlemen:

I return to you for reconsideration Bill No. 682, appropriating $28,000 for sponsorship of WPA projects—the projects being the widening of Post Street from Van Ness Avenue to Webster Street and from Scott Street to Presidio Avenue and the widening of Presidio Avenue from Post Street to Geary Street.

This proposed ordinance was before you for final passage Monday, May 27. It failed of passage by one vote with two members of your Honorable Board absent.

My reasons for requesting reconsideration are that providing this work will keep intact the WPA crew which has been doing this type of work; it is desirable to provide worthwhile work for our employable unemployed; failure to provide sponsorship funds for these street sections will endanger future street widening and paving jobs,

such as the paving of O'Shaughnessy Boulevard; and performing by contract the work called for in this ordinance would add $40,000 to the cost as well as delay the work.

On May 13 I urged upon your Honorable Board favorable action on this bill. I respectfully call to your attention that communication, in which I stated that "I do not believe the project will disturb a proper balance of employment between contract and WPA work."

This request for reconsideration is made under Section 14 of the charter.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

May 13, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I note that you again will consider an appropriation for the widening of two portions of Post Street, as a WPA project.

May I respectfully urge your most serious consideration of this allocation. My experience has been that street widening through the medium of the WPA has furnished many worthy projects. I believe it our duty to supply the necessary means for employment which reaps for the city beneficial and lasting improvements.

I believe we owe it to those unfortunate men whose ability to keep body and soul together through the medium of such work depends upon such projects. I cannot too strongly stress that it is our duty to help maintain the self-respect of our unemployed by giving them work which is useful and beneficial to the city.

In urging that WPA be employed, I am fully aware that we must preserve the rights of private enterprise, but I reiterate, the character of the work contemplated on Post Street makes it a splendid WPA project. I do not believe the project will disturb a proper balance of employment between contract and WPA work.

Therefore, I urge upon you favorable action on the measure before you so that another great improvement may be launched.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

Ruling by President Shannon as to Parliamentary Situation

The following opinion as to Supervisor Brown's parliamentary right to seek reconsideration, was, pursuant to his notice of July 1, 1940, presented and read by the Chair:

To the Honorable
The Board of Supervisors
of the City and County of San Francisco.

Gentlemen:

The duly approved Journal of Proceedings of the Board of Supervisors (Vol. 35, No. 22, pages 1150-1151) for Monday, May 27th, 1940, establishes that Bill 682, being properly before the Board for *final passage* on that date, was refused final passage.

On May 29th, 1940, his Honor, the Mayor, in accordance with his right under Section 14 of the Charter, as set forth in the final paragraph of that section, addressed a written communication to the Board requesting consideration by the Board of the proposed ordinance.

The duly approved Journals of Proceedings of the Board of Supervisors, properly referenced in the digest below, establish that, subsequent thereto, the Board having before it the written requst of the Mayor on Bill 682, acted as follows:

Journal—June 3, 1940: Vol. 35, No. 23, Pages 1264 to 1269: Motion of Supervisor Brown, seconded by Supervisor McGowan; postponed further consideration for one week.

Journal—June 10, 1940: Vol. 35, No. 24, Pages 1305 to 1310: Motion of Supervisor Roncovieri, seconded by Supervisor Brown; matter referred to Director, Department of Public Works, for study and report back to the Board on Monday, June 17th.

Journal—June 17, 1940: Vol. 35, No. 25, Pages 1425 to 1429: Motion of Supervisor Brown (name of second not shown in the Journal), further consideration postponed until Monday, June 24th at 4 P. M.

The duly approved Journal of Proceedings of the Board of Supervisors (Vol. 35, No. 26, Pages 1498 to 1503) for Monday, June 24th, 1940, establishes that the matter came before the Board as a Special Order of Business, at 4 P. M., in accordance with the expressed will and intention of the Board.

The Board, after debate and following presentation by all present who desired to be heard in connection with the Mayor's request of May 29th, on motion of Supervisor Roncovieri, seconded by Supervisor Colman, rescinded the action whereby, on May 27th, 1940, Bill 682 was refused final passage.

Whereupon Supervisor Roncovieri, seconded by Supervisor Colman, moved final passage of the proposed ordinance. This motion was carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Ratto, Roncovieri, Schmidt, and Uhl—6.

Noes: Supervisors Brown, McGowan, Mead, Meyers—4.

Absent: Supervisor Shannon—1.

Supervisor Brown thereupon changed his vote from No to Aye, and gave notice that he would move for reconsideration at the next meeting of the Board.

There followed a series of objections concerning Supervisor Brown's parliamentary right to "move for reconsideration at the next meeting of the Board."

At the meeting of July 1st Supervisor Brown, in accordance with his announced intention, moved reconsideration; the same objections were voiced at this meeting as at the meeting of June 24th, as to Supervisor Brown's parliamentary right so to do; the Chair sought, and obtained, a postponement of one week for the purpose of examining the record, and for the purpose of giving consideration to the parliamentary validity of these objections.

The first objection has to do with the right of Supervisor Brown to change his vote in order to be recorded with the prevailing side prior to serving notice that he would, later, seek reconsideration, it being alleged that the result of the vote had been announced prior to Supervisor Brown's change of vote.

There is no parliamentary merit to this objection.

The Chairman had not announced the vote. The Clerk had informed the Chair as to the result of the vote, but Robert's Rules of Order (which under Section 37 of the Rules of this body governs on any question or points of order not embraced in the Rules of the Board) definitely stipulates in Section 46 that "The responsibility of announcing or declaring the vote rests upon the chair." In the instant case, the Chair had not announced the vote, and no other announcement is of consequence.

The second objection raised against Supervisor Brown's right to seek reconsideration is based on the premise "that Supervisor Uhl had, at a previous meeting of the Board, sought and obtained reconsideration."

There is no parliamentary merit to this objection.

The duly approved Journal of Proceedings of the Board of Supervisors (Vol. 35, No. 18, pages 894 and 895) for Monday, May 6th, 1940, establishes that Bill 682, being properly before the Board for passage to second reading and, by vote of the Board, being refused passage to second reading, Supervisor Uhl changed his vote in order to be recorded with the prevailing side prior to serving notice that he would move for reconsideration at the next meeting of the Board.

The duly approved Journal of Proceedings of the Board of Supervisors (Vol. 35, No. 19, Pages 915 and 916) for Monday, May 13th, 1940, establishes that "following motion by Supervisor Uhl, given pursuant to his change of vote at the previous meeting, for reconsideration of the

action whereby the foregoing bill was refused passage for second reading." The motion was passed by a vote of 7 to 4.

What was being here reconsidered?

Section 12 of the Rules of this Board provides:

"When a motion has been made and carried, or lost, it shall be in order for any member voting with the prevailing side to move to 'reconsider the vote' on that question."

The motion at the meeting of May 6th was that Bill 682 be passed for second reading. That motion was lost, and Supervisor Uhl sought, and subsequently obtained, reconsideration of the vote on that question, that is to say, the question of passage to second reading.

Supervisor Brown now seeks reconsideration of an entirely different question—a question of greater importance—the question of final passage.

As to Supervisor Brown's parliamentary right to seek reconsideration there can be no question, and I so rule.

Wholly apart from the parliamentary situation, however, a question arises as to the legal right of the Board to grant reconsideration.

The advice of the City Attorney should be sought on this aspect of the problem.

In order to safeguard the record I am submitting this question, without prejudice, for the consideration of the Board, and for such action as the Board may deem proper.

I have supplied a copy of this communication to the City Attorney in order that he may be aware of the problem in the event that the Board seeks his advice.

Here is the problem:

The Mayor's letter of May 29th, which resubmitted Bill 682 to the Board, concludes with the paragraph: "This request for reconsideration is made under Section 14 of the Charter."

The pertinent portion of that section of the Charter reads as follows:

> "Any proposed resolution or ordinance voted on by the Board of Supervisors and failing of passage shall be reconsidered by the Board on the written request of the Mayor stating his reasons therefor, filed with the Clerk of the Board by the Mayor within ten days of the Board's action on such resolution or ordinance. The Board shall reconsider such measure at its convenience, but not later than thirty days after the filing of the Mayor's request therefor."

The Board gave detailed consideration to the Mayor's written request for review of the subject. At each regular meeting of the Board, following the filing of the Mayor's request, the matter was discussed at length by the Board. On June 24th, the fourth time that the Mayor's request was considered by the Board, the Board, first by a majority vote, rescinded its prior action in refusing final passage to the measure, and then, by a majority vote, accorded final passage to the measure.

If the quoted language of Section 14 of the Charter means, in the instant case, that not later than June 28th, 1940 (that date being thirty days after May 29, 1940) the Board was under compulsion to finally and conclusively dispose of the Mayor's request, then it would seem that neither the Rules of the Board nor the parliamentary privilege of any member, or group of members of the Board, could be invoked to permit further consideration of the subject.

Respectfully submitted,

WARREN SHANNON,
President of the Board of Supervisors
of the City and County of San Francisco.

Opinion by City Attorney

Mr. John J. O'Toole, City Attorney, ruled that President Shannon was correct in his interpretation of Section 14 of the Charter, and regardless of the parliamentary right to seek reconsideration, such reconsideration must be had within the thirty day limit set up in the Charter. Since further reconsideration, as requested, would delay final action of the proposed ordinance, that legislation could not, in accordance with Charter provisions, be permitted.

In reply to Supervisor Brown's opinion that after reconsideration, at the request of the Mayor, the action of the Board should have been on Passage for Second Reading, the City Attorney confirmed the opinion expressed at a previous meeting, that the action of the Board was properly on Final Passage.

Thereupon, in accordance with the ruling, and the opinion of the City Attorney, Supervisor Brown, although he did not agree with the City Attorney, announced he would not press his motion for reconsideration. He suggested, though, to those interested in the matter, that the procedure was marked by looseness, at least, and there might be a remedy for the situation.

Re-referred to Committee

The following recommendation of the Judiciary, Legislative and Civil Service Committee, heretofore passed for Second Reading, was taken up:

An Ordinance Regulating and Defining Leaves of Absence for Employees of the City and County of San Francisco While Engaged in the Performance of Military or Naval Duty Under Competent Orders.

(Series of 1939)

Bill No. 755, Ordinance No. ....., as follows:

An ordinance regulating and defining leaves of absence for employees of the City and County of San Francisco while engaged in the performance of military or naval duty under competent orders.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Any officer or employee of the City and County who is a member of the National Guard or Naval Militia of the State of California or a member of the reserve corps or force in the Federal military, naval or marine service of the United States shall be entitled to leave of absence from his position while engaged in, and while going to and returning from, military or naval duty under competent orders. Military or naval duty considered in this ordinance shall be duty under competent orders, whether required service to which the employee must submit or service necessary to maintain military status, or of a voluntary nature requested of the employee or for which application was made by him.

Section 2. If the employee or officer has been in the employ of the City and County for one year or more continuously prior to the date upon which such leave begins, he shall be allowed his regular salary or compensation during such leave, but in no event shall he be paid during such leave for more than thirty (30) days in any calendar year. If such officer or employee has been in the employ of the City and County for less than one year, the leave granted under this ordinance shall be without pay.

Section 3. The Civil Service Commission of the City and County of San Francisco may require proof of performance of military or naval duty as defined in this ordinance, either by presentation by the officer or employee of properly certified copies of competent orders or such other proof as shall be deemed necessary, and the Civil Service Com-

mission may adopt such rules as it shall deem necessary to carry out the provisions of this ordinance.

Section 4. No such officer or employee granted a leave of absence under the provisions of this ordinance shall be subjected directly or indirectly by reason of such absence to any loss or diminution of vacation or holiday privilege or be prejudiced by reason of such absence with reference to promotion or continuance in office, employment, reappointment to office or re-employment.

Privilege of the Floor

Mr. Charles Brennan, Chief Engineer, San Francisco Fire Department, requested an amendment to the foregoing legislation to exempt from the provisions thereof, with respect to voluntary military or naval service, members of the Fire Department. His department, should such leaves of absence be allowed, would be severely handicapped. The department would have no funds to pay substitutes for members on military leaves of absence. Neither is there any eligible list for temporary appointments. He believed such military leaves of absence, for voluntary service, should not be granted members of emergency departments such as the Fire Department or the Police Department.

Captain Arthur Layne, representing the Chief of Police, protested the passage of the ordinance without an exemption therein for members of the Police Department. He agreed with the statements made by Chief Brennan.

Thereupon, on motion by Supervisor Uhl, seconded by Supervisor Ratto, the foregoing bill was re-referred to the Judiciary Committee for further consideration.

Whereupon, Supervisor McSheehy, Chairman of the Judiciary, Legislative and Civil Service Committee, announced that his committee would meet on Wednesday, July 10, 1940, at 10 A. M., at which time the matter would receive further consideration.

94th Anniversary of the Capture of San Francisco—First Official Raising of the Stars and Stripes in San Francisco

Supervisor McGowan presented:

Resolved, That, in line with the growing spirit of San Franciscans to know and enjoy their historic background, it is resolved that the citizens of San Francisco be requested to take cognizance of the fact that tomorrow, July 9th, will be the 94th anniversary of the capture of San Francisco by the United States navy, Captain John B. Montgomery, commanding the sloop-of-war Portsmouth.

On orders from Commodore John Drake Sloat, commander of the United States fleet in Pacific waters, at anchor at California's old capital, Monterey, which he had captured July 7th, Captain Montgomery landed seventy sailors and marines at the foot of Clay Street, and to the stirring tune of fife and drums, marched to the Plaza. With cheers and salutes, 21 for the nation, they raised the Stars and Stripes on the old Mexican flagpole in front of the Customs House, announcing to the world that San Francisco, and California, was henceforth American territory.

The Stars and Stripes were raised at the Presidio soon after, the

Mexican Flag having flown in San Francisco since 1822. The Mexican war had begun on May 13th, but the fact was unknown on the coast. Commodore Sloat got his tip at Mazatlan from a disguised Yankee physician. He slipped out of port under cover of night, to outwit the English and French vessels keeping watch for something to break. War was in the air as it is today.

Tomorrow's memory of a historic day will bring into focus the happy relations that today exist between Mother Mexico and the United States, a memory of the fact that everything that started San Francisco and California came up from Mexico, our material things and things of the spirit, things of the field, of the home, of art and music, and books, and above all, Christianity.

Dr. Herbert E. Bolton invariably reminds his students that California culture comes up from the south of us, not from the Atlantic coast, as most of us have fondly believed.

LAURA BRIDE POWERS,
Chairman Old San Francisco History Committee.

On motion by Supervisor McGowan, ordered made part of the record, with special note calling attention to the fact that the foregoing matter was brought to the attention of the Board by Mrs. Laura Bride Powers.

Protesting Against Sale of Ferryboats by Southern Pacific-Golden Gate Ferries, Ltd.

(Series of 1939)

Supervisor McSheehy presented Resolution No. ....., as follows:

Whereas, The Southern Pacific-Golden Gate Ferries, Ltd., are reported to be about to sell six ferryboats to the representative of a Brazilian ferry company for the sum of $330,000; and

Whereas, These ferryboats, whose original cost was $3,500,000, were previously to the erection of the San Francisco-Oakland Bay Bridge and the Golden Gate Bridge used in transporting automobiles from San Francisco to Oakland and to Sausalito; and

Whereas, The Golden Gate Bridge, which cost approximately $32,000,000, was financed principally by the City of San Francisco, which assumed the responsibility of 85 per cent of the bonds; and

Whereas, In case of an emergency or accident of any kind which would prevent vehicular traffic from using the Golden Gate Bridge, it would be incumbent upon San Francisco to finance in its annual tax levy 85 per cent of all obligations incurred by the said $32,000,000 bonds; now, therefore, be it

Resolved, That the President of this Board be and he is hereby requested to appoint a committee of three members of this Board of Supervisors, which committee shall be empowered to gather all data pertinent to the proposed sale of these ferryboats and its possible effect on the welfare of the residents of the Bay Region, and to forward telegrams to the Navy Department of the United States and to Culbert L. Olson, Governor of California, in protest against such sale, particularly at this time when retaining these ferryboats as a standby service for the Golden Gate Bridge will play an important part in Bay Region defenses, and when the maintenance of such standby service will forestall any possible increase in San Francisco's tax rates due to disruption of Golden Gate Bridge service.

Be It Resolved, That Sunset Post No. 400, American Legion, through the San Francisco County Council, request the Board of Supervisors to devise ways and means to provide these squads with white raincoats, white hats, and white rubber boots, and to set aside a suitable fund for the maintenance of this equipment annually.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

TUESDAY, JULY 9, 1940, 3:00 P. M.

In Board of Supervisors, San Francisco, Tuesday, July 9, 1940, 3:00 P. M.

The Board of Supervisors met pursuant to recess of Monday, July 8, 1940, to sit as a Board of Equalization and heard all applicants who had filed petitions for corrections or reduction of assessments on their property as shown on the assessment roll for the fiscal year 1940-1941.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Shannon—7.

Absent: Supervisors Colman, Roncovieri, Schmidt, Uhl—4.

Quorum present.

President Warren Shannon presiding.

Supervisors Colman and Schmidt excused.

Supervisor Uhl on leave of absence.

Supervisor Roncovieri was noted present at 3:45 P. M.

Supervisor McSheehy, seconded by Supervisor McGowan, moved a reduction of building assessment from $2,700 to $2,450.

Motion failed by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Shannon—5.

Noes: Supervisors Brown, Ratto—2.

Absent: Supervisors Colman, Roncovieri, Schmidt, Uhl—4.

Supervisor McSheehy, in commenting on the action just taken, stated he believed it should be the policy of the Board, with respect to any action that required six votes, when a quorum is not present, that such vote be deferred until there is a larger attendance.

Supervisor Brown stated that it has been the practice in the past that on the final day for consideration of applications, the attention of the Board be called to such votes as above, so that proper action can be taken.

Whereupon the Chair ruled that such would be the procedure.

Explanation of Votes

Supervisor Brown called attention to his vote on the foregoing application, reminding those present that San Francisco is facing a high tax rate, and this year it is most necessary that the tax burden be borne equally by all citizens. Supervisor Brown was not in sympathy with the practice of making small reductions in assessments unless all other tax payers are treated equally. There should be a very definite reason for granting of

any reduction in assessment, and without such definite reason any motion for individual reduction of assessments, he believed, would be but a frivolous motion.

Supervisor Ratto explained his vote, saying it was based on the recommendation of the appraisers. The assessment, the appraisers reported, was in due proportion to the assessments on other property in the neighborhood. If the assessment on this property should be reduced, the same reduction should be made on other property in the neighborhood.

Whereupon further consideration of Application No. 10 was postponed.

Ayes: Supervisors McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon—7.

Action Rescinded

Subsequently during the proceedings, President Warren Shannon called attention to the foregoing action of the Board, and suggested that the matter was of such importance that he believed it should receive more careful consideration than it had been accorded, and that possibly the foregoing action of the Board was a little hasty.

President Shannon thereupon presented and read the following communication:

PUBLIC UTILITIES COMMISSION
CITY AND COUNTY OF SAN FRANCISCO
OFFICE OF MANAGER OF UTILITIES

July 8, 1940.

The Honorable The Board of Supervisors,
City Hall,
San Francisco, Calif.

Gentlemen:

Please be advised that at the present time our estimated revenues from the operations of United Air Lines Transport Corporation through San Francisco Airport are as follows:

Landing Charges	$18,750
Floor Space in Administration Bldg.	.....
Lease Rental	.....
Total	$18,750

Under the terms of the new lease our estimated revenue will be as follows:

Landing Charges	$25,200
Floor Space in Administration Bldg.	2,500
Lease Rental on Land and Hangar	6,500
Total	$34,200

This proposed lease is in accordance with the lease which your Honorable Board approved for Pan American Airways at Treasure Island and the estimated revenue is a very conservative statement.

If we do not take this opportunity to assure San Francisco of a payroll of approximately $1,300,000, covering a personnel of more than 500 men, we will undoubtedly lose most of the revenues mentioned to the Oakland Airport. The terms of this lease are higher than other major airports in the United States charge.

I strongly recommend to your Honorable Board that you approve the leasing of these 15 acres and the construction of a $350,000 hangar for United Air Lines, because if it is not approved, unquestionably our business will dwindle, Oakland's business will increase and eventually we will not have the service to San Francisco which this city should have. I especially request your favorable consideration of this matter because I believe that what San Francisco needs more than anything else is payrolls and this deal will produce a payroll of a minimum of $1,290,000 per year, in addition to a reasonable rate of return on our investment in cash to the City treasury.

May I say further that judging by the phenomenal growth of the air transport business throughout the United States, I believe that our $34,200 annual income will be doubled before three years have passed without any further investment on the part of the City.

Very truly yours,

EGC:B

E. G. CAHILL,
Manager of Utilities.

Proposed San Francisco Payroll

	Number	*Amount*
San Francisco Traffic and Publicity	22	$ 48,000
San Francisco Reservations	24	35,000
Mills Field Passenger Agents	13	18,320
Oakland: Pilots	30	172,800
Stewardesses	61	91,920
Division Office	13	66,700
Passenger Service	37	48,740
Other Ground Personnel	108	282,050
Proposed Shop Personnel	200	360,000
Proposed Seattle Pilots	30	166,800
Totals	538	$1,290,330

The above is the minimum amount of personnel and payroll for San Francisco as of June 1, 1941. There is no question in my mind but what this will probably be increased by 25 to 50 personnel at the time of the move.

Several of our personnel have already purchased or are building homes on the Peninsula. A good many more will purchase or build when we move.

In addition to the above payroll United Air Lines will spend annually between $25,000 and $50,000 on local purchases of supplies, etc., for the shops.

In addition to the monies being put up by the City for buildings on the San Francisco Airport is the intention of United Air Lines to spend approximately $170,000 in buildings which will immediately become the property of the City.

These figures in no way affect the moving of the Cheyenne shops. If these shops should be moved or partially moved to the bay area this would increase the above figures by approximately 250 employees with an annual payroll of approximately $350,000.

(Signed) S. V. HALL,
Vice Pres., Am. Air,
in Charge on Pac. Coast.

President Shannon, commenting on the proposed lease, pointed out that during the life of the lease, San Francisco would receive only $120,000 for facilities which would cost $350,000. Regarding the added employment expected as a result of the proposed lease, eighty per cent would live in San Mateo, and spend their money there. For those, and other reasons, he believed the Board should consider very carefully the entire matter.

Whereupon, Supervisor McSheehy moved that the Board rescind its action whereby the foregoing bill had been Passed for Second Reading.

Motion carried by the following vote:

Ayes: Supervisors McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon—7.

Absent: Supervisors Brown, Colman, Mead, Uhl—4.

Consideration Continued

Thereupon Supervisor McSheehy moved that the entire matter be made a special order of business for Monday, July 22, 1940, at 3 P. M., and that Mr. E. G. Cahill, Manager of Utilities, be invited to be present.

No objection, and so ordered.

Consideration Postponed

Requesting the President to Appoint Andrew A. Moran to United States Maritime Commission

(Series of 1939)

Resolution No....., as follows:

Whereas, On August 1, 1940, the resignation of Commissioner Edward

C. Moran, Jr., of the State of Maine, as a member of the United States Maritime Commission, will become effective, and a concerted effort is being made from San Diego to Seattle to persuade the President of the United States to name to that commission Andrew A. Moran, a San Franciscan, whose experience, ability and knowledge of world and local maritime problems are recognized and respected by all persons familiar with maritime commerce on the Pacific Coast; and,

Whereas, The Pacific Coast, comprising one-third of the entire coast line of the United States, is predominent in Trans-Pacific steamship operation, and has increased in importance since the beginning of the present European war; and

Whereas, The urgent need for local representation on this important commission is warranted by many facts, including the following:

1. Shipping and shipbuilding conditions and problems on the Pacific Coast are at marked variance with those obtaining on the Atlantic and Gulf Coasts;

2. The millions of capital invested in the shipping industry and the thousands of skilled shipbuilding mechanics on this coast demand a voice in the deliberations of the United States Maritime Commission by actual membership thereon of a resident of the Pacific Coast;

3. Since the creation of the United States Maritime Commission in 1936 no member of that body has been a resident of any city farther west than St. Louis, Missouri.

Now, Therefore, Be it Resolved, That the Board of Supervisors of the City and County of San Francisco, in behalf of all San Francisco, does hereby respectfully request the President of the United States to appoint Andrew A. Moran, of this city, a member of the United States Maritime Commission, in order that the Pacific Coast may be represented by an executive whose familiarity with world ports and ocean commerce will secure and maintain rightful recognition and prestige for local ports; and be it

Further Resolved, That the Clerk transmit copies of this resolution to the President of the United States, and to the Senators and Representatives of Congress from California.

July 15, 1940—*Consideration of the foregoing Resolution was, on motion by Supervisor Shannon, seconded by Supervisor McGowan, postponed until July* 29, 1940.

terms and conditions of said operating permit dated February 9, 1931, so far as applicable.

The headway under which said automobile buses are to be operated over the streets herein described shall not be more than fifteen (15) minutes between the hours of 7:00 A.M. and 9:00 P.M. o'clock daily when street cars are not operated over said streets.

Section 7. All buses operated pursuant to the provisions of this ordinance shall be operated in accordance with the laws of the State of California and the ordinances of the City and County of San Francisco, and shall be provided with such safety devices for the benefit of the public as may be provided by the laws of the State of California or the ordinances of the City and County of San Francisco.

the Police Department shall designate other places for the receipt and discharge of said passengers.

Section 10. The grantee shall permit and allow all policemen and firemen of the City and County of San Francisco and all mail carriers in the employ of the United States Government, while in the discharge of their official duties, to ride on said buses without the payment of any fare or charge.

Service on Fillmore Street, between Broadway and Filbert Street, shall be abandoned.

Section 12. The permission to operate said automobile buses, as in this ordinance set forth, will more adequately serve the transportation needs of the public and the public interest will not be injured or suffer by the abandonment of street car service and the substitution of bus service therefor, as in this ordinance set forth, and such service will be in aid of the public service and convenience, and the Board of Supervisors hereby so finds.

Section 13. The grantee shall, before this ordinance shall become effective, file with the Clerk of the Board of Supervisors an acceptance of all the terms and conditions thereof.

Section 14. This ordinance shall be enacted and passed in accordance with the charter provisions governing the passage of ordinances, and, when so passed and enacted, shall be deemed to be the manner in which the rights herein granted and the powers herein exercised should be granted and exercised.

Section 15. All and singular the conditions contained in this ordinance shall be conditions precedent to the right of the grantee to exercise the privileges herein granted, and upon the failure of the grantee to observe said conditions, the City may revoke the privilege herein granted.

Privilege of the Floor

Mr. Henry S. Foley, representing Carmen's Union, on being granted the privilege of the floor on motion by Supervisor McGowan, opposed the foregoing legislation. He reminded the Board of suits to prevent establishment of transportation service by the Municipal Railway, and intimated that possibly the Market Street Railway was behind such suits. Mr. Foley urged that no more permits for the establishment of bus service be granted the Market Street Railway Company, if that company was backing suits against the city, and that the matter be re-referred to the Public Utilities Committee and an investigation of the situation be made.

Mr. Newton, representing the Market Street Railway Company,

outlined the plans of the company and its endeavor to give the people cross-town transportation from 18th and Castro streets, over Divisadero and other streets, into the Marina district.

Mr. M. J. Kelly, representing the Divisadero Street Improvement Association and the Central Council of Civic Clubs, urged the granting of the requested permit.

Supervisors Schmidt, McSheehy and McGowan both opposed Mr. Foley's suggestion for re-reference to committee, and urged the passage of the foregoing legislation.

Whereupon, the roll was called and the foregoing bill was *passed for second reading* by the following vote:

Ayes: Supervisors McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon—7.

Noes: Supervisors Brown, Colman, Mead, Uhl—4.

Protesting Against Sale of Ferryboats by Southern Pacific-Golden Gate Ferries, Ltd.

(Series of 1939)

Supervisor McSheehy presented Resolution No. ....., as follows:

Whereas, The Southern Pacific-Golden Gate Ferries, Ltd., are reported to be about to sell six ferryboats to the representative of a Brazilian ferry company for the sum of $330,000; and

Whereas, These ferryboats, whose original cost was $3,500,000, were previously to the erection of the San Francisco-Oakland Bay Bridge and the Golden Gate Bridge used in transporting automobiles from San Francisco to Oakland and to Sausalito; and

Whereas, The Golden Gate Bridge, costing approximately $32,000,000, was financed principally by the City and County of San Francisco, which assumed the responsibility of 85 per cent of the bonds; and in the case of an emergency or catastrophe of any kind which would preclude the use of the bridge by vehicular traffic, San Francisco would still have its bond obligations to meet, with no standby service to accommodate the traffic ordinarily using the bridge; and

Whereas, The maintenance of these six ferryboats as a standby service for the Golden Gate Bridge would safeguard the extensive interests of Northern California and the City and County of San Francisco by providing emergency transportation in the event of disrupted bridge service; now, therefore, be it

Resolved, That the President of this Board of Supervisors be and he is hereby requested to empower the Public Utilities Committee of this Board to gather all data pertinent to the proposed sale of these ferryboats and its effect on Northern California and the Bay Area in particular, and to forward telegrams to the United States Navy Department and Honorable Culbert L. Olson, Governor of California, protesting against such sale in view of the fact that retaining these ferryboats as a standby service for the Golden Gate Bridge will forestall a possible traffic tie-up and will play an important part in Bay Region defenses.

The Board of Supervisors of the City and County of San Francisco commends the United States Lines Company for its far reaching policy in assigning the S. S. Washington and the S. S. Manhattan to inaugurate luxury liner service between New York and California (stop) We also ask that the United States Lines Company shall follow that same policy of national defense by placing the S. S. America, the pride of the American merchant marine, in the intercoastal service, thus cementing American solidarity in this time of national awareness (stop) The people of the Pacific Coast are happy to again have the finest ships in the United States plying between New York and San Francisco (stop) The assignment of the S. An Ordinance Regulating and Defining Leaves of Absence for Employees of the City and County of San Francisco While Engaged in the Performance of Military and Naval Duty Under Competent Orders.
(Series of 1939)

Bill No. 797, Ordinance No....., as follows:

An ordinance regulating and defining leaves of absence for em-

ployees of the City and County of San Francisco while engaged in the performance of Military or naval duty under competent orders.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Any officer or employee of the City and County who is a member of the National Guard or Naval Militia of the State of California or a member of the reserve corps or force in the Federal military, naval or marine service of the United States shall be entitled to leave of absence from his position while engaged in, and while going to and returning from, miltary or naval duty under competent orders. Military or naval duty considered in this ordinance shall be duty under competent orders, whether required service to which the employee must submit or service necessary to maintain military status, or of a voluntary nature requested of the employee or for which application was made by him; provided, however, in the case of a member of the Police Department or Fire Department, request for leave of a voluntary nature requested of the employee or for which application was made by him shall be subject to the approval of the Police Commission, or the Fire Commission, respectively.

Section 2. If the employee or officer has been in the employ of the City and County for one year or more continuously prior to the date upon which such leave begins, he shall be allowed his regular salary or compensation during such leave, but in no event shall he be paid during such leave for more than thirty (30) days in any calendar year. If such officer or employee has been in the employ of the City and County for less than one year, the leave granted under this ordinance shall be without pay.

Section 3. The Civil Service Commission of the City and County of San Francisco may require proof of performance of military or naval duty as defined in this ordinance, either by presentation by the officer or employee of properly certified copies of competent orders or such other proof as shall be deemed necessary, and the Civil Service Commission may adopt such rules as it shall deem necessary to carry out the provisions of this ordinance.

Section 4. No such officer or employee granted a leave of absence under the provisions of this ordinance shall be subjected directly or indirectly by reason of such absence to any loss or diminution of vacation or holiday privilege or be prejudiced by reason of such absence with reference to promotion or continuance in office, employment, reappointment to office or re-employment.

Approved as to Form by the City Attorney.

Supervisor McSheehy, chairman of the Judiciary Committee, announced that it had been brought to his attention that the foregoing bill, if approved as presented, might work a hardship of some few city employees. His attention had been called to one particular case when an employee who had not yet completed a year in the service of the City and County, but who had been in the city's employ longer than six months. Accordingly he suggested an amendment in Section 2, of the proposed legislation, by deleting the words "one year" wherever those words appeared in that section, and substituting therefor, the words "six months."

Supervisor Ratto, however, opposed the amendment, stating he first desired to learn if such amendment would be acceptable to the Chief of Police and to the Chief of the Fire Department.

Whereupon further consideration of the matter was postponed awaiting information as to the views of the Chiefs of the Fire and Police Departments on the proposed amendment.

Subsequently during the proceedings Supervisor McSheehy announced that Chief Dullea and Chief Brennan were opposed to the proposed amendment, and he would, therefore, withdraw same.

Whereupon, the roll was called and the foregoing bill was *passed for second reading* by the following vote:

Ayes: Supervisors McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon—7.

Absent: Supervisors Brown, Colman, Mead, Uhl—4.

Question on passage for second reading.....

PUBLIC UTILITIES COMMISSION
CITY AND COUNTY OF SAN FRANCISCO
OFFICE OF MANAGER OF UTILITIES

July 8, 1940.

The Honorable The Board of Supervisors,
City Hall,
San Francisco, Calif.

Gentlemen:

Please be advised that at the present time our estimated revenues from the operations of United Air Lines Transport Corporation through San Francisco Airport are as follows:

Landing Charges	$18,750
Floor Space in Administration Bldg.	.....
Lease Rental	.....
Total	$18,750

Under the terms of the new lease our estimated revenue will be as follows:

Landing Charges	$25,200
Floor Space in Administration Bldg.	2,500
Lease Rental on Land and Hangar	6,500
Total	$34,200

This proposed lease is in accordance with the lease which your Honorable Board approved for Pan American Airways at Treasure Island and the estimated revenue is a very conservative statement.

If we do not take this opportunity to assure San Francisco of a payroll of approximately $1,300,000, covering a personnel of more than 500 men, we will undoubtedly lose most of the revenues mentioned to the Oakland Airport. The terms of this lease are higher than other major airports in the United States charge.

I strongly recommend to your Honorable Board that you approve the leasing of these 15 acres and the construction of a $350,000 hangar for United Air Lines, because if it is not approved, unquestionably our business will dwindle, Oakland's business will increase and eventually we will not have the service to San Francisco which this city should have. I especially request your favorable consideration of this matter because I believe that what San Francisco needs more than anything else is payrolls and this deal will produce a payroll of a minimum of $1,290,000 per year, in addition to a reasonable rate of return on our investment in cash to the City treasury.

May I say further that judging by the phenomenal growth of the air transport business throughout the United States, I believe that our $34,200 annual income will be doubled before three years have passed without any further investment on the part of the City.

Very truly yours,

EGC:B

E. G. CAHILL,
Manager of Utilities.

Proposed San Francisco Payroll

	Number	*Amount*
San Francisco Traffic and Publicity	22	$ 48,000
San Francisco Reservations	24	35,000
Mills Field Passenger Agents	13	18,320
Oakland: Pilots	30	172,800
Stewardesses	61	91,920
Division Office	13	66,700
Passenger Service	37	48,740
Other Ground Personnel	108	282,050

Proposed Shop Personnel	200	360,000
Proposed Seattle Pilots	30	166,800
Totals	538	$1,290,330

The above is the minimum amount of personnel and payroll for San Francisco as of June 1, 1941. There is no question in my mind but what this will probably be increased by 25 to 50 personnel at the time of the move.

Several of our personnel have already purchased or are building homes on the Peninsula. A good many more will purchase or build when we move.

In addition to the above payroll United Air Lines will spend annually between $25,000 and $50,000 on local purchases of supplies, etc., for the shops.

In addition to the monies being put up by the City for buildings on the San Francisco Airport is the intention of United Air Lines to spend approximately $170,000 in buildings which will immediately become the property of the City.

These figures in no way affect the moving of the Cheyenne shops. If these shops should be moved or partially moved to the bay area this would increase the above figures by approximately 250 employees with an annual payroll of approximately $350,000.

(Signed) S. V. HALL,
Vice Pres., Am. Air,
in Charge on Pac. Coast.

Discussion

Mr. John Sharon, representing the Public Utilities Commission, in discussing the proposed lease for portion of San Francisco Airport lands to the United Airlines, called attention to the rescinding of the action of the Board, at its previous meeting, whereby the foregoing Bill had been passed for second reading, and the subsequent continuation of consideration thereof, because of the thought expressed that the proposed lease rental on land and hangar, of $6,500 annually, was inadequate on the investment of $350,000 for new hangar.

This proposed annual rental of $6,500, continued Mr. Sharon, represents 1.85% interest on $350,000, whereas, Airport Bonds were recently sold at an average interest rate of 1.63%. Even the average interest rate for the $2,850,000 Airport Bond Issue of 1938, is but 1.7%. In considering the proposed lease, it must be remembered that if the United Airlines should not move from Oakland and make San Francisco its western terminus, San Francisco would lose, not only the $6,500 annual hangar rental, but would lose, also, $2,500, estimated annual revenue for floor space in Administration Building, and a considerable portion of $24,700 for interest charges, the difference between what we now get, $15,450, and what we will get under this proposed lease, $34,200, each year, so it cannot be tied exactly into a fair interest charge. The Utilities Commission has been investigating this matter and negotiating with the United Airlines for one and one-half years to get the lines to move to San Francisco. Mr. Cahill and the manager of the airport have made several trips to Washington to obtain Federal aid in the improvement of the airport. The matter is now at a point where the Public Utilities Commission and the United Airlines have arrived at a basis for an agreement which will permit the city to expend $350,000 for a building, which, however, will not be adequate for their needs. Due to other necessary improvements, the development of the field, runways, and reclaiming land, this $350,000 will be all the money left for the building of the hangar. The United Airlines will spend some $170,000 for buildings, which will be immediately deeded to the city. Another thing that appeals to us is this: if we get the United Airlines to move to San Francisco,

we will get more than 500 employees, with an annual payroll of approximately $1,300,000. As to whether the airport is self-sustainting, that is not in the cards. No airport in the United States is self-sustaining. However, we have tried to make as advantageous lease as possible, and we are getting all that the traffic can bear.

In reply to question by Supervisor Uhl, Mr. Sharon advised the Board that no taxes could be assessed by San Mateo County against the improvements contemplated at the airport. Under the state law, cities do not pay taxes on improvements. However, taxes must be paid on property that was taxable at the time it was acquired.

As to the new employments, Mr. Sharon, in answering Supervisor Uhl, stated the employees would be stationed at the airport. Where they would live, he did not, of course, know.

Mr. Alfred J. Cleary, Chief Administrative Officer, addressed the Board, recommending that bids be called for for the lease of portion of Mills Field. As to the residence of those who would receive employment, following the execution of the lease, he believed it to be self-evident that when San Francisco can get a payroll of $1,200,000 a year, immediately adjacent to the city, it would be poor policy to refuse to direct the Director of Property to call for bids. For that reason he recommended that the Board give favorable consideration to the proposed legislation. The company has made an informal agreement with the Director of Utilities, and the proper procedure would be for the Board to direct the Director of Property to call for bids, and then analyze them. If the offer the United Airlines have made to San Francisco had been made to Los Angeles on the basis that Los Angeles donate the property to the company, Los Angeles would be glad to do so, in order to secure the payroll of $1,200,000.

Supervisor Uhl agreed to the statement by the Chief Administrative Officer, but stated he desired the record to show that Mr. Cleary believed the proposed lease to be an equitable one.

To which, Mr. Cleary replied that he did so believe.

Mr. Will Merryman, in discussing the proposed lease, stated he believed the basic facts with respect thereto had already been brought out. The Chamber of Commerce, he stated, has been working with the Public Utilities Commission for a long time in attempting to induce the United Airlines to bring this project to San Francisco. It knows, also, that attempts have been made to get these facilities in the southern part of the state. Aviation is still growing and it is still of basic importance to a city to have as many aviation facilities at its municipal airport as it can possibly get. Based on present growth it seems reasonable to assume that with the city entering into this lease with a practically guaranteed payroll of $1,200,000 annually, and with a practically guaranteed increased revenue to the city within a very few years, the payments from the United Airlines to the city will probably increase three or four times. At the present time, the United Airlines pays to the airport $18,750 a year. They are renting no space in the administration building, and no facilities in general. Under the proposed lease, with the new construction, the number of planes landing at the airport will be greatly increased. The landing charges will automatically be increased from $18,000 to approximately $25,000. In addition, the company will pay the city, through the years, $2,500 for floor space in the Administration Building, in addition to the $6,500. These are factors that should be considered. Based on the growth of commercial aviation, it is reasonable to assume that the figure of $2,500 will eventually be multiplied several times. Based solely on the amount that we would receive right now, we have: City will pay for improvements, money costing 1.62%, and will receive increased revenues of 4.41% on the same amount, or a profit of 2.79%. Regardless of how one might look at it, that would seem to be a very profitable business. The city is investing $350,000 in buildings and will receive the difference between

what it is now receiving, $18,750 and $34,200, or $15,450 a year, which is 4.41% of $350,000.

San Francisco, continued Mr. Merryman, is not the only competitor for the business of the United Airlines. Other cities would like to have it. It is quite apparent that if the Chamber of Commerce and the Public Utilities Commission had not worked jointly, over a long period of time, and if the facilities were available in the south, the south would undoubtedly be willing to make even a better deal than is being considered here, from a dollars and cents point of view.

In reply to question by Supervisor McSheehy, as to the reason for competition by Los Angeles and Oakland for the business of the United Airlines, Mr. Merryman again referred to the payroll of $1,200,000 resulting from this lease, and the possibility that part of the maintenance facilities now located at Cheyenne, Wyoming, might be brought here, which might add some 250 employees with a payroll of about $350,000 annually to the payroll already mentioned. The reason for immediate action is that at the present time, the understanding between the United Airlines and the Public Utilities Commission is on a tentative basis, and will so remain until the proposed ordinance is passed. The proposed building will be erected on "made" land, which will take considerable time. If the United Airlines are coming to San Francisco, they want to come as soon as possible, or they will have to arrange for facilities elsewhere. Delay might mean that the city would not get the airlines at all. The matter has been before the Public Utilities Commission for a year or more now. It has been considered and approved by the Finance Committee of the Board.

Following Mr. Merryman's remarks, and in reply to questions by Supervisor McSheehy, Mr. Sharon reported in detail on the development of the airport to date, and the city's expenditures, and federal aid in the airport's development. It is expected that further aid will be granted by the federal government toward the completion of the airport. At present the airport is costing San Francisco about $315,000, which includes the cost for bond interest and redemption. The total expense of the airport for the first eleven months of the last fiscal year, including $57,000 for depreciation, is estimated at $127,000. The net loss to the city is $68,000.

Mr. Andrew J. Gallagher, representing the Southern Promotion Association, addressed the Board briefly, endorsing the proposed lease.

Supervisor Colman believed the Board should enact the required legislation for closing the proposed deal at the earliest possible moment. It is a constructive, forward looking piece of business which will result very advantageously to the city. There is the opportunity to get some 500 people for San Francisco, with an annual payroll of $1,200,000, to settle here, or near the airport, and spend their money, or at least, a part of it here. It will mean the spending of a great deal of money for supplies necessary to the shops. The people of San Francisco are air-minded; they have supported bonds for the airport. With that as a background, San Francisco can with confidence enter into this deal. The actual return is the thing to look at. Aviation, as an industry, is still in its infancy and it is capable of a great deal of expansion. When that comes, San Francisco will be in a position to profit by it.

Supervisor Uhl, in expressing his views, stated he believed it was a great opportunity for San Francisco to have such a company located here. This industry will bring along other industries which will add to San Francisco's payroll. The Public Utilities Commission and the Chamber of Commerce endorse the proposal, as well as the Chief Administrative Officer and Mr. Gallagher, representing the Southern Promotion Association. Depending on the statements of these various proponents, he intended to vote for the proposed ordinance.

Supervisor Roncovieri, in recommending approval of the proposed

legislation, stated that there are many intangibles that will be a benefit to San Francisco. In addition to the $130,000 receivable over a twenty-year period, there will be landing charges of some $25,000 or more. There will be floor space rental in the Administration Building of $2,500. There will be employment for 538 persons, with payrolls amounting to $1,290,000, who will build their homes and live and spend their money here, or near the airport. In any case, much of their money will gravitate to San Francisco. This is one of the large companies of the world, which will bring many people to San Francisco, people, for the most part, who are of some means, who will spend money here and thus help the city as a whole. We cannot tell yet what that will mean to San Francisco, but everybody will benefit by the money that will be spent here. The actual amount of money to be spent by San Francisco today is $350,000, while the receipts will be about $480,000, based on landing charges received at the present time. However, we know, or feel, at least, that the receipts will actually be much greater than this estimate. For these reasons, Supervisor Roncovieri strongly recommended this investment in the future of San Francisco, and urged the Board to approve the proposed ordinance.

Supervisor McSheehy, after questioning Mr. Sharon as to receipts by the airport, other than from the United Airlines, stated he was considering the matter purely from a business standpoint. The city has purchased Mills Field under a ten-year purchase plan, and has invested about $5,000,000 there, to which the Federal government has added about $3,000,000. In the current year's budget San Francisco had to place $315,000 for bond interest and redemption. Our maintenance charges amount to about $68,000, making a total annual cost of about $383,000. Now it is proposed to lease a portion of our field for approximately $34,200. All we have regarding this proposed lease is a written statement from Mr. Cahill, showing estimated receipts from the United Airlines, and contemplated amount of money to be taken in otherwise by the airport. Should we, at this time, under these conditions, place $300,000 in our budget, which must be reflected in our tax rate? Supervisor McSheehy declared he did not think the city was making a good lease with the United Airlines. He believed the Public Utilities Commission should increase the rates charged for our airport facilities, so that the utility could be self-supporting.

However, in closing, Supervisor McSheehy stated, he intended to vote in favor of this proposal, but would not commit himself as to his vote when the matter was before the Board on question of final passage.

Whereupon, the roll was called and the proposed ordinance was *finally passed* by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Approved as to form by the City Attorney.

Discussion

Supervisor Colman, after explanation of the foregoing matter, suggested postponement of consideration thereof, and in the meanwhile, notify the Supreme Court that the Board of Supervisors had authorized the appointment of Mr. Feigenbaum to represent the Controller in the Purcell litigation. The passage for second reading of the proposed ordinance would not in any way convince the Supreme Court that the Board had approved the selection of counsel by the Controller, to represent him in the court proceedings.

Whereupon, Supervisor Colman, seconded by Supervisor Uhl, moved that the Board notify the Supreme Court it has already approved the selection made by the Controller for an attorney to represent him in the Purcell matter.

Point of Order

Supervisor McSheehy raised the point of order that the motion was not in order because it circumvents entirely the matter before the Board and is no part of the original matter.

Thereupon, Supervisor Colman changed his motion, and moved, as an amendment, that the Board notify the Supreme Court it has already approved the selection made by the Controller for an attorney to represent him in the Purcell matter.

Chair ruled the motion, as amended, was in order.

Supervisor McSheehy objected to the motion, as amended. The legislation, he pointed out, merely would provide for employment of counsel for the Controller. The Controller should be advised by an attorney in reference to the duties of his office, and has been advised by an attorney of his own choosing, for many years. Supervisor McSheehy urged the members not to approve the motion, but to permit the Controller to appoint an attorney to advise him, not only with regard to the Purcell matter, but to advise him and to represent him whenever necessary.

Supervisor Uhl expressed agreement with Supervisor Colman. By approving the proposed legislation, the Board would convince the Supreme Court that proper action had been taken regarding appointment of counsel for the Controller.

Supervisor Colman, in further argument in favor of his motion, repeated the thoughts previously expressed, stating that the appointment of Mr. Feigenbaum to represent the Controller in the Purcell matter had already received the approval of the Board, and the Supreme Court would be so informed. Voting for the proposed ordinance, on passage for second reading, would not conclude the matter. As to the matter before the Board, he wanted more information before voting on it.

Before calling the roll on Supervisor Colman's motion, the Chair announced that the motion was properly a substitute for the matter on the Calendar, rather than an amendment thereto.

Whereupon, Supervisor Colman announced that he would so change his motion, and move, as a substitute for the matter on the Calendar, that the Board notify the Supreme Court it has already approved the selection made by the Controller for an attorney to represent him in the Purcell matter. Change in motion agreed to by Supervisor Uhl, who seconded the motion as originally made.

Motion Failed

Thereupon, the roll was called and the motion *failed* by the following vote:

Ayes: Supervisors Brown, Colman, Uhl—3.

Noes: Supervisors McSheehy, Mead, Meyer, Ratto, Roncovieri—5.

Absent: Supervisors McGowan, Schmidt, Shannon—3.

Expressing Appreciation of Action of Congressional Representatives in Having United States Property on Mint Avenue Deeded to San Francisco for Street Purposes.

(Series of 1939)

Supervisor Uhl presented Resolution No. 1175, as follows:

Whereas, Pursuant to Resolution Nos. 856 and 998 (Series of 1939) of this Board of Supervisors, application was made by the Director of Public Works for the deeding and dedication of property heretofore known as Mint Avenue in the City and County of San Francisco for street purposes, since the United States Mint no longer requires said property in the operation of the Mint; and

Whereas, The City and County of San Francisco and numerous taxpayers are owners of real property on said street, and their interests would be seriously and adversely affected in the event the Mint property were sold to private interests; and

Whereas, Through the earnest and prompt action of our Congressional Representatives, Honorable Richard J. Welch and Honorable Franck R. Havenner, Public Law No. 712 has been passed by the United States Congress deeding and dedicating Mint Avenue to the City and County of San Francisco for street purposes; now, therefore, be it

Resolved, That this Board of Supervisors express its heartfelt appreciation to its Congressional Representatives in Washington for the prompt, business-like and efficient manner in which this important legislation was consummated.

Proposed Re-drafting of Rules of the Board

The following communication from President Warren Shannon was read by the Clerk:

July 17, 1940.

To the Honorable,
The Board of Supervisors,
City and County of San Francisco.

Gentlemen:

As a result of a problem concerning the parliamentary rights of one of the members of the Board, it became necessary for me to give detailed consideration to the rules of the Board of Supervisors.

In my study of the rules, I became more keenly aware than ever before that there should be a more clearcut and concise set of rules than the Board now has. The present rules of the Board are vague and conflicting. As Chairman of the Rules Committee of the Board, it will be my endeavor during the next few weeks to redraft, without making any change in the substance thereof, our present rules and when this is completed I will submit, for the consideration of the Rules Committee and for ultimate consideration by the Board itself, certain suggested changes.

It would be helpful in the extreme if any member of the Board who has any suggestions to make in connection with the existing rules would incorporate such suggestions in written form in order that every consideration may be given before the preliminary draft is submitted by me to the Rules Committee.

I request that this letter be incorporated in the proceedings of the Board for the meeting of July 22, and printed in the Journal of the Board of that date.

Yours very truly,

WARREN SHANNON,

President of the Board of Supervisors.

Referred to Rules Committee.

Complaint of Single Men on Relief Against Being Required to Go to Relief Camps or Being Cut Off Relief

Supervisor McSheehy presented and read to the Board, a note requesting hearing on the matter of sending single men on relief to relief camps.

Under his name on Roll Call, Supervisor Uhl again called up the matter, and at his request, Mr. Herbert Nugent, representing the Workers' Alliance, was granted the privilege of the floor.

Mr. Nugent, after outlining the situation with which single men on relief were confronted, made requests as follows: 1. Board to appoint committee to go before next meeting of the State Relief Commission, to be held in San Francisco; 2. Board to oppose the compulsory assignment to relief camps of single men on relief, and to find ways and means to provide food and shelter for such single men on relief who do not go to the relief camps.

Consideration Postponed

Whereupon, Supervisor Brown, seconded by Supervisor Colman, moved that consideration of the foregoing matter be postponed until Wednesday, July 24, 1940; that the Public Welfare Commission be requested to submit to the Board, on that day, a report on the matter; that Mr. Cooley, Director of State Relief Administration, and representatives of the Community Chest be invited to be present.

No objection and so ordered.

Dedication of Willamette Highway

Communication from his Honor, the Mayor, transmitting copy of his reply to invitation received from his Excellency, Charles A. Sprague, Governor of Oregon, inviting representatives from San Francisco to attend the dedication of the new Willamette Highway, in Oregon, was read by the Clerk.

Supervisor Colman, pursuant to suggestions contained in the Mayor's letter, moved that the Chair appoint a committee to attend the dedicatory exercises.

Whereupon, no objection being voiced, the Chair appointed Supervisors McSheehy, Mead and Schmidt to represent San Francisco at the dedication.

Correction of Calendar Re Committee Assignments

Supervisor Mead called attention to error in committee assignments, as printed in the Calendar of Matters, Board of Supervisors, wherein he is listed as Chairman of the Rules Committee and Supervisor Shannon is noted as Chairman of the Industrial Development Committee. The Chairman of the Industrial Development Committee, as announced by President Shannon on January 8, 1940, is, in fact, Supervisor Mead, and Supervisor Shannon is the Chairman of the Rules Committee.

Change noted and correction ordered.

Alameda County Fair

Supervisor Brown, pursuant to reading of letter received so inviting representation, moved that the Chair appoint a committee of Supervisors to attend the Alameda County Fair, at Pleasanton, on San Francisco Day, Saturday, July 27, 1940.

Whereupon, the Chair appointed Supervisors Brown, Ratto and Schmidt to represent the Board of Supervisors at the Alameda County Fair.

Recess

Whereupon, there being no further business, the Board, at the hour of 5:40 P. M., pursuant to motion earlier during the proceedings, recessed, to reconvene on Wednesday, July 24, 1940, at 3 P. M.

DAVID A. BARRY, Clerk.

WEDNESDAY, JULY 24, 1940, 3 P. M.

Approved as to form by the City Attorney.

Committee of the Whole

On motion by Supervisor Uhl, the Board resolved itself into a Committee of the Whole, Supervisor Mead to preside as Chairman.

Discussion

Mr. Ray Williamson, representing Mr. Sam Hables, Operator, in discussing the proposed license and regulatory ordinance for mechanical amusement devices, asserted that should the proposed matter be passed by the Board, 70 per cent of the mechanical amusement devices now being operated would be eliminated. It would be impossible for them to pay the proposed license fee of $60 per annum. The enforcement of the ordinance, as presented, would cost from $10,000 to $20,000 per year. For those reasons, he opposed the enactment of the proposed legislation.

Mr. Walter Duane, attorney, representing other operators, also opposed the enactment of the proposed ordinance. He supported the views expressed by Mr. Williamson.

Mr. Sidney Keiles, business representative of the Retail Cigar and Liquor Dealers Association, representing some 500 members, opposed the proposed legislation, feeling that the passage and the enforcement thereof would cause unemployment among his members.

Mrs. Thomas R. Best, representing Francis Scott Key Parent Teacher Association, and Mrs. George H. Bowman, representing San Francisco Second District Parent Teacher Association, objected to the proposed ordinances, or to any ordinances licensing or regulating mechanical amusement devices. Such games or devices, they contended, should be prohibited.

Mr. William McWhirter, representing himself, was opposed to the mechanical amusement devices themselves, but felt that the ordinance should be approved, thus, according to statements by attorneys, eliminating them.

Mr. A. J. Gallagher, former Supervisor, recited the efforts made about eight years previously to enact a similar ordinance. He urged enactment of the ordinances as presented.

Committee of the Whole Arises

All citizens present who so desired, having been heard, Supervisor Uhl moved that the Committee of the Whole arise.

No objection and so ordered.

Matter Taken in Hands of the Board

Whereupon, on further motion by Supervisor Uhl, the entire matter was taken into the hands of the Board.

Captain Michael Riordan, representing the Chief of Police, in reply to question by Supervisor Uhl, declared that the enactment of the proposed ordinance would require no increase in the personnel of the Police Department. Any illegal machines, or illegally operated machines would be noted in the future as they have been in the past, and proper steps would be taken.

Supervisor Uhl, seconded by Supervisor McSheehy, moved deletion of reference to Department of Electricity from the ordinance as presented.

Mr. Siggins, of the Department of Electricity, and Mr. Chas. Foehm, business manager of the Electrical Workers Union, opposed the motion.

Supervisor Colman objected to the proposed deletion, stating that since it had been written into the ordinance at the express request of the Chief of the Department of Electricity, and that no evidence had been presented that it would add materially to the cost of enforcement of the provisions of the ordinance, he would oppose any deletion thereof.

Whereupon the roll was called and the foregoiong motion failed by the following vote:

Ayes: Supervisor Uhl—1.

Noes: Supervisors Colman, McSheehy, Mead, Ratto, Roncovieri—5.

Absent: Supervisors Brown, McGowan, Meyer, Schmidt, Shannon—5.

Supervisor Uhl thereupon proposed an amendment to the proposed legislation, whereby all minors, under the age of twenty-one years, would be prohibited from playing the so-called pin ball games, and to accomplish that end he moved that a new section be drafted for that purpose.

Motion failed for want of a second.

Supervisor Uhl proposed a further amendment, reducing the amount of license fee to be imposed from $5 per machine per month to $20 per machine per annum, and to accomplish which, he moved that Section 309, Subdivision (b) be amended to read as follows:

(b) Each mechanical amusement device operated by coin or token representing more than one (1c), $1.75 per month.

Motion failed for lack of a second.

Explanations of Votes

Supervisor Colman, in explanation of his intended vote, stated he was in favor of the ordinance as presented, and would so vote. The ordinance provides means to obtain a substantial amount of revenue, and should be adopted. Amendments, if their need should develop after the enactment of the ordinance, could be made at any time. If the ordinance should prove confiscatory in any respect, it could, and would be amended. The ordinance, he believed, would be fair to all parties, and particularly so to the taxpayers.

Supervisor Roncovieri, in urging the enactment of the proposed legislation, announced that after some six months of intensive study, and preparation of five different drafts of proposed ordinance, the ordinance now under consideration had finally been whipped into shape. The City Attorney has approved it as to legality. Due to the anticipated extremely high tax rate for the current fiscal year, a rate which will be boosted even more should San Francisco lose the income from Hetch Hetchy generated electric energy, it is most important that the taxpayers be given the relief this ordinance will afford. This ordinance, it is estimated, will bring in some $250,000. Other ordinances contemplated will bring in additional revenue, amounting to from $600,000 to $800,000.

Continuing his remarks, and addressing himself particularly to Supervisor Uhl, Supervisor Roncovieri stated that should it develop that there is any virtue in the views expressed by him, he (Supervisor Roncovieri) would be the first to second a motion for amendment. However, it is absolutely necessary that the proposed ordinance be passed, not later than August 8, if it is to be effective in permitting a lowered tax rate during the fiscal year. This ordinance, together with others contemplated, will, it is believed, permit a decrease in the tax rate of about ten cents. We believe that during the next year, a larger amount will be realized.

Supervisor Uhl announced his intention to vote against the proposed ordinance, because he considered it to be confiscatory; because it did not afford proper protection to the young people of San Francisco

by prohibiting the playing of machines by minors under the age of twenty-one years; because of unnecessary regulation provided for by the Department of Electricity, which would decrease the revenues to be realized by the enactment of the ordinance.

Consideration Continued

Whereupon, Supervisor Colman moved, because of the great importance of the matter to the taxpayers of San Francisco, and the absence of several members from the Board, that further consideration be postponed until Monday, July 29, 1940, at 2:30 P. M.

Supervisor Roncovieri announced he would second the motion, if amended to provide for a "Call of the Board" for that time.

Supervisor McSheehy reminded the Board that he would be absent at the next meeting, due to his appointment to represent the Board at the dedicatory exercises for the opening of the newly constructed Willamette Highway, in Oregon.

Whereupon, Supervisor Colman amended his motion, moving that further consideration be postponed until August 5, 1940, at 4 P. M.

Motion seconded by Supervisor Roncovieri, and carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Ratto, Roncovieri—5.

Noes: Supervisors Schmidt, Uhl—2.

Absent: Supervisors Brown, McGowan, Meyer, Shannon—4.

Complaint of Single Men on Relief, Being Required to go to Relief Camps or Being Cut Off Relief

Privilege of the Floor

Mr. Herbert Nugent, representing Workers Alliance, was on motion by Supervisor Uhl, granted the Privilege of the Floor. Mr. Nugent, after outlining the situation confronting single men on relief, who do not go to relief camps, requested the Board to appoint a committee to appear at the meeting of the State Relief Commission, to be held in San Francisco, on behalf of these single men, and that in the meantime some method for immediate relief of these men be provided.

Whereupon, Supervisor Uhl agreed, with the authorization of the Board, to call on the Governor, at Sacramento, accompanied with Mr. Nugent, to inform the Governor of the situation and to enlist his cooperation in remedying same.

Whereupon, no objection being offered by the five members, actually in the Chambers during the discussion, Supervisor Uhl was so authorized to call on the Governor, with Mr. Nugent.

The following recommendation of his Honor, Acting Mayor Alfred Roncovieri, were taken up:

Occupational Licenses

Supervisor Roncovieri presented to the Board, copies of tentative draft of Proposed Occupational License Revenue Ordinance, and requested that hearing on same be set for Monday, July 29, 1940, and that in the meantime, members study same and present to the Board any suggestions they might have thereon.

Privilege of the Floor

Mr. Will Merryman objected to date proposed for consideration, stating that people affected would not have sufficient time to consider the proposal; that there were some 121 new classifications affecting 30,000 to 35,000 persons in San Francisco, and he urged that

dates be set for public hearings before Finance Committee rather than before the full Board.

Supervisor Roncovieri objected to suggestion by Mr. Merryman, and called attention to the fact that Mr. Merryman had received advance notice of the proposed ordinance. People represented by Mr. Merryman had been considered. Suggestions made by Mr. Merryman, at Finance Committee hearings, had received consideration, and in some cases were recommended to the Board by the Committee. He objected to any delay, or to further consideration by the Finance Committee.

Whereupon, on motion by Supervisor Roncovieri, seconded by Supervisor Colman, consideration was set for Monday, July 29, 1940, at 4 P. M.

ADJOURNMENT

There being no further business, the Board, at the hour of 6:40 P. M., adjourned.

Privilege of the Floor

Mr. Bradford Melvin, Attorney, on motion by Supervisor Uhl, was granted the privilege of the floor. Mr. Melvin repeated his previously expressed contention that the automatic phonograph was in fact a vending machine, vending music, and could not, therefore, be licensed for revenue.

Mr. A. Petry objected to the operation of electrical musical devices, holding that there should be some regulation. Their playing should be prohibited after midnight.

Mr. George Reilly, member of the State Board of Equalization, requested that Section 370 be amended. He recognized that the regulation of electrical musical devices is a local police function. It would be helpful, however, to the State Board of Equalization to have some control over machines that are installed in premises licensed by that Board. His Board should have the right to protest against those devices when protests are received from the general public. Mr. Reilly thereupon, suggested the insertion in the fourth line of Section 370, after the word "any", of the words "state or municipal" and the deletion of the first word in the next line, "thereof." With such amendment proper regulation of the machines would be allowed to the discretion of both local and state authorities.

Thereupon, on motion by Supervisor Uhl, the proposed amendment was accepted.

Supervisor Uhl moved that Paragraph 3, of Section 351 be deleted.

He argued that the provision set forth in the preceding paragraph, requiring connection of machines with but six feet of approved electric cord afforded sufficient protection against electrical or fire hazard. He would object though to wring permitting the installation of loud speakers at locations in premises, outside the phonograph itself.

Mr. Harold Gerber, Chief Assistant Electrical Inspector, objected to the proposed amendment, pointing out that it was not the installation of loud speakers, which required but a low voltage, but the improper installation of connections between the machines and electrical outlets, with the 110-volt current, which constituted a hazard.

The motion, however, failed for want of a second.

In reply to questioning by Supervisor Uhl as to justification of license fees proposed, Mr. Rosenthal explained that the accounts of six operators, controlling about 24.28% of the total number of machines operated, were examined. From these 437 machines, the cash retained by the operators, after payment to the location owners, amounted to $136,479.81. Cost of records, tubes, parts, etc., was $15,174.24. Cost of miscellaneous expense was $20,639.79, making a total operating expense of $35,814.03, leaving a balance of $100,665.78, or $230.35 per machine per year. Deducting for depreciation and obsolescence $42,960.11, leaves a total of $57,705.67, or $132.04 per machine, per year profit. Against this figure the operator can deduct for commissions to collectors and for salaries, any amount he desires to bring the net profit, or loss, to whatever amount he desires.

Whereupon, Mr. Melvin, commenting on the analysis just presented, stated he believed the license tax proposed could not possibly be justified.

Thereupon, Supervisor Uhl moved that the entire matter be re-referred to committee.

Motion failed for want of a second.

Supervisor Roncovieri re-reminded the Board of the necessity of an early fixing of the tax rate for the current fiscal year, and the consequent need of passing the foregoing Bill not later than August 8, if it is to become effective in time to afford any relief to the taxpayer during the current year.

Supervisor Uhl, seconded by Supervisor Meyer, moved to amend Section 350, to provide for a yearly license fee of $6 per machine, instead of $1 per machine per month.

Motion failed by the following vote:
Ayes: Supervisors Meyer, Schmidt, Uhl—3.
Noes: Supervisors Brown, Colman, Mead, Ratto, Roncovieri—5.
Absent: Supervisors McSheehy, McGowan, Shannon—3.

Explanation of Vote

Supervisor Uhl explained his vote, stating that if the ordinance is unfair, the only way to find that out would be by giving it a trial. However, he would not put himself in the position of opposing an ordinance that would give some relief to the taxpayers, but would insist that a check be made later on to determine whether or not the ordinance is fair. He would vote Aye on Passage for Second Reading.

Supervisor Mead expressed his views, announcing that if it should be found that the ordinance did work a hardship it could and would be amended by the Board.

Passage for Second Reading

Whereupon, the roll was called and the Bill providing for regulating and licensing electrical musical devices was passed for second reading by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Ratto, Roncovieri, Schmidt, Uhl—7.
No: Supervisor Meyer—1.
Absent: Supervisors McGowan, McSheehy, Shannon—3.

SPECIAL ORDER 4:00 P. M.
Occupational Licenses

Discussion

In presenting for consideration the subject of Occupational Licenses, Supervisor Roncovieri presented and read the following statement, which he had prepared in reply to the many protests received by him:

Gentlemen:

Your letter was received together with many others, all of them protesting haste and precipitate action by the Board of Supervisors in the matter of a proposed license for revenue ordinance.

You have been misled by very transparent propaganda which has no relation to the truth. It is perfectly clear that this is an attempt to stir up a drive to prevent the adoption of a new ordinance to take the place of the one that was repealed, regardless of how fair the new one may be.

Do you know that more than six months ago the Board of Supervisors repealed some 50 classifications of the twenty-year-old ordinance for the sole purpose of forgiving the payment of more than $1,000,000 of delinquent license taxes legally due the City and County?

Do you know that this was done by the Board of Supervisors in good faith on the pledged word of a representative of the Chamber of Commerce and others that they would not oppose the re-enactment of a fair license ordinance?

Do you know that almost immediately after the Board of Supervisors had repealed the old ordinance, a movement developed to violate this agreement?

An attempt is now being made to confuse and befog the issue by telling you that it is the intention of the Board of Supervisors to quickly force adoption of the proposed ordinance and deny a hearing to interested persons. Nothing is further from the truth. It is clearly apparent that some of those who pledged their word that they would not oppose the re-enactment of a fair ordinance, are surreptitiously trying to double-cross their promise.

There never has been any desire or intention to steamroller the proposed license ordinance to final adoption without first giving all interested parties an opportunity to be heard.

In evidence of this, the proposed ordinance was submitted by the Finance Committee on July 24th, in the form of a tentative worksheet for preliminary study and consideration by the Board of Supervisors, and the public, in order that final action may be taken by the Board not later than August 8th. Further, the proposed ordinance cannot be adopted by the Board of Supervisors until the City Attorney approves it as to form and legality. This has not yet been done. It should now be clear to you that we could not, if we would, (and certainly would not, if we could) so far forget our duty to the interested public as to attempt to force this proposed ordinance through to adoption without hearing from our fellow-citizens. It may interest you to know that during the drafting of the proposed ordinance, Mr. Merryman, Vice-President of the Chamber of Commerce was present at many of the conferences of the Finance Committee. This gentleman submitted the views and recommendations of the Chamber of Commerce all of which were carefully considered and some accepted. Among these was one which makes an important fundamental change that will benefit all concerned.

Furthermore, on or about July 17th, an advance copy of the proposed ordinance was given to Vice-President Merryman with the request that he bring it to the attention of all whom he represents.

In the spirit of fair play, I think you will agree from the above that there has been no attempt "to adopt blitzkrieg strategy and tactics" as one writer erroneously states, but probably has been falsely led to believe.

On the contrary, every proper and decent consideration has been given to all citizens who appeared at the Finance Committee hearings, as well as to every phase of the question.

Please be assured that every action and recommendation of the Finance Committee concerning this matter was arrived at fairly and honestly and with due regard to the public good.

In conclusion, I wish to point out that a license tax ordinance has existed in San Francisco for more than twenty years and that every city of any importance has a license tax ordinance.

The purpose and intention of this license tax ordinance is to spread the tax load so that revenues from licenses will reflect themselves in a lower tax rate on real and personal property. If this result is to be achieved in the present fiscal year, it is absolutely necessary that the proposed license tax ordinance be adopted for second reading on August 8th at the very latest.

Which do you prefer—a high tax rate on real and personal property, or a more equitable distribution of the tax burden?

In concluding, Supervisor Roncovieri stated that it was most evident from the many telegrams and letters received, that somebody was not playing fair in making the people believe that the Occupational License Ordinance was to be rushed to conclusion without hearing. The matter is not in completed form. It is only a work sheet. Before passage it must be put in proper form, be codified, and receive the approval of the City Attorney. Today the Board of Supervisors is being asked merely to sit as a Committee of the Whole, for as long as may be necessary, to hear all interested persons. Many reductions in fees are being proposed. The tax base has been broadened to include some 120 new classifications which have not heretofore been licensed. The new classifications are due largely to presentation made by the San Francisco Real Estate Association. As to the fees proposed, the Finance Committee has no desire to force its views on anyone. If they are too high as presented, they can be reduced.

Mr. Andrew J. Gallagher inquired as to the origination of the proposal to impose a license fee on spur tracks, to which Supervisor Roncovieri replied that no hearing had been held on that matter, and the proposal was developed in committee.

Committee of the Whole

Thereupon, Supervisor Roncovieri, seconded by Supervisor Uhl, moved that the matter of Occupational License Ordinance, as presented, be taken up by the Board, sitting as a Committee of the Whole, and that the public be given an opportunity to express its views thereon.

So ordered, after brief discussion.

Before the privilege of the floor was granted to citizens, Supervisor Brown stated that the proposed legislation had not received the City Attorney's opinion, and he believed that time could be saved in the discussion thereof if it should be referred to the City Attorney, for his opinion, especially as to the legality of some of the provisions. He did not believe it to be in order for the Board to consider the matter before it had been put in proper form. However, he had no objction to an informal hearing, but he believed the Board should proceed with the hearing with the understanding that it was not in proper form, and no action could be taken until it had been so put in form and should have the approval of the City Attorney.

Thereupon, Supervisor Brown, seconded by Supervisor Schmidt, moved that at the conclusion of the day's hearing, the entire subject be referred to the City Attorney for his opinion as to the legality of each section thereof.

Supervisor Roncovieri opposed the motion because of the waste of important time. Discussion could be had, policies agreed on, proposed fees fixed, and the approval of the City Attorney obtained before actual

passage by the Board. The ordinance, he again stated, to be of any benefit to the taxpayer during the present year, must be passed by August 8th.

Supervisor Colman also objected to the motion. He believed many points could be considered prior to the City Attorney's approval. He, too, as well as others, had received many telegrams and letters of protest not necessarily against the fees that are being considered, but against hasty action, without proper consideration. That objection will be met and hearings will be held. The proposed license ordinance is merely to widen the tax base and include more people in the payment of taxes. The amount paid to run the government will be the same whether this proposed ordinance is passed or not. The only question is the relief to the real estate owner.

Agreement for Recess and Continuation of Consideration

On motion by Supervisor Colman, the Board agreed to meet until 6 P. M., at which time it would recess, to reconvene on Tuesday, July 30, at 10 A. M., to continue its consideration of the proposed occupational license revenue ordinance.

Privilege of the Floor

Supervisor Uhl renewed his request, previously made, that Mr. Will Merryman be granted the privilege of the floor.

Whereupon, Mr. Merryman replied to statements by Supervisor Roncovieri, stating that Supervisor Roncovieri evidently was misinformed as to facts, even concerning the deliberations of his own committee. He reviewed the history of the entire controversy, and objected generally to statements by Supervisor Roncovieri. He objected to what he termed subterfuge, the proposal to compel certain classifications to obtain permits in order to impose certain license fees on them. Many provisions of the proposed ordinance are contrary to charter provision, he declared, and the City Attorney would undoubtedly so tell the Board. Contrary to the views expressed by Supervisor Roncovieri, Mr. Merryman held that from July 29 to August 8, to consider such an important measure, would mean undue haste. He believed, too, that once enacted, it would be practically impossible to amend the ordinance, and for that reason, it should be absolutely correct before enactment at all. He objected to the creation of an "employee" basis on which to fix the amount of tax. After further general objections, he stated that he believed all the people affected desired was fair consideration of everything involved, and requested re-reference to committee for further consideration and public hearings. He believed the people were entitled to further hearings. He believed the ordinance should be carefully considered by the City Attorney. And that the people should have a final hearing on the ordinance, in its completed form, before it should be sent to the Board.

Mr. Merryman, in reply to questioning by Supervisor Uhl, stated that he considered the promise of cooperation in the consideration of a new license ordinance, had been fulfilled.

Supervisor Uhl, after discussing the proposed measure briefly, agreed that a reasonable occupational license ordinance was in order, but felt it should be given proper consideration by the Board, sitting as a Committee of the Whole. However, he was absolutely opposed to certain provisions proposed.

Whereupon, the Chair ruled Supervisor Uhl out of order, stating that the present order was to hear from interested citizens.

Mr. Andrew J. Gallagher, representing the Southern Promotion Association, urged that spur tracks be not taxed, as proposed. He questioned the legality of such proposed tax.

Mr. Thomas Trodden, representing the San Francisco Garagemen's Association, objected to the proposed legislation. He declared the proposed fees to be not only unnecessary, but absolutely confiscatory in

many cases. His people believed that the question of licensing for revenue should be referred to the people.

Mr. Sylvester McAtee, representing the Atchison, Topeka and Santa Fe and the Southern Pacific companies, protested against proposed license tax on spur tracks. The tax would simply mean an added burden to business and industry in San Francisco and there is grave doubt whether or not the city has the right to impose such tax. Mr. McAtee questioned other provisions of the ordinance, declaring them to be ambiguous, and urged clarification before passage.

Mr. Charles R. Garry, representing Cleaners and Dyers, and Laundry Drivers, and Mr. Borden, representing printers of San Francisco, also opposed the proposed legislation.

Supervisor Brown, following the preceding presentation, moved that the Board rescind its previous action whereby it had agreed to recess at 6 P. M. and reconvene at 10 A. M. on Tuesday, July 30 to continue its deliberations. Motion seconded by Supervisor Meyer.

Supervisor Roncovieri objected to motion to rescind. He wanted the public to be heard by the full Board. The City Attorney, he reminded the Board, would not advise as to policy or as to amount of fees that should be set up.

Supervisor Schmidt expressed himself in favor of re-referring the entire matter to committee.

Supervisor Brown argued briefly in support of his motion, stating that the Board's previous action should be rescinded, after which the entire matter should be re-referred to committee.

Motion to Rescind Action Failed

Whereupon, the roll was called, and the motion to rescind the action whereby the Board had agreed to recess at 6 P. M. failed by the following vote:

Ayes: Supervisors Brown, Meyer, Ratto, Schmidt—4.

Noes: Supervisors Colman, Mead, Roncovieri, Uhl—4.

Absent: Supervisors McGowan, McSheehy, Shannon—3.

Re-referred to Committee

Requesting the President to Appoint Andrew A. Moran to United States Maritime Commission

(Series of 1939)

Resolution No....., as follows:

Whereas, On August 1, 1940, the resignation of Commissioner Edward C. Moran, Jr., of the State of Maine, as a member of the United States Maritime Commission, will become effective, and a concerted effort is being made from San Diego to Seattle to persuade the President of the United States to name to that commission Andrew A. Moran, a San Franciscan, whose experience, ability and knowledge of world and local maritime problems are recognized and respected by all persons familiar with maritime commerce on the Pacific Coast; and,

Whereas, The Pacific Coast, comprising one-third of the entire coast line of the United States, is predominant in Trans-Pacific steamship operation, and has increased in importance since the beginning of the present European war; and

Whereas, The urgent need for local representation on this important commission is warranted by many facts, including the following:

1. Shipping and shipbuilding conditions and problems on the Pacific Coast are at marked variance with those obtaining on the Atlantic and Gulf Coasts;

2. The millions of capital invested in the shipping industry and the thousands of skilled shipbuilding mechanics on this coast demand a voice in the deliberations of the United States Maritime Commission by actual membership thereon of a resident of the Pacific Coast;

3. Since the creation of the United States Maritime Commission in 1936 no member of that body has been a resident of any city farther west than St. Louis, Missouri.

Now, Therefore, Be it Resolved, That the Board of Supervisors of the City and County of San Francisco, in behalf of all San Francisco, does hereby respectfully request the President of the United States to appoint Andrew A. Moran, of this city, a member of the United States Maritime Commission, in order that the Pacific Coast may be represented by an executive whose familiarity with world ports and ocean commerce will secure and maintain rightful recognition and prestige for local ports; and be it

Further Resolved, That the Clerk transmit copies of this resolution to the President of the United States, and to the Senators and Representatives of Congress from California.

Providing for Relief to Non-resident Indigents

Supervisor Brown, reporting for the Public Welfare Committee, presented two matters that were before his committee at the request of the Public Welfare Department. The first matter concerns the granting of relief for people not able to qualify as residents of San Francisco in a strict interpretation of state law on the subject. There are some 300 cases unable to qualify for residence for relief purposes for whom the city has been caring. Those cases are receiving relief at the present time and will continue to receive relief until August 31st. The Public Welfare Commission points out that no provision has been made for these people and there is no likelihood that provision will be made during the balance of this year. The Commission requests the committee's concurrence in the request, that the privilege of paying relief funds to these people be extended until June 30, 1941. It is your Committee's recommendation to the Board that the Commission's request be granted and the necessary legislation be passed to permit such continuance of relief.

Passed for Second Reading

Whereupon the following Bill was taken up:

Emergency Relief for Non-Resident Indigents (Series of 1939)

Bill No. 810, Ordinance No....., as follows:

Amending Section 6 of Ordinance No. 121 (Series of 1939) entitled, "Providing for the Granting of Emergency Relief to Dependent Non-Residents of the City and County of San Francisco, defining certain terms used in this Ordinance, determining the amount and character of relief which may be granted to dependent non-residents and authorizing the Public Welfare Commission to administer said relief and to make rules and regulations regarding the granting of said relief and to incur, on behalf of the City and County of San Francisco, the cost of transporting non-resident indigents to another county, another state, a territory of the United States, or a foreign country."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 6 of Ordinance No. 121 (Series of 1939), the title of which is recited above, is hereby amended to read as follows:

Section 6. Any dependent non-resident who was, on the 15th day of March, 1939, receiving emergency relief through the Board of Supervisors of the City and County of San Francisco or through the Public Welfare Commission thereof, may, if the conditions on which the allowance of said relief was made have not changed, continue to receive said relief through the agency of the Public Welfare Commission until the 30th day of June, 1941, and the Board of Supervisors does hereby declare that such persons, as long as the conditions on which the granting of said relief were based have not changed, are entitled to emergency relief pursuant to the provisions of Section 2501 of the Welfare and Institutions Code, to and until the 30th day of June, 1941,

at which time it is presumed that due provision will have been made by the Federal Government or by the Government of the State of California for the care of non-residents who are entitled to emergency relief.

Passed for Second Reading by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

Absent: Supervisors McGowan, McSheehy, Shannon—3.

Transportation of Non-Residents to Their Former Places of Residence

Supervisor Brown thereupon, presented the second recommendation of the Public Welfare Committee, concerning the transportation of non-resident indigents to their former places of residence. The Public Welfare Commission requests that the language of the ordinance be amended to permit transfer of indigent persons without regard to residence, where such transfer should be undertaken. The Commission recommends such ordinance that would permit the transportation of indigents to another locality, even though they have acquired residence in San Francisco, when it is to the best interest of the City and County so to do.

Passage for Second Reading

Whereupon, the following Bill, on motion by Supervisor Brown, was taken up:

Transportation of Indigent Persons to Places Outside of the City and County of San Francisco

(Series of 1939)

Bill No. 811, Ordinance No....., as follows:

Providing for transportation of indigent persons to another county, or another state of the United States, or any territory of the United States, or any foreign country, when authorized by the Public Welfare Commission of the City and County of San Francisco and when to the best interest of said City and County and such indigent persons, or when such indigent persons have been offered support by relatives or friends residing in another county, or another state of the United States, or any territory of the United States, or any foreign country, and empowering said Public Welfare Commission to incur on behalf of the City and County of San Francisco the cost of such transportation.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whenever the Public Welfare Commission of the City and County of San Francisco shall ascertain that an indigent person is within the City and County of San Francisco and it is to the best interest of said City and County and such indigent person to transport such indigent person to another county, or another state of the United States, or any territory of the United States, or any foreign country, or when such indigent person has been offered support by relatives or friends residing in another county, or another state of the United States, or any territory of the United States, or any foreign country, said Public Welfare Commission is hereby empowered to authorize transportation of such indigent person to another county, or another state of the United States, or any territory of the United States, or any foreign country, and to incur the cost therefor on behalf of the City and County of San Francisco.

Passed for Second Reading by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

Absent: Supervisors McGowan, McSheehy, Shannon—3.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

Recess

Whereupon, the Board, the hour of 6 P. M. having arrived, recessed, pursuant to motion earlier during the proceedings, to reconvene at 10 A. M. on July 30, 1940.

DAVID A. BARRY, Clerk.

TUESDAY, JULY 30, 1940, 10 A. M.

The Board of Supervisors sitting as a Committee of the Whole reconvened pursuant to recess.

Consideration of Occupational License Ordinance Reference to City Attorney Proposed

Supervisor Uhl moved that the entire matter of Occupational License Ordinance be re-referred to the City Attorney for his attention and return to the Board of Supervisors at the earliest possible date.

Motion Ruled Out of Order

The Chair ruled the motion out of order until such time as the Board should sit as a Board of Supervisors.

Privilege of the Floor

Mr. William Merryman, having been granted the privilege of the floor suggested, as a matter of procedure, that those persons affected by provisions of the proposed legislation, the legality of which had been questioned, be not called for hearing until after an opinion from the City Attorney had been received concerning such provisions.

Supervisor Colman suggested that consideration be given to those classifications which were previously subject to license fees, and about which there could be no question as to legality.

Whereupon, the Chair stated that there must be some system, and order in the hearings, and suggested that the Board commence with the first classification on the page showing "Comparative License Fees" under the old ordinance, and under the new proposed legislation.

Mr. P. J. Kelly objected to the proposed procedure. He believed it unfair not to hear those persons whose names were presented to the Clerk at the previous meeting.

Mr. Irwin C. Easton, attorney, representing North Central Improvement Association, and speaking for himself, as well, as an attorney, agreed that there should be some tax, but believed that the people should be notified of hearings.

Supervisor Roncovieri discussed briefly the reasons dictating the change from a gross income basis to the employee basis. Apparently the employee basis was objectionable, and he invited suggestions as to any other basis that might prove more acceptable.

Mr. Ray Williamson questioned the motive prompting the proposed ordinance, and inquired as to the amounts desired to be realized, stating he understood it was intended merely to supplant the income lost by the repeal of the previous ordinances.

Mr. Borden, representing the printers, announced that none of those who were not subject to the old ordinance knew anything about the present proposals.

Mrs. Henno, representing veterinarians, expressed opposition to any license tax at all, feeling that the veterinarians were taxed sufficiently.

Mr. R. D. Carpenter, representing Retail Dry Goods Association, objected to the proposed ordinance. His people were doing some $60,000 a year, and employed about 10,000 people. They had not had sufficient time to study the effect of this measure on their business. The application of the 25 cents per month per employee was not understood. Of his own 600 employees, how many would be affected? Would he be required to pay that tax on each of them, or on only about 100 employees who were engaged in manufacturing lines of his business? How would that tax affect temporary employees? All these questions should be answered.

Supervisor Schmidt thereupon moved that the entire matter be referred to the City Attorney in order that it might be placed in proper form.

Whereupon, Supervisor Roncovieri replied that such motion was not necessary, since that would be done anyway immediately upon the return of the City Attorney to San Francisco.

Whereupon, Supervisor Schmidt changed his motion, and moved that the entire matter be re-referred to the Finance Committee in order that the Committee can have it placed in proper form.

Motion seconded by Supervisor Uhl.

Supervisor Uhl moved that the Board rise and report progress.

The Chair ruled the motion out of order while sitting as a Committee of the Whole.

Whereupon, Supervisor Uhl moved that the Committee of the Whole rise and report.

No objection, and so ordered.

Supervisor Roncovieri, after the Chair had dropped the gavel, objected to the motion, stating that there was nothing to report.

The Chair announced, however, that he had heard no reply when he had put the motion.

Supervisor Colman moved that the Board rescind its action, in agreeing to rise and report.

No second.

Reconvening as Board of Supervisors

Supervisor Uhl moved that the Board reconvene as a Board of Supervisors.

Motion *carried* by the following vote:

Ayes: Supervisors Meyer, Ratto, Schmidt, Uhl—4.

Noes: Supervisors Colman, Mead, Roncovieri—3.

Absent: Supervisors Brown, McGowan, McSheehy, Shannon—4.

Re-reference to Committee

Supervisor Schmidt, seconded by Supervisor Uhl, moved that the entire matter be re-referred to the Finance Committee in order that the City Attorney might be called in to put it in proper legal form so that

the citizens can intelligently study the ordinance and they can then give their reaction to the Finance Committee after being properly and duly notified.

Supervisor Colman opposed the motion, stating that the matter would have to be heard again by the Board, sitting as a Committee of the Whole. The matter does not need re-reference to committee in order for the City Attorney to put it into proper form. Nothing can be accomplished by re-refence to committee, except delay.

Privilege of the Floor

Mr. Sylvester McAtee, on being granted the privilege of the floor, suggested the necessity for certain definitions, or clarifications of definitions, among which are: Property management; Runways; and Outdoor Advertising.

Mr. Borden, representing printers, suggested that all the various classifications be considered before referring the ordinance to the City Attorney. There is considerable doubt as to whether the Board can impose revenue license tax on some of the classifications.

Whereupon, Supervisor Roncovieri stated that for twenty years there had been no question as to the right of the city to tax some 45 classifications. However, certain members of the Board appear to want to kill the entire matter; they do not want it.

Thereupon, the roll was called and the motion to re-refer the entire matter to committee was carried by the following vote:

Ayes: Supervisors Meyer, Ratto, Schmidt, Uhl—4.

Noes: Supervisors Colman, Mead, Roncovieri—3.

Absent: Supervisors Brown, McGowan, McSheehy, Shannon—4.

Supervisor Roncovieri, following the above roll call, announced that since the City Attorney is expected to return from Washington on Wednesday, the committee would consult with him, and would have his opinion as to the legality of the ordinance, and moved that the Board recess to meet at 2 P. M. on Thursday, August 1, 1940.

Motion failed for want of a second.

Thereupon, Supervisor Roncovieri announced that the Finance Committee would meet on Thursday, August 1, at 2 P. M. for the purpose of hearing those affected by the proposed ordinance, and especially those who were affected by the sections of the license ordinance which were previously repealed.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Proposed Amendment of the Raker Act

Supervisor Colman called attention to reported results of the visit of San Francisco's delegation to Washington, D. C. to consult with the Secretary of the Interior regarding the disposal of Hetch Hetchy generated electric energy. He proposed that the movement for the amendment of the Raker Act, which has previously been recommended by the Board, be again revived, and announced that he would, from time to time in the future, continue to bring the matter to the attention of the Board in the hope that the proposed amendment would receive the approval of Congress.

Street Widening in Marina District

Supervisor Ratto presented a petition from the Marina Merchants Association recommending the widening of several streets in the Marina District.

Referred to the Department of Public Works for study and report.

Sonoma County Fair

Supervisor Ratto presented communication from the Sonoma County

Board of Supervisors, enclosing season tickets to Sonoma County Fair, to be held at Santa Rosa, August 3 to 10, 1940, and moved that the Chair appoint a committee of three to represent San Francisco at that fair.

After brief discussion on motion, Supervisor Uhl moved as an amendment thereto, that the Chair appoint Supervisor Ratto, as a committee of one, to represent San Francisco at the Sonoma County Fair.

Whereupon, no objection being raised, the Chair appointed Supervisor Ratto, as requested.

Felicitation to Nathan-Dohrmann Company

Supervisor Uhl called attention to news item reporting the recent celebration of the Ninetieth Anniversary of the establishment of Nathan-Dohrmann Company in San Francisco, and moved that a congratulatory letter be sent to that company, expressing the good wishes of the Board for many more years of future prosperity to that firm.

No objection, and so ordered.

Meeting of State Relief Commission

Supervisor Uhl called attention to meeting of State Relief Commission to be held in San Francisco on Thursday, August 1, to consider relief matters. He reported, also, on his interview with the Governor regarding the sending of single men to relief camps, and suggested that a committee of three be appointed to represent the Board at this meeting of the Relief Commission.

No objection being voiced thereto, the Chair appointed Supervisors Uhl, Schmidt and Ratto to attend this meeting.

The following recommendation of the Finance Committee was taken up:

(Series of 1939)

Resolution No. 1196, as follows:

Supervisor Schmidt presented Resolution No. 1185:

Occupational Revenue License Ordinance

Privilege of the Floor

Mr. Will Merryman, immediately after first roll call and prior to considering any of the Calendar matters for the day, was, on motion, granted the privilege of the floor. Mr. Merryman reported briefly on meeting held in the San Francisco Stock Exchange Auditorium, on Thursday, August 1, 1940, at 10 A. M., at which a resolution was adopted, opposing the enactment of the proposed license tax ordinance under consideration, and calling for immediate study and investigation of the entire tax structure and the expense of carrying on the city government, in order that definite recommendations may be made for reduction of costs of municipal government and consequent reduction of tax rate without the imposition of new forms of taxation. In concluding his remarks, Mr. Merryman yielded the floor to Mr. R. D. Carpenter, who supplemented the remarks already made and presented and read to the Board the resolution above referred to.

Whereupon, Supervisor Roncovieri, Chairman of the Finance Committee, reported on the proposed license ordinance, stating that due to the press of important business, it would be impossible for the City Attorney to have his approval thereon before Thursday, August 8, at 10 A. M., and moved that the Board, at the conclusion of the day's business, recess, to reconvene at that time for the consideration of the ordinance that would then be presented. Motion seconded by Supervisor Mead.

Discussion

Supervisor Colman opposed further consideration of the entire matter, announcing that after study of the proposed measure, and in view

of the many protests received, he would no longer be in favor of enactment of the proposed ordinance. He believed the Finance Committee had had sufficient time in which to present to the Board any desired measure, and felt that no further time should be granted. As to the pledges made by those benefited by the repeal of sections of the license ordinance some seven months ago, that they would not oppose the enactment of a reasonable ordinance to replace that repealed, he stated that they had every right to change their minds. In conclusion, he stated that he believed it to be best for everyone if the entire matter should be dropped for the time being.

Supervisor Roncovieri, in reply to Supervisor Colman, announced that he would have a very definite proposal to present to the Board on Thursday. It cannot be offered at the present time because the City Attorney has been unable to give it his consideration. He disagreed with the thoughts expressed as to the change of mind by citizens now opposing the enactment of a new license ordinance, who had previously pledged their word that they would not oppose such re-enactment. Such disregard is not playing the game fair; it is not even honest. He urged that the matter be not dropped, but be considered fairly and passed by the Board in order to relieve the little taxpayer of some portion, however small, of a prospective heavy tax burden.

Supervisor Schmidt stated that while he appreciated the desire of Supervisor Roncovieri, he agreed with the remarks by Supervisor Colman. He could not go along with the Finance Committee. He did not believe the great majority of the taxpayers favored such a license ordinance as is being proposed, and he believed that the people should be asked if they favored a taxing of occupations and business. In concluding, Supervisor Schmidt moved as a substitute of the previous motion, that it be the sense of the Board that the Board goes on record tabling this entire matter.

Motion failed for want of a second.

Supervisor McSheehy, in discussing the matter, stated that although he agreed with Supervisor Schmidt, he could not second the motion because he believed it to be out of order at the time. He could not endorse Supervisor Roncovieri's motion for postponement, because he believed such postponement would serve no purpose and the situation would remain exactly the same as at present. He would gladly support Supervisor Schmidt's motion if the previous motion should be voted down.

Supervisor Uhl announced that if the motion for postponement should be voted on, he would go into the matter thoroughly and give his reasons for opposition to the enactment of the proposed ordinance. However, he believed it to be only fair to the Finance Committee that it should be allowed to present the entire matter, and he would vote for the postponement in order that the Finance Committee can present the matter to the Board instead of being accused later on of refusing to allow a hearing.

Supervisor McGowan announced that in voting for postponement, he was not committing himself to vote for or against the proposed license ordinance. He believed the Finance Committee had worked hard to prepare the ordinance, and should be heard, though.

Supervisor Colman cited as further reason for opposing the enactment which he had heretofore favored, a telegram received from the Bethlehem Shipbuilding Corporation, opposing the proposed ordinance, stating that the enactment of such an ordinance would drive industry away from San Francisco.

Supervisor Roncovieri, in reply thereto, complimented Supervisor Colman on his "splendid sophistry," bringing in the "Union Iron Works," who would not be affected a particle by the passage of the proposed ordinance. The chief worry, Supervisor Roncovieri stated, was the political pressure of some 200 firms and individuals.

Supervisor Meyer announced his intention to vote for postponement, although he was opposed to the ordinance itself.

Whereupon, the roll was called and the motion for recess and postponement was carried by the following vote:

Ayes: Supervisors McGowan, Mead, Meyer, Roncovieri, Uhl—5.

Noes: Supervisors Colman, McSheehy, Ratto, Schmidt—4.

Absent: Supervisors Brown, Shannon—2.

July 24 1940—*Consideration postponed until August* 5, 1940.

Amendments Proposed

Supervisor Uhl, prior to any general discussion on the foregoing legislation, announced that Mr. George R. Reilly, member of the State Board of Equalization, had requested an amendment to the Mechanical Amusement Ordinance similar to that which had been incorporated in the Electrical Musical Devices Ordinance. Pursuant to that request, Supervisor Uhl moved that Section 320 of the Bill as presented be amended by inserting in the fifth line thereof, after the word "any" the words "state or municipal" and deleting the word "thereof."

Motion failed by the following vote:

Ayes: Supervisors McGowan, Mead, Ratto, Uhl, Schmidt—5.

Noes: Supervisors Colman, McSheehy, Meyer, Roncovieri—4.

Absent: Supervisors Brown, Shannon—2.

Supervisor Uhl, thereupon, moved to amend the ordinance, by inserting therein a provision to prohibit the playing of mechanical amusement devices by minors under the age of 21 years.

Captain Michael Riordan, representing the Chief of Police, ques-

tioned the necessity or advisability of the proposed amendment. If the games were legal he could see no harm in permitting minors under the age of 21 to play such games.

Supervisor Colman, also, objected to the proposed amendment.

Motion failed for want of a second.

Privilege of the Floor

Mr. Ray Williamson, representing Mr. Sam Hables, operator of amusement games, was granted the privilege of the floor on motion by Supervisor Uhl. Mr. Williamson objected to the passage of the proposed bill, repeating in general the objections he had previously made. He again asserted that the passage of the ordinance as proposed would practically mean confiscation. Seventy per cent of the machines now operated would be put out of business. To refute objections made against report of the earnings of some seventy machines operated by his clients he reported in detail the locations and earnings of that same group of machines.

Supervisor Uhl objected to the proposed ordinance on the grounds that the expected revenue from the machines would not be realized; minors under the age of 21 would not be prohibited from playing the machines; the high tax proposed would drive the machines out of business.

Passage for Second Reading Refused

Thereupon, the roll was called and the foregoing ordinance was *refused passage for second reading* by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Ratto, Roncovieri—5.

Noes: Supervisors McGowan, Meyer, Schmidt, Uhl—4.

Absent: Supervisors Brown, Shannon—2.

Reconsideration

Before the result of the foregoing vote was announced, however, Supervisor Colman changed his vote from "Aye" to "No" and gave notice that he would move for reconsideration at the next meeting of the Board.

The vote then stood:

Ayes: Supervisors McSheehy, Mead, Ratto, Roncovieri—4.

Noes: Supervisors Colman, McGowan, Meyer, Schmidt, Uhl—5.

Absent: Supervisors Brown, Shannon—2.

Of American Citizenship Week, April 29 to May 5, 1940. (Series of 1939)

Supervisor Colman presented Resolution No. 1197, as follows:

Whereas, American Citizenship Week, celebrated in San Francisco during the week of April 29 to May 5, dramatically portrayed the unity of the American people and their essential faith in American democratic liberties; and

Whereas, American Citizenship Week, in so doing, demonstrated both the need for widespread education for American citizenship and a highly effective means for achieving that purpose; and

Whereas, The trend of public affairs, both domestic and international, has heightened the necessity for a renewal and intensive effort in the direction set by American Citizenship Week; now, therefore, be it

Resolved, That the Board of Supervisors request Honorable Angelo J. Rossi, Mayor of San Francisco, to name a committee of citizens to undertake preparations for the second annual celebration of American Citizenship Week in order that it may be made a more effective and more widespread demonstration.

Suspension of Operation of Injunction Against Present Disposition of Hetch Hetchy Power

Supervisor Colman called attention to editorial entitled "Why Not Do It Now, Mr. Ickes?" in the San Francisco Call-Bulletin of July 31, 1940, suggesting and urging that the Secretary of the Interior agree to a suspension of the injunction against the present method of disposition of Hetch Hetchy generated electric energy until June 30, 1941, and setting forth arguments in support of such suggestion.

After reading the above mentioned editorial to the Board, Supervisor Colman, seconded by Supervisor Uhl, moved that the Board of Supervisors request the Mayor to call the attention of the Secretary of the Interior to this editorial, and to do what he could in asking the Secretary of the Interior to accede to the request in the editorial, which request expresses the sentiment of an overwhelming majority of the people of San Francisco.

Supervisor McSheehy objected to the motion, and raised the point of order that the motion should be in form of a resolution, and should be referred to committee for proper hearing.

The Chair ruled the point of order not well taken.

Whereupon, Supervisor McSheehy appealed from the decision of the Chair.

Appeal failed for want of a second.

In discussing the motion, Sueprvisor McGowan stated that the matter had been brought to the attention of Secretary Ickes, and an extension of time until June 30, 1941, had been requested. The Secretary had declared thereto, that he did not believe the courts could grant a year's extension of time, since the agreement with the Pacific Gas and Electric Company had been declared illegal.

After discussion, Supervisor Uhl suggested the appeal be sent directly to the President of the United States.

Supervisor McSheehy, seconded by Supervisor Mead, moved that the motion be referred to the Joint Committee on Judiciary and Public Utilities.

Whereupon, upon further brief discussion, the roll was called and the motion for reference to Joint Committee failed by the following vote:

Ayes: Supervisors McSheehy, Mead—2.

Noes: Supervisors Colman, McGowan, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.

Absent: Supervisors Brown, Shannon—2.

Original Motion Carried

Thereupon, the roll was again called and the original motion *carried* by the following vote:

Ayes: Supervisors Colman, McGowan, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.

Noes: Supervisors McSheehy, Mead—2.

Absent: Supervisors Brown, Shannon—2.

Before the result of the foregoing vote was announced, Supervisor McSheehy changed his vote from "No" to "Aye" and gave notice that he would move for reconsideration at the next meeting of the Board.

The roll then stood:

Ayes: Supervisors Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

No: Supervisor Mead—1.

Absent: Supervisors Brown, Shannon—2.

to unemployment relief, health and sanitation, and education; and

Whereas, This influx of migrants has been stimulated in part by reason of the generous relief payments in California as contrasted to the principal states of out-migration; and

Whereas, The State Chamber of Commerce has appointed a Statewide committee on the migrant problem, whose report and recommendations have been adopted by the Board of Directors of the California State Chamber of Commerce; now, therefore, be it

Consideration of Proposed License Ordinance

The following communication was presented and read by the Clerk:

San Francisco, August 7, 1940

Honorable Members of the

Board of Supervisors:

Your Finance Committee offers for your consideration an ordinance providing for the licensing of various trades, callings and occupations for revenue purposes. If this ordinance is enacted, it will take the place of various ordinances repealed some months ago, bearing upon the same subject.

Your Finance Committee desires to call to the attention of the Board that since 1932 litigation has been pending throughout the various courts of the State as to the right of San Francisco under its present Charter to license for revenue purposes. The earlier litigation in the Superior Court was decided against the contention of the City, and from that time on few, if any, persons subject to the original license ordinance made any effort to pay the license tax demanded by the ordinance.

On October 26th of last year, after a vast amount of litigation conducted by the City Attorney, the Supreme Court of California held in the case of West Coast Advertising Company vs. City and County of San Francisco that the City had no right, under the present Charter, to license for revenue, and that the existing ordinances providing for the payment of such licenses were valid. This meant that the City would have the right to collect, for a period of three years preceding October 26, 1939, all licenses due under the existing license ordinance, together with the penalties which attach thereto for the nonpayment of such licenses.

I hardly need call your attention to the fact, for it is well known to each member of the Board, that when this condition was made known to the several delinquents, with one accord they descended upon this Board, and with one acclaim requested, aye, demanded, the repeal of the existing license ordinances, with no saving clause in the repealer, so that they would not be liable for the licenses long past due. Some of the delinquents gave positive assurance that there would be no objection to the re-enactment of a new revenue license ordinance, providing the licenses were reasonable, and others by their silence concurred in that statement.

The ordinance which your Committee now submits provides for the payment of licenses by those engaged in the several crafts, avocations and callings which were licensed under the old ordinance, and at a very much lower rate than was provided for in the old ordinance, and your committee feels that any objection to the passage of this ordinance, except that the objection be based on the unfairness of any particular license fee, is a breach of promises made and good faith expressed by those who have been opposing the adoption of a new ordinance. Licensing for revenue is not new in San Francisco. The original license ordinance was adopted in 1920, when burden of taxation on common property was far less than it is at the present time, and at the time the ordinance was enacted to relieve the burden on common property. That ordinance was sponsored by a Board of Supervisors that had sincerely the best interests of all the people of San Francisco at heart and for the purpose of equally spreading the burden of taxation. It well served its purpose until the adoption of the new Charter, and to a very considerable extent relieved the burden of taxation on common property.

It may not be amiss at this time to recall the names of the members of the Board of Supervisors that sponsored the license ordinance, for their very names will be sufficient to assure those of the present day that they were acting for the best interests of the City. The ordinance was passed by the following vote of the then membership of the Board: Bath, Deasy, Hilmer, Hynes, Lahaney, McLeran, McSheehy, Mulvihill, Scott, Shannon, Suhr, Welch and Wolfe.

"No" votes were registered by Supervisors Nelson and Power.

Supervisors Hayden, Powers and Schmitz were absent on the final vote.

Licensing for revenue in other cities is not deemed to be an unfair burden upon the individual. Los Angeles and Oakland levy a license tax on nearly every calling which exists in these cities. San Francisco cannot do this for the reason that there is a prohibition in our Charter against licensing those who deal in merchandise at a fixed place of business, unless such merchandise is subject to inspection under the police powers of the city. This provision does reduce to a very large extent the licenses which are levied in our sister cities and increases the burden of taxation on common property accordingly.

The ordinance submitted today has been prepared with the greatest of care and attention by your Finance Committee, and every interested person has been given an opportunity to be heard. True, your committee may not have been able to meet the objection of each particular objector, but to a large extent it has endeavored to meet the suggestions of interested parties as to the amount of licenses to be charged.

The ordinance has been approved as to form by the City Attorney, and at this particular time your committee desires to express its thanks and appreciation to Mr. Errol Rosenthal, of the Controller's office, who has worked most conscientiously and unselfishly, and who has made most extended research to the end that this ordinance might be fair to all persons interested.

Your committee recommends the enactment of this ordinance to the end that the owner of common property may, even to a small extent, be relieved from the heavy burden which now rests upon his property.

Respectfully,

THE FINANCE, REVENUE AND TAXATION COMMITTEE,

by Alfred Roncovieri, Chairman.

Approved as to form by the City Attorney.

Seriatim Consideration

On motion by Supervisor Roncovieri, seconded by Supervisor Mead, no objection having been offered, the foregoing Bill was taken up seriatim:

Section 84. Mercantile Agencies.

After reading by the Clerk, Supervisor Roncovieri, seconded by Supervisor Mead, moved approval.

Supervisor Uhl, however, objected to vote of approval on each section as read. He suggested that discussion should be had on the title, which set forth briefly the entire proposed ordinance.

The Chair ruled the suggestion out of order. No objection had been raised to the motion just carried, but even had objections been raised any Supervisor had the right to request seriatim consideration of any proposed legislation.

Privilege of the Floor

Mr. Merryman, on being granted the privilege of the floor, pursuant to request by Supervisor Uhl, stated that practically everyone present was interested not only in Section 84 which was up for immediate consideration, but was opposed to the entire ordinance. He believed discussion should be had on the entire ordinance, after which it could be decided if the ordinance as a whole should be approved. That procedure he believed would save time for the citizens present, as well as for the Board.

Thereupon, Supervisor Uhl, after expressing agreement with the views expressed by Mr. Merryman, moved that the Board rescind its action whereby it had agreed to take up consideration of the foregoing Bill, seriatim. Motion seconded by Supervisor Ratto.

Supervisor McGowan objected to the motion. The Board should read and consider the matter before it, and then decide whether or not it should be approved.

Supervisor Roncovieri expressed his appreciation for the fairness of Supervisor McGowan, and remarked that it was evident that those who did not want the public to know what was in the proposed ordinance were making a great mistake. He would insist upon his right to ask that each section be read and that any person present be permitted the right to express his views thereon.

Motion to Rescind Action Defeated

Thereupon, the roll was called on the motion to rescind the action whereby the Board had agreed to take up the entire matter seriatim, as follows:

Ayes: Supervisors Schmidt, Uhl—2.

Noes: Supervisors Colman, McGowan, McSheehy, Mead, Roncovieri—5.

Absent: Supervisors Brown, Meyer, Ratto, Shannon—4.

Motion failed.

Privilege of the Floor

Mr. Borden, representing Employing Printers; Mr. Irwin C. Easton, representing North Central Improvement Association; Mr. A. J. McChrystal, representing the Down Town Association, objected to Section 84, as read. The foregoing speakers all announced that their objections would apply to the balance of the ordinance, as well as to Section 84.

Thereupon Supervisor Roncovieri, seconded by Supervisor McGowan, moved that Section 84 be adopted.

Explanation of Votes

Supervisor Colman announced his intention to vote "No" on Section 84, and stated that his reason for so voting would apply to the balance of the ordinance. Citizens present understand that defeat of this measure will place the entire tax burden on real estate, and they prefer it to be that way. They feel that this ordinance, if adopted, will disturb business conditions in San Francisco. This ordinance, if enacted will save about $150,000 to the general taxpayer, a saving of about one-half of one per cent for the little taxpayer. For that small amount it is not good policy.

Supervisor Roncovieri commented briefly on statements just made by Supervisor Colman. If this license ordinance would disturb business conditions in San Francisco, why did not somebody wake up to that fact during the past twenty years when a much more severe ordinance was in existence. This ordinance is not new, except as to revision downward as to the rates. The revision was suggested by the Chamber of Commerce, and the committee has those recommendations in writing. Similar license taxes exist in every city of importance in the United States, but much more severe, generally. Supervisor Roncovieri reminded the Board of the work done by the Committee at its many meetings, day and night.

Supervisor Uhl was opposed to the proposed ordinance, and especially to Section 84, thereof, because he did not consider it to be fair. Many building owners and managers with whom he had talked wanted the tax base spread. This ordinance, to be fair, should cover all lines of endeavor.

Supervisor McSheehy explained his vote, saying that although twenty years previous he had voted for the former license ordinance, conditions have now changed, and he did not think it right to attempt to place this tax on people at the present time, in view of the uncertain conditions existing.

Section 84 Rejected

Whereupon, the roll was called, and motion to adopt Section 84 was defeated by the following vote:

Ayes: Supervisors McGowan, Mead, Roncovieri—3.

Noes: Supervisors Colman, McSheehy, Ratto, Schmidt, Uhl—5.

Absent: Supervisors Brown, Meyer, Shannon—3.

Section 102, Barber Shops.

Supervisor Roncovieri announced that the proposed rates for barber shops have been reduced and have been agreed to by the barbers.

Privilege of the Floor

Mr. A. Riviello, representing the barbers, announced that at the Finance Committee hearing the proposed rates had been conditionally agreed to, but it was with the understanding that every classification of business in San Francisco was to be taxed. However, as long as there are now only a few classifications in the proposed ordinance, and since only a small amount of money is expected to be realized, and because it would be a gross injustice to charge these taxes to but a few people, he would oppose this Section.

Section 103, Bootblack Stands.

After reading by the Clerk, motion by Supervisor Roncovieri, seconded by Supervisor Mead, failed by the following vote:

Ayes: Supervisors McGowan, Mead, Roncovieri—3.

Section 154, Dyeing and Cleaning Offices.

Privilege of the Floor

Mr. Samuel Cerf, representing the cleaners and dyers, expressed appreciation for the fairness of the Finance Committee. However, although the reduced rates as proposed had been agreed to him, representing his people, at a meeting held on Tuesday evening, August 6, 1940, in the Labor Temple, the Dyeing and Cleaning Union went on record unanimously opposing all license fees, believing such license fees tend to drive business from a city.

After reading by the Clerk, motion by Supervisor Roncovieri, seconded by Supervisor Mead, failed by the following vote:

Section 2 of Ordinance as presented. Saving Clause.

After reading by the Clerk, motion by Supervisor Roncovieri, seconded by Supervisor Mead, failed by the following vote:

Ayes: Supervisors McGowan, Mead, Roncovieri—3.

Noes: Supervisors Colman, McSheehy, Ratto, Schmidt, Uhl—5.

Absent: Supervisors Brown, Meyer, Shannon—3.

Explanation of Vote

Supervisor Uhl announced his intention to vote against the ordinance as a whole, because he believed it to be absolutely unfair to tax some businesses and not to tax all. He recommended that during the coming year the Finance Committee will study and report further on the entire matter.

Passage for Second Reading Refused

Whereupon the roll was again called and the proposed license ordinance was refused. Passage for second reading by the following vote:

Ayes: Supervisors McGowan, Mead, Roncovieri—3.

Noes: Supervisors Colman, McSheehy, Ratto, Schmidt, Uhl—5.

Absent: Supervisors Brown, Meyer, Shannon—3.

Supervisor McSheehy moved that the Clerk be instructed to have printed enough copies of the ordinance which the board had just considered, to send to all those citizens who had protested against the enactment thereof, so that they might know just what the Board had rejected.

Motion seconded by Supervisor Roncovieri.

Supervisor Colman, thereupon, announced that he had no objection to the motion, provided the people were also informed that the ordinance had come to the Board of Supervisors for the first time on this date, without any member of the Board or the public knowing what was in it.

Supervisor Roncovieri also requested that the public be told that the ordinance had been considered seriatim, for a period of about three hours, and that each section thereof was voted on as follows:

Ayes: Supervisors McGowan, Mead, Roncovieri—3.

Noes: Supervisors Colman, McSheehy, Ratto, Schmidt, Uhl—5.

Absent: Supervisors Brown, Meyer, Shannon—3.

No objection to motion, with suggested additions.

Supervisor Roncovieri requested that the record show that notice was given to all interested in a license for revenue ordinance that hearings would be held during three consecutive sessions. Such hearings were held and everyone who appeared was heard. Some of those heard admit that we have recommended reductions and thanked us for such reductions. Thereupon, Supervisor Roncovieri presented and read the following statement:

August 8, 1940.

Members of the Board:

Your Finance Committee offers for your consideration the same ordinance which was repealed some months ago, amended as requested by the Chamber of Commerce as to lower license rates and the omission of the gross income tax provisions. In its present form, approved by our City Attorney as to its legality, this ordinance represents exactly what the representatives of the Chamber of Commerce requested should be done during the hearings which the Finance Committee gave them.

The underlying purposes of a license for revenue ordinance is to relieve, in some measure, the heavy burden of taxation which otherwise must fall alone upon real and personal property. License ordinances are enacted for the sole purpose of relieving the real and personal property taxpayers from bearing the entire cost of City government. They are sound in principle, and every city of importance has a license ordinance.

I hesitate to believe that the Board of Supervisors was deliberately deceived by gentlemen who gave their word of honor that if the Board repealed the existing ordinance for the purpose of forgiving approximately a million dollars of delinquent taxes, they would not oppose the enactment of another ordinance of the same nature. Does anyone believe that the Supervisors would have repealed the ordinance in order to relieve these gentlemen from paying their delinquent taxes if they had suspected that the pledges were not made in good faith?

It is now clear that we should have collected the million dollars that these gentlemen, under the decision of the Supreme Court, owed the City. We must reluctantly admit that we were credulous, innocent babes in the woods when we repealed a twenty-year old ordinance after its legality was confirmed by the Supreme Court, solely to forgive the license taxes due from these gentlemen, on their pledged word that they would not oppose its re-enactment. The net result of all this skillfully engineered confusion is that the City treasury is approximately a million dollars short, which amount will have to be levied on real and personal property by increased taxes.

The Chamber of Commerce tells us that the license ordinance which is now proposed with lower rates, will drive industries away from San Francisco. I ask the Chamber of Commerce to name any city of importance that has no license ordinance. The Chamber of Commerce has gone on record by adopting a resolution opposing the re-enactment of any license ordinance. This is in direct violation of their word of honor that they would not oppose the re-enactment of a license ordinance if only the Board of Supervisors would release them from their legal obligations. The Board of Supervisors, in good faith, accepted their promises in the belief that they meant what they said.

Gentlemen of the Chamber of Commerce, you are making a serious mistake in violating your pledged word. I appeal to your sense of justice, fairness and honor to let this ordinance be re-enacted as you promised you would, when you benefited to the tune of one million dollars. I appeal to you to withdraw the high-pressure methods, by which you are attempting to influence such members of the Board of Supervisors as you believe you can sway from their path of duty to the real and personal property taxpayers, and to the City as a whole. Remember, gentlemen, that no other City in the United States gives business the freedom from being taxed as does San Francisco, which, by its Charter, prohibits the general licensing of merchants operating at fixed places of business.

Gentlemen of the Board, I ask you in all sincerity, is it fair to pass on to our real and personal property taxpayers the burden of the tax that should be paid by those who now oppose the re-enactment of this ordinance?

In conclusion, let me say that your Finance Committee has worked zealously and faithfully on this ordinance for the past six months under orders from this Board. We submit the case to you.

It now becomes the individual responsibility of each member of this Board to remember his election pledges to the people, viz., to keep the tax rate as low as is consistent with good government.

You can reduce the real property tax rate by adopting this ordinance. Will you do it?

A vote "aye" will reduce the coming tax rate; a vote "no" will increase the tax rate. Let your conscience be your guide!

Following the presentation of the foregoing Statement, Supervisor Roncovieri, in answering objections raised that the enactment of a license ordinance would drive business from San Francisco, stated that the firm of I. Magnin & Co., doing business in Los Angeles, as well as in San Francisco, had just completed a new $3,000,000 building in Los Angeles, and apparently were not intending to leave Los Angeles, although the license tax there was far more severe than that proposed for San Francisco.

Supervisor Ratto announced that because the statement just read was to be made part of the record, and since members of the Board were accused of being swayed by the Chamber of Commerce, he desired to state that the Chamber of Commerce had absolutely no bearing on his vote.

Supervisor Uhl referred to statement by Supervisor Roncovieri, as to a million dollars lost to the city. He objected to that statement, saying that there was involved but $150,000, less than two cents in the tax rate.

Mr. R. D. Carpenter, on being granted the privilege of the floor, denied that the Retail Dry Goods Association, which he represented, had ever made any pledge not to oppose the enactment of a license ordinance.

Mr. Will Merryman thanked the members of the Board who voted against the proposed license ordinance, and he believed that the citizens and taxpayers, business interests and property owners would agree with the action of the Board. He objected to statements made that the Chamber of Commerce had pledged itself not to oppose the re-enactment of a license ordinance if the previous ordinance should be repealed, and read from documents in his file in support of his statement. He objected, also, to the statement that those formerly licensed under the repealed ordinance had benefited to the extent of $1,000,000. All that was wiped from the books by the repeal was a contingent liability.

Mr. Borden, representing employing printers, announced that the action by his group was not influenced by the Chamber of Commerce or by anyone else.

Dedication of Newly Opened Willamette Highway

Supervisor Roncovieri reported on the dedication of the newly completed Willamette Highway in Oregon, and presented to the Board a proclamation by his Excellency Charles A. Sprague, Governor of Oregon, with respect thereto.

Proclamation ordered filed.

Privilege of the Floor

Mr. Percy Creed, representing the Bar Association, was on motion by Supervisor McGowan, granted the privilege of the floor. Mr. Creed stated that the San Francisco Bar Association wished to thank those members of the Board who had voted against the proposed license ordinance. The Bar Association also desired to thank the members of the Finance Committee, and especially the Chairman, for its fairness in listening to the proposals presented. The Bar Association did

pledge itself not to oppose the re-enactment of a new license ordinance, and kept that pledge to the letter, even refusing to vote in favor of the resolution presented at the last meeting of the Board, opposing any proposed license ordinance.

Presentation of Boy Scouts from Detroit

A group of Boy Scouts, from Detroit, visiting San Francisco on their tour of the western states, was presented to the members of the Board by Mr. Kane of the Mayor's office. In addressing the group, the Chair extended to the boys the best wishes of the members of the Board, and expressed, on behalf of the Board, the wish that their visit to San Francisco would be a most pleasant one.

ADJOURNMENT

There being no further business, the Board, at the hour of 12:30 p. m., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors August 12, 1940.

APPROVAL OF JOURNALS

The Journals of Proceedings of the meetings of July 29, July 30, August 5 and August 8, were considered read and approved.

The following matter was taken up:

Notice of Reconsideration

In Board of Supervisors, Monday, August 5, 1940:

Supervisor Colman, seconded by Supervisor Uhl, moved that the Board of Supervisors request the Mayor to call the attention of the Secretary of the Interior to an editorial entitled "Why Not Do It Now Mr. Ickes?" which appeared in the San Francisco Call-Bulletin, July 31, 1940, and to do what he could in asking the Secretary of the Interior to accede to the request in the editorial, which request expresses the sentiment of an overwhelming majority of the people of San Francisco.

Motion carried by the following vote:

Ayes: Supervisors Colman, McGowan, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.

Noes: Supervisors McSheehy, Mead—2.

Absent: Supervisors Brown, Shannon—2.

Before the result of the foregoing vote was announced, Supervisor McSheehy changed his vote from "No" to "Aye" and gave notice that he would move for reconsideration at the next meeting of the Board.

The roll then stood:

Ayes: Supervisors Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

No: Supervisor Mead—1.

Absent: Supervisors Brown, Shannon—2.

Question

Shall the vote whereby the foregoing motion was refused adoption be reconsidered?

Discussion

Supervisor McSheehy addressed the Board at length as to his notice of reconsideration of the foregoing matter, stating that in his opinion the Board was at fault in not presenting a resolution rather than a motion requesting His Honor the Mayor to contact Secretary of the Interior Ickes in order to obtain his consent to stay of the injunction affecting the sale of Hetch Hetchy Power to the Pacific Gas and Electric Company on the grounds that

(a) It would be the more proper procedure for the Board of Supervisors to follow, quoting from Robert's Rules of Order, to sustain his point.

(b) That from matter he would then read from two transcripts of proceedings on the occasion of the delegation's recent visit to the Secretary of the Interior at Washington on July 23, 1940 and July 25, 1940, respectively, he would endeavor to point out to the Board that nothing had been accomplished by the Mayor, the City Attorney, two Supervisors and Manager of Utilities at their recent conference with the Secretary; that he had no wish to offend the Mayor by saying that the Board should take the lead in the matter, simply that the Board of Supervisors in the last analysis had to vote whatever contract was entered into between the City and the Pacific Gas and Electric Company and that he felt the Secretary of the Interior, if approached in diplomatic fashion would be more than amenable to an extension of time to the City, very possibly even to the end of the present fiscal year which would save the taxpayers $1,800,000 in the budget, or 22 cents in their tax rate.

Supervisor McGowan at this point interrupted the reading of excerpts from the transcripts by asking Supervisor McSheehy to read *questions and answers* in every case, which up to that point the Supervisor had failed to do.

Supervisor McSheehy further stated that he had in the Joint Judiciary and Public Utilities Committee a proposed charter amendment calling for the submission to the electorate of a bond issue for purchase of the Pacific Gas & Electric Company's distributing system, which he would present at a later date.

He stated further that he would introduce a resolution, if permitted to do so, in lieu of his notice of reconsideration, having for its purpose the submission of a charter amendment calling for a bond issue for the purchase of the Pacific Gas & Electric Company's distributing system. This was subsequently ruled out of order by the Chair.

Objection by Supervisor McGowan

Supervisor McGowan then took the floor and protested any delay in the matter, saying that the Board should address itself to Supervisor Colman's motion of the previous meeting, that procrastination in so important a matter as this would work an unnecessary hardship on the electorate, and that nothing would be gained thereby.

Reconsideration Refused

Whereupon, reconsideration of the foregoing matter was refused by the following vote:

Aye: Supervisor McSheehy—1.

Noes: Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Absent: Supervisors Brown, Schmidt—2.

Confirming the Action of Special Committee in Re: Commitment

Made to Honorable Harold L. Ickes, Secretary of the Interior, Relative to the Distribution of Hetch Hetchy Power.

(Series of 1939)

Resolution No....., as follows:

Whereas, A committee consisting of Mayor Angelo J. Rossi, Supervisors Warren Shannon and John McGowan, Manager of Utilities, E. G. Cahill, and City Attorney John J. O'Toole, met with the Secretary of the Interior in the City of Washington on the 23rd, 25th and 26th days of July, 1940, relative to the postponement of the effective date of the restraining order issued by the District Court of the United States restraining the City and County of San Francisco from its present method in the distribution of Hetch Hetchy power; and

Whereas, At said meeting with said Secretary of the Interior held on the 26th day of July, 1940, it was agreed by said committee that it would, with due diligence, make every effort to enter into a lease agreement with the Pacific Gas and Electric Company whereby the City would acquire the distribution facilities of said Company for the distribution of electricity within the City and County of San Francisco, with the exception of the distribution of electricity on Treasure Island, Yerba Buena Island and the Bay Bridge, and that if such a lease, in satisfactory form, could not be negotiated within a reasonable time, the City would use its best efforts to submit to the electors of the City and County of San Francisco a charter amendment which would provide for the issuance of revenue bonds for the purpose of acquiring the distribution facilities of the Pacific Gas and Electric Company in the City and County of San Francisco; and

Whereas, On said commitment being made by said committee, the Secretary of the Interior postponed the effective date of said injunction until the 1st day of October, 1940; and

Whereas, The City is now requesting the said Secretary of the Interior to agree to a further postponement of the effective date of said injunction, to the end that the City may receive as revenue from the distribution of Hetch Hetchy power, between the 1st day of October, 1940, and the 30th day of June, 1941, approximately $1,800,000.00; now, therefore, be it

Resolved, That this Board of Supervisors does hereby ratify the commitment made by said committee, to the effect that it will use every effort to enter into a satisfactory lease agreement with the Pacific Gas and Electric Company leasing its distribution facilities in the City and County of San Francisco, and if the terms and conditions of said lease cannot be agreed upon prior to the 1st day of October, 1940, or within such additional time as may be recommended by the Secretary of the Interior, that this Board of Supervisors will submit to the electors of the City and County of San Francisco an amendment to the Charter of said City and County which will provide for the issuance of revenue bonds in an amount sufficient to acquire the electrical distribution facilities of the Pacific Gas and Electric Company in the City and County of San Francisco for the distribution of electricity therein, and that said amendment will be submitted to said electors in time to be ratified at the 1941 session of the Legislature of the State of California, unless the Secretary of the Interior should consent to the postponement of said election.

Be It Further Resolved, That a copy of this resolution be forthwith transmitted to the Secretary of the Interior.

Letter from His Honor the Mayor to Secretary of the Interior

The following letter from His Honor the Mayor to Secretary of the Interior, dated August 7, 1940, was read by the Clerk and ordered made part of the record:

Mayor's Office
San Francisco

August 7, 1940

Honorable Harold L. Ickes
Secretary of the Interior
Washington, D. C.

Dear Mr. Secretary:

One of the commitments made to you by the representatives of San Francisco, upon the hearing before you of the City's application for a suspension of the effective date of the injunction restraining the present method of the distribution of Hetch Hetchy power, was that I, as Mayor of the City, would from time to time, and, if possible, semi-monthly, make a report to you regarding pending negotiations for a lease between the City and the Pacific Gas and Electric Company.

Under the terms of the memorandum of understanding between us, I have had three meetings on the question of Hetch Hetchy power distribution as well as many individual consultations. Two of the meetings were between city officials and officials of the Pacific Gas and Electric Company. The third meeting was held by me with labor leaders interested in a solution of the problem and eventual setting up of a municipal distributing system.

No time was lost, upon the return from Washington of the representatives of the City, in presenting to the Company your views upon the so-called plan "C" which was discussed at the recent hearing in your office. The Company showed a willingness to endeavor to meet, in every way, the amendments to the plan which we discussed with you and your solicitor, Mr. Kergis.

At the first meeting with the Company held on August 1st, after the return of the delegation from Washington, the whole memorandum of understanding was discussed. Representatives of the Company were Messrs. Jas. B. Black, president, Emory Wishon, vice-president; and

John Coughlan, vice-president. Representatives of the city were Messrs. John J. O'Toole, E. G. Cahill and myself.

There developed at this meeting a belief on the part of the Company officials that they would encounter difficulties in drawing up any plan which would divorce Company employees and place them in city service. However, the meeting adjourned after the Company representatives promised a complete study of this phase of the memorandum of understanding and to report back at the earliest possible moment.

On Tuesday, August 6th, a second meeting was held with the Company. The suggestions offered by you and Mr. Kergis were again given most careful consideration. I am quite sure that some of them are not insurmountable, but the Company claims that it will be extremely difficult, if not impossible, to work out some of the others on any practical basis. The most difficult of your suggestions seems to be the taking over of the employees of the Company by the City.

You will remember we discussed with you the difficulty of taking over employees whose duties pertained to functions of the Company other than the actual distribution of electricity. While such a course would not be a physical impossibility, the Company contends it would add very much to the cost of the distribution of electricity and at the same time increase the cost of the distribution of gas and other commodities which the Company now has a right to distribute and which will not be taken over by the city and that such costs would inevitably be reflected in rates to the consumer. However, the Company finds a more serious objection to the taking over of the employees, even if those employees should be limited to the personnel engaged in the distribution of electricity, for the following reasons:

1. You will remember that you were most insistent, and I believe properly so, that the pension and social security rights of the employees taken over by the City should be preserved. At the present time our Charter provides that all employees of the City (with a few minor exceptions which are not pertinent in the present case) shall be subject to civil service and shall become members of and be entitled to all of the benefits of the retirement system maintained by the city. As the Charter is now written, there is no possibility of exempting the employees who might be taken over from the Company, either from the civil service regulations of the Charter, or from the benefits and liabilities of the retirement system. This system is based on contributions made by the employees which are matched by the City and which, after a certain number of years' service by the employee and his reaching a certain age, will provide an annuity for him after he retires.

At the present time the Company has a three point plan for the benefit of its employees, which provides a retirement annuity at the age of 60 years for women and 65 years for men:

(a) For that part of the employee's service with the Company ending on December 31, 1936, the Company carries the entire cost.

(b) For that part of the employee's service with the Company beginning January 1, 1937, a contributory plan is in effect. This plan is underwritten by two life insurance companies, whereby the employee makes certain contributions and the Company contributes an amount approximately twice that contributed by the employees.

(c) The ordinary social security contributions by the Company and by the employees required by law.

If the employees of the Company are to be taken over by the City even on a limited lease arrangement, a Charter amendment must be adopted by the people which will provide for the placing of the employees taken over, in a separate category which would not be subject to the ordinary retirement system of the City. This in order to safeguard the rights enumerated above.

e plan would be for the Company to
ommission an annual budget of expen-
ion of power by the City, including the
employees engaged in the work. This

Assuring you of my appreciation of the careful consideration which this matter is receiving at your hands, and renewing the plea of the San Francisco delegation that awaited upon you recently for a definite suspension of the injunction until June 30, 1941, I am

Letter from Secretary of the Interior to His Honor the Mayor

The following letter from Secretary of the Interior to His Honor the Mayor, dated August 10, 1940, was read by the Clerk and ordered made part of the record:

The Secretary of the Interior
Washington

August 10, 1940

Hon. Angelo J. Rossi
Mayor, City and County of San Francisco
San Francisco, California

My dear Mayor Rossi:

I have received an open letter, dated August 5, from Congressman Havenner in which he reviews the controversy regarding the distribution of electric energy generated on the Hetch Hetchy project and in which he urges that I recommend a further extension of the effective date of the injunction until July 1, 1941 so that an estimated 22½ cent increase in the tax rate of San Francisco may be avoided.

I have also received a letter from Mr. E. D. Coblentz, publisher of the San Francisco Call-Bulletin, enclosing a copy of his editorial urging the same action. The matter is, of course, one which was discussed by you during your recent trip to Washington.

I realize the vital importance of this matter and for that reason I am willing to recommend the further stay of the injunction if we can work out a stipulation whereby San Francisco will be definitely bound to take all steps necessary to secure compliance with the Raker Act in the minimum time and by specified dates long before July 1, 1941. I also think it essential, prior to any such recommendation on my part, that I have definite assurances from the press, civic organizations and other leaders of community thought in San Francisco that they will support a program for compliance with the Raker Act and vigorously present the facts in support of such a program. In order to avoid repetition of the detail involved, I am enclosing a copy of my letter of even date to Mr. Coblentz.

I shall proceed to explore the possibility of working out a stipulation to be officially binding on San Francisco which might justify a recommendation for an extended further stay of the injunction which is necessary to avoid the threatened increase in the tax rate. In the meantime I request that you undertake to call to the attention of the appropriate persons the need for the assurances which I have mentioned and that you attempt to secure those assurances.

Sincerely yours,
(Signed) Harold L. Ickes,
Secretary of the Interior

Enclosure 691385

Letter from Secretary of the Interior to E. D. Coblentz, Publisher, The Call-Bulletin

The following letter from Secretary of the Interior, dated August 10, 1940, to E. D. Coblentz, Publisher, The Call-Bulletin, was read by the Clerk and ordered made part of the record:

The Secretary of the Interior
Washington

Aug. 10, 1940.

Mr. E. D. Coblentz,
Publisher,
The Call-Bulletin,
San Francisco, California.

My dear Mr. Coblentz:

I wish to thank you for your letter of July 31 with which you forwarded to me a copy of your editorial entitled "Why Not Do It Now, Mr. Ickes?". I have also received a letter from Congressman Franck R. Havenner in which he urges that I recommend a further postponement, until July 1, 1941, of the effective date of the injunction in the Hetch Hetchy litigation.

I agree with you that your editorial is not provocative. I am not unaware of the immediate difficulties of the City's tax problem. Congressman Havenner has taken care of that in the loyal persistence with which he has kept the City's point of view before me.

Persuaded by him, I have done everything practicable to avoid financial burdens upon the people of San Francisco during the very, very long period in which I have patiently tried to obtain compliance by the City with the solemn obligations it exchanged for the immeasurable value of the Federal grants by the Raker Act.

Of my good faith in that attitude you have two concrete proofs. First of all despite the length of the controversy involved I did not ask, as I might have asked, that the court assess penalties against the City for violation of the Raker Act. Second, to give the City opportunity to work out the problem, I have already twice recommended to the Federal Court and to the Attorney General a suspension of the effective date of the injunction entered pursuant to the decision of the United States Supreme Court.

When the application for the second extension was made I discovered that the whole period granted by the first extension had been wasted in an attempt to negotiate with the Pacific Gas and Electric Company a plan which obviously was not legal under the opinion of the Supreme Court and which would certainly justify doubts of a disposition on the part of officials to comply with that opinion.

In the circumstances I naturally could not feel that I had been given the fullest cooperation in my attempt to make this situation as easy as possible for the City. If this illegal first plan had only been submitted to me at the outset I might have pointed out its fruitlessness and have been able to save the City valuable time. But I first heard of it when, a few days before the expiration of the first extension, a considerable delegation of city officials came to Washington to present to me this first plan as a *fait accompli*—at a stage when negotiations were substantially completed.

Despite that disillusioning experience, in reliance on written assurances and undertakings submitted by Mayor Rossi I recommended a further extension so that a new and legal plan might be worked out without intervening hardship on the taxpayers.

Now I am asked for a third extension—this time for ten months.

You have asked me to appreciate the seriousness to the people of San Francisco of one angle of this situation—the matter of the tax rate for the next fiscal year. I ask you to consider the seriousness of the situation to the people of San Francisco from other points of view.

All of us—in San Francisco and Washington alike—can assume that the law is finally settled. No clear-headed San Franciscan will talk about amending the Raker Act and taking risks of opening up a legislative controversy with other California communities over water rights. Nor will any clear-headed San Franciscan talk about worsening

the city's present legal situation by starting nor delaying litigation after the Supreme Court of the United States has decided by a practically unanimous vote that the City has illegally derived revenues since 1925 totaling approximately thirty million dollars.

Congress has committed the enforcement of the law to me. The United States Supreme Court has declared that the City has been violating that law for fifteen years by reason of its present contract with the Pacific Gas and Electric Company.

I cannot within my sworn duty simply agree, without conditions, to the continuation of an established outright violation of law for an additional period of almost a year. I doubt whether the court would grant the continuance asked for under such conditions. I do not believe that you or any other right-thinking citizen, looking at the problem from that point of view, can disagree with me.

On the contrary, I think that you will agree with me that, to recommend a stay of the injunction until July 1, 1941, I must first have a definite and a binding official obligation on the part of the City to proceed in good faith, and within the very minimum of time possible, with the effectuation of a plan which honestly complies with the Raker Act and the opinion of the Supreme Court. But, as a practical matter, I would not be doing my duty by my own oath of office if I did not require behind the formal undertaking of municipal officials definite assurance of the citizenry itself. Therefore, I want, in addition to the obligation of the City officials, commitments from the public press, Citizens' organizations and other leaders of the community thought that they will give San Francisco an honest and adequate presentation of the facts, that will make possible an intelligent choice between abandoning the benefits of the Raker Act and supporting a program to comply with it.

The only plan which will satisfy the Supreme Court interpretation of the Raker Act is one for the distribution of Hetch Hetchy energy by the City of San Francisco itself through facilities owned or controlled by it and with its own operating organization and personnel pursuant to its own policies and management. Such a plan is the only one which the law gives me power to approve.

Mayor Rossi gives me confidence that, with the full facts before them the people of San Francisco will understand the wisdom and soundness of the policy of the Act requiring municipal distribution of electric power.

In the past the electorate has had no opportunity to reach an informed judgment on the matter because there was no way to meet false allegations that the contract between San Francisco and the Pacific Gas and Electric Company was perfectly legal within the letter and the spirit of the Raker Act. That smokescreen has now blown away. The clear and comprehensive opinion of the Supreme Court of the United States holding the contract illegal, has completely altered the conditions under which previous elections were held.

The people of San Francisco now know that the existing agreement must be terminated and that the revenue received from that source must cease.

They now can be shown that the acquisition of a distribution system to be financed from the revenues of that system will bring to the City a greater annual return from the sale of power than it now receives and will do that without creating or increasing any obligations of the City which could be reflected in the tax rate.

They can be shown the necessary implications of the definite and intimate connection between efforts to secure for San Francisco a municipal distribution system and recent rate reductions effected by the Pacific Gas and Electric Company which, as that Company itself has stated, have resulted in savings to San Francisco consumers of some millions of dollars.

These and other significant facts could never before be fairly presented to the electorate. One newspaper has been a lone voice in the wilderness. The remainder of the press, the civic leaders and most of the responsible city officials have refused to face these facts seriously. Furthermore, the Pacific Gas and Electric Company directly and indirectly used both its influence and its money to prevent an understanding of the issue involved.

I am sure that, in the clarified legal situation which now exists, the press and civic leaders, official and unofficial, will now understand that in the choice which confronts the City, the better choice is to comply with the Act, and to give their support to a plan of compliance.

On that assumption—and on the further assumption that they will give me the assurances to which I have referred—I shall proceed to explore the possibility of working out a stipulation which might justify a further stay of the injunction necessary to avoid an increase in the San Francisco tax rate.

Sincerely yours,
(Signed) Harold L. Ickes,
Secretary of the Interior.

Presiding

At this point President Shannon appointed Supervisor Ratto to take the Chair.

Discussion

Reading from transcripts of hearings before the Secretary of the Interior, President Shannon explained the position of the Board and emphasized the short time in which to act before the tax rate had to be fixed.

Motion for Continuance of One Week

Supervisor Colman, seconded by Supervisor Uhl, moved that the matter be carried on the calendar until next Monday, August 19, 1940, and that meeting be held on next Friday, August 16, 1940, to which the Press, members of various civic organizations, Labor, Down Town Association, the Chambers of Commerce, and the public at large should be invited to attend to express their views, and that the Clerk should be instructed to send notices to all concerned.

Explanation of Second to Motion for Continuance of One Week

Supervisor Uhl stated he had seconded Supervisor Colman's motion to lay the matter over until August 19, 1940, for the reason that he wished an expression of opinion from the Press, civic organizations, down town associations, the chambers of commerce, Labor, and the public at large, before the Board took such hasty action.

Objection by Supervisor McGowan to Continuance of One Week

Supervisor McGowan protested on the grounds that the Board had only a limited time within which to act, that the tax rate was to be fixed in September, that the public at large as well as the members of the Board were thoroughly conversant with the subject matter, and that nothing was to be gained and much lost in any further delay in that the matter had been laid over a week already on Supervisor McSheehy's notice of reconsideration.

Amendment to the Motion to Continue on Calendar for One Week

Supervisor McSheehy, seconded by Supervisor Colman, then moved as an amendment to the motion that the Board recess until Wednesday, August 14, 1940, at 2 P. M., to sit as a committee of the whole, the down town associations, the chambers of commerce, Labor, civic organizations, and other interested parties to be notified by the Clerk of the date and hour of the meeting.

Resolution Amended to Read "Revenue" Bonds

Supervisor McSheehy then put the question to the President as to his objections, if any, to the submission of revenue bonds. President Shannon stated he had none, as did City Attorney O'Toole.

Upon Supervisor McSheehy putting the identical question to the balance of the delegation sent to Washington to interview the Secretary of the Interior, Supervisors Roncovieri and McGowan stated they likewise had no objections to revenue bonds.

Amendment to the Motion for Continuance of One Week

Supervisor Colman then asked the President if it would not be advisable for the Board to recess until Wednesday, August 14, 1940, at 2 P. M., to sit as a committee of the whole and to have open discussion of the matter at that time, to which the President acquiesced.

Whereupon, Supervisor McSheehy, seconded by Supervisor Colman, moved as an amendment to the motion to recess until Wednesday, August 14, 1940, at 2 P. M., to sit as a committee of the whole, the down town associations, the chambers of commerce, Labor and civic organizations to be notified of the date and hour of the meeting.

Discussion by the Mayor

Before voting on the amendment to recess until Wednesday, August 14, 1940, at 2 P. M., to sit as a committee of the whole, President Shannon requested that His Honor Mayor Rossi be sent for to express his views on the matter.

The Mayor was seated at 4:45 P. M., at which point the President again took the Chair.

Supervisor McSheehy explained the parliamentary situation to him (the Mayor).

Supervisor Colman welcomed the Mayor and augmented Supervisor McSheehy's remarks as to the advisability of holding a recessed meeting Wednesday, August 14, 1940, at 2 P. M., for the purpose of allowing interested parties to express their views before action was taken by the Board.

The Mayor stated that the resolution confirming the action of special committee in re: commitment made to Honorable Harold L. Ickes, Secretary of the Interior, relative to distribution of Hetch Hetchy Power, had been drawn up at his request in the interest of time, that it would work for the best interests of the city and that the Board should in all conscience take immediate action on it this day, that delay would only work further hardship on the citizens and taxpayers, that he was wholeheartedly in support of the intent of the resolution, that if he could not get action and forthwith from the Board of Supervisors, he would campaign before the voting public for some measure that would obtain a stay of execution of the injunction against the sale of electric energy to the Pacific Gas and Electric Company in an endeavor to save the taxpayers $1,800,000 in the present fiscal year's budget, or 22 cents in their tax rate.

Explanation of Position by Supervisor Colman

Supervisor Colman then pointed out that he was against, in principle, putting on the ballot a measure that would plunge the city into further debt, that he was against revenue bonds, that he had nothing against obligation bonds, but that he would never subscribe, nor had he ever subscribed to placing on the ballot a proposed revenue bond issue.

Motion to Recess Lost

Whereupon, the question being put as to recessing until Wednesday,

August 14, 1940, at 2 P. M., to sit as a committee of the whole, the motion lost by the following vote:

Supervisors Mead and Colman presented Resolution No. 1210, as follows:

Whereas, Charles J. Gavin has been summoned to his heavenly abode, and

Whereas, Charles Gavin, a native San Franciscan, held the honored and distinguished post of Quartermaster and Adjutant of the Veterans of Foreign Wars of the United States, Department of California, and National Council of Administration, member of the same organization, and

Whereas, During the World War he served as Sergeant, First Class, with the 35th Balloon Company, A. S. A., and was stationed in France from October 21, 1918 to April 23, 1919, during which time he had the misfortune to be gassed, to which his demise can be directly attributed, and

Whereas, In the passing of Charles J. Gavin, San Francisco loses an outstanding Veteran—one who did everything in his power to enhance the welfare of Veterans and coordinate Veteran activities with civic enterprise; now, therefore, be it

Requesting Secretary of the Interior for Stay of Execution of Agency Contract Between City and County of San Francisco and Pacific Gas and Electric Company for Distribution of Hetch Hetchy Power, and Pledging Support of Bond Proposal on November Ballot to Acquire Pacific Gas & Electric Company's Facilities in San Francisco.

(Series of 1939)

Supervisor McSheehy presented Resolution No....., as follows:

Whereas, There is now pending before this Board, on question of reconsideration, a motion that the Board of Supervisors request the Mayor to call the attention of the Secretary of the Interior to an editorial entitled "Why Not Do It Now, Mr. Ickes?", which editorial appeared in The San Francisco Call-Bulletin, July 31, 1940, said motion further requesting the Mayor to endeavor to prevail upon the Secretary of the Interior to the end that the latter comply with the sense of the aforementioned editorial, which, in effect, proposes a stay of the injunction until the end of the present fiscal year, against the sale of electric energy by the City and County of San Francisco to the Pacific Gas and Electric Company; and

Whereas, Even though both the editorial and the motion have some merit, in that their purpose is to prevent an unusual increase in the tax rate this year, yet, in view of the fact that two unsuccessful attempts have been made by official San Francisco delegations in Washington to receive approval of plans for power distribution presented to the Secretary of the Interior; in view of the fact that the Secretary of the Interior was obviously of the opinion that the plans presented did not remedy the situation against which the injunction was issued, and insisted upon the submission of a plan which plainly and effectively would carry into execution the mandate contained in the Raker Act, to the effect that the City and County of San Francisco shall engage in the municipal distribution of Hetch Hetchy Power; in view of these facts, then, it would appear that neither the editorial nor motion is far-reaching enough in scope to persuade the Secretary of the Interior that he should intercede upon San Francisco's behalf for a further stay of the injunction, and it would further appear that to induce the Secretary to comply with the request contained in the motion referred to, there should be coupled therewith a plain and bona fide proposal for the solution of the problem such as will result in compliance with the terms of the Raker Act; and

Whereas, The most expedient and effective manner in which to enlist the assistance of the Secretary of the Interior to intercede for a further stay of the injunction as well as to legally comply with the terms of said injunction lies in the action of this Board through which there is immediately ordered submitted to the electorate for its approval at the November election, a revenue bond issue for the acquisi-

tion of the Pacific Gas and Electric Company's distributing system in San Francisco; now, therefore, be it

Resolved, That in an endeavor to enlist the support of the Secretary of the Interior to the end that a stay of execution of the agency contract between the City and County of San Francisco for the distribution of Hetch Hetchy Power may be had until the end of the present fiscal year, and, further, that the problem may be disposed of permanently and in the near future, this Board of Supervisors hereby pledges itself to submit to the electors on the November ballot a proposal for the acquisition of the Pacific Gas and Electric Company's distributing facilities in San Francisco together with whatever other necessary appurtenances are required for the municipal distribution of Hetch Hetchy Power; and be it

Further Resolved, That the members of this Board, desirous of forestalling an unprecedented increase in the tax rate, do hereby pledge themselves to publicly support such a bond issue and to use their influence to induce the electorate to approve such a proposal.

Referred to Public Utilities Committee.

Mayor Requested to Appoint Citizens Committee for Proper Observance of "Cabrillo Day," September 28, 1940.

Supervisor McGowan presented Resolution No. 1211 as follows:

Resolved, That his Honor, the Mayor, is hereby respectfully requested to appoint a Citizens' Committee to prepare for the proper observance on September 28, 1940, of "Cabrillo Day," in honor of John Rodrigues Cabrillo, who discovered California in 1542.

In Memoriam—Police Officer Joseph Kerr

(Series of 1939)

Supervisor McSheehy presented Resolution No. 1212, as follows:

Whereas, Almighty God has summoned to his eternal reward Francis Joseph Kerr, veteran member of the San Francisco Police Department; and

Whereas, Officer Kerr, who entered the force in 1911, distinguished himself in the service of our City, the most notable of his exploits being the single-handed capture, in 1916, of three armed hold-up men; and

Whereas, A prominent member of fraternal and veterans' associations, Officer Kerr was universally loved for his amiable and kindly disposition, and he will be sadly missed by his family and many friends; now, therefore, be it

Resolved, That this Board learns with sincere regret of the passing of Francis Joseph Kerr, and takes this occasion to express to his bereaved widow and family its heartfelt sympathy; and be it

Further resolved, That when the Board adjourns this day it does so out of respect to the memory of the late Francis Joseph Kerr.

Adopted by the following vote:

Requesting Public Welfare Commission to Increase Number of its Meetings

(Series of 1939)

Supervisor Uhl presented Resolution No. ....., as follows:

Whereas, The Public Welfare Commission of the City and County

of San Francisco meets on alternate Tuesdays for the purpose of considering and disposing of matters coming within its jurisdiction; and

Whereas, The nature of the business handled by the Public Welfare Commission—pensions for widows, the blind and the needy aged, aid to half-orphans, relief for indigents—is such as to require all possible expedience in order that no inconvenience or actual suffering may be occasioned recipients of aid; and

Whereas, A greatly increased volume of cases is now being handled by the Public Welfare Commission and it is not always possible, with the two-week period which elapses between meetings as at the present time, to take care of the more urgent problems as necessity demands; now, therefore, be it

Resolved, That this Board of Supervisors does hereby respectfully request the Public Welfare Commission to increase the number of its regular business meetings to at least one during each calendar week.

Honorable Warren Shannon,
President, Board of Supervisors,
City Hall, San Francisco.

Dear Mr. President:

At the suggestion of Mayor Rossi, who left for Washington for a conference with the Secretary of the Interior, relative to the suspension of the effective date of the Hetch Hetchy injunction, I am enclosing in the form of a resolution to be adopted by your Board a stipulation which was received from the Secretary, the last changes therein being received only by wire this morning.

The effect of the stipulation will be, if it is adopted by your Board, to have the Secretary agree to a suspension of the effective date of the injunction until July 1, 1941, which will mean that the city will receive the $1,800,000.00 of revenue anticipated to accrue from the Hetch Hetchy project between October 1, 1940 and June 1, 1941.

I have just been advised by my correspondent in Washington that Secretary Ickes is leaving Washington, to be absent for several weeks,

on the evening of Wednesday of this week. Therefore, it is unnecessary for me to direct attention that rather prompt action should be taken on the enclosed resolution. In view of the Secretary's intended absence from Washington, it is not certain whether the Mayor will proceed to complete his call upon him or will return from Chicago. In this regard I presume much will depend upon the action of the Board of Supervisors on the enclosed resolution.

It was unfortunate that the resolution could not have been given to your Board at an earlier date, but the Mayor had not knowledge of it in time to do so. His first information on the subject came on Friday morning when the Secretary called him on the telephone and told him there was a possibility of having the restraining order suspended until June 30, 1941, if certain stipulations could be entered into.

It was late in the afternoon on Friday before my representative in Washington could get even the gist of the stipulation from Mr. Kirgis, the solicitor for the Department. When it was received, I realized that there were some things which the officials of San Francisco could not agree to, both by reason of charter and constitutional prohibitions. This led to additional telephoning and telegraphing between here and Washington, and it was only this morning that I received the final changes approved by the Secretary.

The stipulation contained in the enclosed resolution is now in conformity with the latest changes made by him.

As you are aware, committee action should be had on this resolution before it is presented to the Board to the end that it can be given immediate consideration, should the Board desire to do so.

Very truly yours,
(Signed) JOHN J. O'TOOLE,
City Attorney.

Motion to Sit as Committee of the Whole

Supervisor Colman, seconded by Supervisor Mead, moved that the Board of Supervisors resolve itself into a Committee of the Whole for the purpose of giving consideration to letter from City Attorney and resolution agreeing to certain stipulations proposed by Secretary of the Interior.

So ordered.

Committee of the Whole

Whereupon, at the hour of 2:40 P. M., the Board of Supervisors resolved itself into a Committee of the Whole, President Shannon presiding.

President Shannon presented the following:

Resolution No. 1219, agreeing to certain stipulations proposed by Secretary of the Interior.

In the Southern Division of the United States District Court
for the Northern Division of California.

United States of America,
Plaintiff,
v. In Equity
City and County of San Francisco, (a municipal corporation), No. 4173-R
Defendant.

Stipulation

Whereas, this Court held in this case that the disposition of Hetch Hetchy energy by the City and County of San Francisco pursuant to the contract of July 1, 1925, between the City and the Pacific Gas and Electric Company was violative of Section 6 of the Raker Act and issued an injunction restraining further performance under that con-

tract and any disposal of Hetch Hetchy energy whereby there is transferred to any private individual or corporation the right to sell or sublet the energy; and

Whereas, on April 22, 1940, the Supreme Court of the United States affirmed the judgment of this Court and thereafter remanded the case to it, and

Whereas, the said Supreme Court announced its interpretation of the Raker Act as prohibiting any transfer of the right to sell Hetch Hetchy energy and as requiring the distribution of such energy by the City directly to consumers; and

Whereas, the City in good faith desires to comply with the requirements of the Raker Act as construed by the Supreme Court; and

Whereas, in order to afford the City a reasonable time for compliance with said act, the Government has consented to a stay, until October 1, 1940, of the effective date of the injunction entered in the case by this Court, and

Whereas, it will be impossible to effectuate such compliance on or before said date and the City will be deprived of the power revenue accruing under said contract if the injunction becomes effective on October 1, 1940; and

Whereas, the City must, on or before September 15, 1940 fix its tax rate for the fiscal year ending June 30, 1941, and desires the Government to consent to a further extension of the effective date of the injunction until June 30, 1941, in order to avoid an immediate increase in the tax rate sufficient to compensate for the loss of such revenues.

Now, Therefore, in order to secure the consent of the Government to such further stay, the City, acting through its attorneys, its Board of Supervisors, its Mayor, and its Public Utilities Commission, hereby undertakes, and pledges to this Court and to the Government its willingness and intention, to proceed to take all steps necessary to effectuate compliance with the Raker Act as expeditiously as possible, and specifically, to support and carry out the following program for compliance:

1. The City undertakes to negotiate on or before October 1, 1940 a lease of all the distribution facilities of the Pacific Gas and Electric Company in San Francisco whereunder the City, on or before January 1, 1941, will have the entire control of said distribution facilities and will effectuate the distribution and sale of Hetch Hetchy energy through its own employees and operating organization pursuant to its own policies and management.

2. If a lease agreement satisfactory to the Secretary of the Interior cannot be or is not finally executed on or before October 1, 1940, the City will submit to the electors, at a special election to be held at a time satisfactory to the Secretary of the Interior and not later than December 17, 1940, a proposed charter amendment for the issuance of bonds, payable out of revenues, for the acquisition or construction of a municipal power distribution system.

3. The City, through its Board of Supervisors, its Mayor, and its Public Utilities Commission, will actively and in good faith support such charter amendment and will make every effort, through all available means, to inform the electors fully of the merits, advantages, and feasibility of the plan, to explain the necessity for its approval by the voters, and to enlist in support thereof all representative civic groups and organizations and the public press of San Francisco. In furtherance of this undertaking the City and its officials will secure and use, frequently, time on the radio and space in the local newspapers to present the facts and arguments in support of the bond proposal. The City also will prepare and distribute to the entire citizenry of San Francisco a pamphlet or leaflet, accompanied by a specimen ballot, explaining fully the facts and reasons in support of the bond proposal, such pamphlet

or leaflet to be in a form and substance approved by the Secretary of the Interior prior to its issuance.

4. The City gives definite assurance that, at the election in which the bond proposal is considered by the voters, there will be no proposal or proposition in any form concerning amendment of the Raker Act.

5. If the said charter amendment fails to receive the necessary approval of the electors at said special election, the City, through its Board of Supervisors, will immediately authorize and direct its Public Utilities Commission to issue revenue bonds for the acquisition or construction of a municipal power distribution system and will institute and prosecute, with all possible diligence and without delay, a test suit in the Supreme Court of the State of California to determine the validity of such bonds under the State constitution and the City charter.

6. In addition to the foregoing, the City, through its responsible officials, will take any and all action necessary or appropriate to the end that compliance with the Raker Act, in accordance with the decision of the Supreme Court, will be finally effectuated on or before July 1, 1941.

7. In consideration of these undertakings the plaintiff and the defendant further stipulate that the Court may, in its discretion and in reliance on the above undertaking, extend the effective date of the injunction in these proceedings to and including June 30, 1941.

Motion to Take Up Stipulations Seriatim

President Shannon moved that the resolution be read by the Clerk in its entirety, consideration thereafter to be given each stipulation seriatim.

There being no objection, it was so ordered.

Motion That Copies Be Made and Tendered Each Member of Board.

Supervisor McSheehy moved that the Clerk be directed to have copies made of the resolution and tendered each member of the Board.

There being no objection, it was so ordered.

Discussion of Stipulations

Stipulation No. 1. The city undertakes to negotiate on or before October 1, 1940, a lease of all the distribution facilities of the Pacific Gas and Electric Company in San Francisco whereunder the City, on or before January 1, 1941, will have the entire control of said distribution facilities and will effectuate the distribution and sale of Hetch Hetchy energy through its own employees and operating organization pursuant to its own policies and management.

Supervisor Uhl objected on the grounds that he wished to be informed as to exactly what was being done at the present time. He requested that the City Attorney be sent for. So ordered.

After subsequent explanation by City Attorney, Stipulation No. 1 was, on motion by Supervisor Roncovieri, approved without objection.

Stipulation No. 2. If a lease agreement satisfactory to the Secretary

of the Interior cannot be or is not finally executed on or before October 1, 1940, the City will submit to the electors, at a special election to be held at a time satisfactory to the Secretary of the Interior and not later than December 17, 1940, a proposed charter amendment for the issuance of bonds, payable out of revenues, for the acquisition or construction of a municipal power distributing system.

Supervisor Uhl objected to Stipulation No. 2 by reading a letter from L. Randall Ellis, Chief Valuation and Rate Engineer of the City Attorney's office, dated August 16, 1940, re: electric bill of Russell Powell in amount of $17.64, as compared with a charge of $18.11 for similar service from one meter in the City of Los Angeles. He, however, expressed his willingness to go along with the resolution as to Stipulation No. 2 if a prospectus for the distribution of municipal power were set forth at length in the resolution. He further stated that he was having prepared at this time his reasons for voting against Stipulation No. 2.

Supervisor Colman objected to Stipulation No. 2, stating that the bond issue must be agreeable to the Secretary of the Interior, asking the Chair how much the bond issue was to be for.

President Shannon stated that estimates during negotiations in the past had been sixty millions as the probable cost. He suggested that Mr. E. G. Cahill, Manager of Utilities, be sent for. So ordered.

Privilege of the Floor to Mr. Sharon

Mr. Sharon was given the privilege of the floor and stated that Mr. Cahill, Manager of Utilities, had just told him that he (Cahill) had not as yet finished Plan No. 9, but that the lowest estimated figure was $58,000,000, the highest was $63,000,000, but that he (Cahill) thought $60,000,000 would be the probable requirement. He stated further that Mr. Cahill had estimated it would take him four weeks to complete Plan No. 9.

No action.

Explanation of Status of Negotiations With Washington

The City Attorney was heard in detail as to telegraphic and telephonic contacts with the Mayor; Harry Friedman Attorney-at-Law, Munsey Bldg., Washington, D. C., representing San Francisco; and Mr. Kirgis, of the Solicitor's office, Department of the Interior; with regard to the resolution, stating that as far as was possible at this time, the resolution was for the best interests of the city; that constant study of the matter was being given by him, and that the resolution would be perfected to the best of his ability in time for further hearing by the Board at its pleasure.

Original Stipulation Read

The City Attorney then read the original stipulation so as to inform the Board as to what had gone before.

Substitute Stipulation No. 5 as Prepared by Secretary of the Interior for Original Stipulation No. 5

At the outset of his reading of original set of stipulations, the City Attorney stated that the Secretary of the Interior had, since receipt of original stipulation, presented substitute Stipulation No. 5, and that while he would read the original stipulation in its entirety, the Board in approving or rejecting the stipulations seriatim should address itself to the substitute Stipulation No. 5 prepared by the Secretary of the Interior.

There being no objection, it was so ordered.

Telegram from City Attorney O'Toole to Harry Friedman, Attorney-at-Law, representing San Francisco's interests at Washington.

Harry Friedman, Attorney-at-Law,
Munsey Bldg.,
Washington, D. C.

Replying to your telephone communication relative to proposed undertaking by the City in re Raker Act my comments are as follows:

One. City is negotiating and is willing to continue to negotiate with P G and E for lease of all its distribution facilities in San Francisco and feel sure definite understanding can be reached prior to October first but doubt if final agreement can be executed prior to that date if understanding is reached no question that execution of final agreement will be in accord with understanding stop If employees of company are to be taken over by City agreement will have to be dependent on charter amendment to enable city to provide for pension and Social Security rights of employees stop Have little doubt such amendment will be approved at November election if submitted submission would have to be made before September twentieth stop

Two. City has by action taken by its Board of Supervisors on last Monday report of which was transmitted to Secretary in my letter of thirteenth agreed to submit charter amendment providing for issuance of revenue bonds for acquisition or construction of power distribution system if satisfactory lease cannot be arranged by October first stop Board fixed no date for election but am quite sure December seventeenth will be agreeable to Board if Secretary desires election on that date.

Three. Feel sure City through its Board of Supervisors its Mayor and Public Utilities Commission will actively and in good faith support charter amendment providing for necessary revenue bonds stop While there may be some dissenting votes in Board of Supervisors believe majority will support amendment further believe Mayor and Public Utilities Commission and majority of Board will make every effort through all available means to fully inform electors of merits and advantages of plan as well as to explain necessity for its approval stop Same effort will be made regarding civic groups and support of public press will be solicited stop Officials of City will endeavor to obtain radio time and newspaper space for supporting arguments stop City funds cannot be used for this purpose see Mines versus Del Valle two fifty seven Pacific five thirty stop In past private funds have been solicited for this purpose which can be done again stop Section one eighty three charter provides for mailing to all voters of any measures submitted by Board of Supervisors for approval by electors this will be done stop State law provides for mailing of sample ballots to each voter this also will be done on any election for charter amendment stop Section one eighty three charter also provides for argument in support of proposition to be mailed to voters no objection to this agreement being approved by Secretary

Four. City Officials cannot give any definite assurance that no proposal or proposition will be submitted at election concerning amendment of Raker Act for reason constitution permits charter amendments to be submitted by initiative further section one seventy nine charter provides any declaration of policy may be submitted to electors by four votes of Board of Supervisors stop

Five. Some doubt in minds of bond attorneys of City if section nine of charter can confer on Utilities Commission power to issue revenue bonds especially when same concern new utility for charter in general way provides how new utilities can be acquired and bond attorneys think that as charter now stands amendment is necessary before revenue bonds can be issued stop Further on this point doubt very much if people by vote turn down issuance of revenue bonds if Board of Supervisors would grant power to Utilities Commission to issue same for feel that Board will be guided in this matter by vote of people stop

Six. City is desirous of complying with all provisions of Raker Act including section six as construed by recent decision Supreme Court

Present these views to Kirgis at once and ask that he take same up with Secretary. If necessary Mayor and self can leave here Sunday morning arriving in Washington Wednesday morning for further conference with Secretary stop Doubt if this will accomplish desired results for the reason that any definite commitment must be approved by Board of Supervisors and our going to Washington would only delay approval stop Board meets Monday and if we can get any form of commitment to be agreed to by City along lines of Kirgis suggestion as modified herein can try to get this approval at Mondays meeting stop In conformity with your suggestion gave no publicity to your telephone communication but press informs me this afternoon that it was made public in Washington stop After conference with Kirgis call me at once by telephone at expense of this office.

City Attorney

Stipulation No. 3. The City, through its Board of Supervisors, its Mayor, and its Public Utilities Commission, will actively and in good faith support such charter amendment and will make every effort, through all available means, to inform the electors fully of the merits, advantages, and feasibility of the plan, to explain all necessity for its approval by the voters, and to enlist, in support thereof all representative civic groups and organizations and the public press or San Francisco. In furtherance of this undertaking the City and its officials will secure and use, frequently, time on the radio and space in the local newspapers to present the facts and arguments in support of the bond proposal. The City also will prepare and distribute to the entire citizenry of San Francisco a pamphlet or leaflet, accompanied by a specimen ballot, explaining fully the facts and reasons in support of the bond proposal, such pamphlet or leaflet to be in a form and substance approved by the Secretary of the Interior prior to its issuance.

Supervisor Uhl objected on the grounds that Stipulation No. 3 should be amended so as to include a financial prospectus.

Supervisor McSheehy asked Supervisor Uhl what particular line or word of the stipulation he objected to, and suggested that the Supervisor offer his amendment, and then place the amendment in writing before the Board.

Supervisor Colman stated that as he understood the situation the City of San Francisco through its Board of Supervisors was actually to go on record as supporting the proposed charter amendment. He did not think the Board as yet knew just exactly what the charter amendment was to be. He had a right, in his opinion, to oppose it on more than one ground. He further stated he did not see how the Board could approve the resolution until it knew how much the bond issue was to be for and just exactly how the City would come out of it. That he was opposed to Stipulation No. 3 until he had further informative data.

Motion to Amend

Supervisor Uhl moved amendment of Stipulation No. 3, the last sentence thereof, after the word "facts," *the* reasons *and a financial prospectus of the amount that can be realized through municipal distribution of power . . .*

There being no objection, it was so ordered.

Stipulation No. 4. The City, through its Board of Supervisors, or any members thereof, its Mayor and its Public Utilities Commission will not initiate for submission to the voters any proposal or proposition in any form concerning amendment to the Raker Act at or prior to the election in which the bond proposal is submitted to the voters, and the city officials will oppose any such proposal or proposition which may be initiated otherwise for submission at or prior to such election, and will

oppose any attempt to place such a proposal or proposition on the ballot at such time.

Supervisor Colman objected.

No action.

Original Stipulation No. 5. The City will not enter into any lease contract or other arrangement with any private person or corporation affecting the distribution of electric energy generated at Hetch Hetchy project which does not have the prior approval of the Secretary of the Interior.

As to action thereon see Substitute Stipulation No. 5 immediately following.

Substitute Stipulation No. 5 as Prepared by Secretary of the Interior for Original Stipulation No. 5

Stipulation No. 5. If the City enters into any lease, contract or other arrangement, with any private person or corporation, affecting the distribution of energy generated on the Hetch Hetchy Project, which does not have the prior approval of the Secretary of the Interior, the parties to this stipulation hereby agree to the termination by this Court of any pending or existing stay of the injunction in the above entitled proceedings upon application of the United States.

Amendment

President Shannon moved as an amendment following the words Hetch Hetchy Project . . . the language "*prior to the date on which said revenue bond amendment shall have been submitted to the people,*"

There being no objection, it was so ordered.

Motion to Have Representative of Pacific Gas & Electric Company Present at Hearings

Supervisor Uhl moved that the Pacific Gas & Electric Company give the Board what information was available from their position in the matter.

There being no objection, the Clerk was directed to request attendance of representative of the Pacific Gas & Electric Company at meeting of Board Wednesday, August 21, 1940, at 2 P. M.

Whereas, The City and County of San Francisco has made application to Honorable Harold L. Ickes, Secretary of the Interior of the United States, that he recommend the suspension until July 1, 1941, of the effective date of the restraining order issued by the District Court of the United States on June 24, 1938, restraining the City from continuing to distribute its hydroelectric power through the agency of the Pacific Gas and Electric Company according to agreement of July 1, 1925; and

Whereas, As a condition precedent to agreeing to said suspension of said restraining order, said Secretary of the Interior has presented to the Mayor and through him to this Board of Supervisors the following stipulation to be executed by the Board of Supervisors, the Mayor, the Public Utilities Commission and the Manager of Utilities, which said stipulation is in the words and figures following, to-wit:

Defendant.

Stipulation

Whereas, this Court held in this case that the disposition of Hetch Hetchy energy by the City and County of San Francisco pursuant to the contract of July 1, 1925, between the City and the Pacific Gas and Electric Company was violative of section 6 of the Raker Act and issued an injunction restraining further performance under that contract and any disposal of Hetch Hetchy energy whereby there is transferred to any private individual or corporation the right to sell or sublet the energy; and

Whereas, on April 22, 1940, the Supreme Court of the United States affirmed the judgment of this Court and thereafter remanded the case to it; and

Whereas, the said Supreme Court announced its interpretation of the Raker Act as prohibiting any transfer of the right to sell Hetch Hetchy energy and as requiring the distribution of such energy by the City directly to consumers; and

Whereas, the City in good faith desires to comply with the requirements of the Raker Act as construed by the Supreme Court; and

Whereas, in order to afford the City a reasonable time for compliance with said act, the Government has consented to a stay, until October 1, 1940, of the effective date of the injunction entered in the case by this Court; and

Whereas, it will be impossible to effectuate such compliance on or before said date and the City will be deprived of the power revenue accruing under said contract if the injunction becomes effective on October 1, 1940; and

Whereas, the City must, on or before September 15, 1940, fix its tax rate for the fiscal year ending June 30, 1941, and desires the Government to consent to a further extension of the effective date of the injunction until June 30, 1941, in order to avoid an immediate increase in the tax rate sufficient to compensate for the loss of such revenue.

Now, Therefore, in order to secure the consent of the Government to such further stay, the City, acting through its attorneys, its Board of Supervisors, its Mayor, and its Public Utilities Commission, and the Manager of Utilities, hereby undertakes and pledges to this Court and to the Government, its willingness and intention to proceed to take all steps necessary to effectuate compliance with the Raker Act as expeditiously as possible, and specifically to support and carry out the following program for compliance:

1. The City undertakes to negotiate, on or before October 1, 1940, a lease of all the distribution facilities of the Pacific Gas and Electric Company in San Francisco, whereunder the City, on or before January 1, 1941, will have the entire control of said distribution facilities and will effectuate the distribution and sale of Hetch Hetchy energy through its own employees and operating organization, pursuant to its own policy and management.

Motion

On motion of Supervisor Roncovieri, Stipulation No. 1 was approved without objection.

2. If a definite commitment to enter into a lease agreement satisfactory to the Secretary of the Interior cannot be or is not secured on or before October 1, 1940, the City will submit to the electors at a special election to be held at a time satisfactory to the Secretary of the Interior, and not later than December 17, 1940, a proposed charter amendment for the issuance of bonds, payable out of revenue, for the acquisition or construction of a municipal power distributing system.

Discussion

Supervisors Uhl and Colman reiterated their objections as set forth in detail when matter was discussed in Committee of the Whole.

Approval

The Board then approved Stipulation No. 2.

3. The City, through its Board of Supervisors, its Mayor and its Public Utilities Commission, and the Manager of Utilities, will actively and in good faith support such charter amendment, and will make every effort, through all available means, to inform the electors fully of the merits, advantages, and feasibility of the plan, to explain the necessity for its approval by the voters, and to enlist in support thereof all representative civic groups and organizations and the public press of San Francisco in furtherance of this undertaking. In furtherance of this undertaking the City officials will secure and use time on the radio and space in the local newspapers to the maximum extent possible to present

the facts and arguments in support of the bond proposal. The City will also prepare and distribute to all voters of San Francisco a sample ballot similar to the one to be used at said election, and with said ballot will distribute to all of said voters a pamphlet or leaflet in support of said charter amendment which will fully explain the facts relative thereto and the reasons for the adoption thereof, together with a financial prospectus which will set forth the amount which can be realized by the municipal distribution of power, such pamphlet or leaflet to be in a form and substance approved by the Secretary of the Interior prior to its issuance.

Motion to Amend

Supervisor Uhl moved amendment of Stipulation No. 3, the last sentence thereof, after the word *thereof* . . . by inserting the following language: *"together with a financial prospectus which will set forth the amount which can be realized by the municipal distribution of power,"*. .

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. *Employees Entitled to Vacation.* Every employee in the City and County Service, except certified employees in the Board of Education, shall be allowed an annual vacation as provided herein as long as he remains in the City and County service.

Section 2. *Duration of Vacation and Compensation Therefor.* Employees shall be allowed a vacation of two calendar weeks, and the compensation paid to employees during the vacation period shall be the amount the employee would earn during his vacation period if working at his current rate of pay and work schedule without the inclusion of overtime earnings, subject to the following provisions:

(a) That one day's pay shall be deducted from the vacation allowance for each thirty days of absence without pay in excess of sixty days of absence without pay since the preceding vacation (or in the case of the first vacation, since the date of apointment), which absences in both cases shall be cumulative, provided that days of absence covered by Workmen's Compensation, sick leave with pay, or days of absence up to two months of sick leave without pay, or any

days of absence because of inclement weather, shall not be charged against the vacation allowance.

(b) That employees who, in accordance with the charter provisions, have been suspended for disciplinary purposes shall have deducted from their vacation allowance one day's pay for each thirty days of such suspension since the preceding vacation (or in the case of the first vacation, since the date of appointment).

(c) That employees of the Municipal Railway who are paid a "range" time shall receive compensation for such "range" time while on vacation, provided that such vacation compensation for their regular work schedule plus "range" time shall not exceed eight hours per day.

(d) That no deduction shall be made from vacation compensation on the presumption that if the employee had been on duty he would have laid off because of inclement weather.

(e) That a calendar week for the purposes of this ordinance is hereby defined as seven consecutive days, which may begin on any day of the week.

Section 3. *Vacation Schedules.* Vacation schedules shall be arranged at the discretion of the appointing officer, with particular regard to seniority of employees and the needs of the service, and insofar as possible with regard to the wishes of the employee; provided that employees shall not divide their vacation allowance into periods of less than seven consecutive days except where less than seven days of vacation are due; provided further that no employee shall be denied a vacation to which he is entitled; and provided further that no employee shall be allowed a vacation prior to the first anniversary of his employment. No employee shall be allowed more than one vacation in any calendar year, except that when, in the case of the first vacation, the date of the first anniversary of employment falls within the last two weeks of the calendar year, the employee shall be allowed to start his vacation within such two-week period prior to the end of the calendar year and complete such vacation in the following calendar year provided that such vacation time shall be continuous and such vacation shall not bar the employee from vacation during the second year of service.

For the purpose of this section, a continuous year of service shall be considered to be continuous when within such year an employee has served 11½ months under certification, and/or emergency appointment, and/or appointment exempt from civil service. Temporary employees who have completed a year of continuous service (and who are thereby eligible for two weeks' vacation) shall thereafter, for intermittent temporary service, be allowed one day of vacation for each thirty days of temporary service, such days of vacation to be cumulative, provided

(a) That vacation earned within the twelve-month period dating from the completion of the first year of continuous service (and in subsequent years the anniversary of such date) shall be taken during the eighteen-month period following the date (or anniversary) of the completion of the first year of continuous service.

(b) That such vacation as provided under this section shall not exceed two weeks of vacation in any calendar year.

(c) That vacation allowance shall not be approved if the vacation period is not covered by proper certification and appointment.

Recommendation of Finance Committee and Supervisor McGowan.

Confirming the Action of Special Committee in Re: Commitment Made to Honorable Harold L. Ickes, Secretary of the Interior, Relative to the Distribution of Hetch Hetchy Power.

(Series of 1939)

Resolution No....., as follows:

Whereas, A committee consisting of Mayor Angelo J. Rossi, Supervisors Warren Shannon and John McGowan, Manager of Utilities, E. G. Cahill, and City Attorney John J. O'Toole, met with the Secretary of the Interior in the City of Washington on the 23rd, 25th and 26th days of July, 1940, relative to the postponement of the effective date of the restraining order issued by the District Court of the United States restraining the City and County of San Francisco from its present method in the distribution of Hetch Hetchy power; and

Whereas, At said meeting with said Secretary of the Interior held on the 26th day of July, 1940, it was agreed by said committee that it would, with due diligence, make every effort to enter into a lease agreement with the Pacific Gas and Electric Company whereby the City would acquire the distribution facilities of said Company for the distribution of electricity within the City and County of San Francisco, with the exception of the distribution of electricity on Treasure Island, Yerba Buena Island and the Bay Bridge, and that if such a lease, in satisfactory form, could not be negotiated within a reasonable time, the City would use its best efforts to submit to the electors of the City and County of San Francisco a charter amendment which would provide for the issuance of revenue bonds for the purpose of acquiring the distribution facilities of the Pacific Gas and Electric Company in the City and County of San Francisco; and

Whereas, On said commitment being made by said committee, the Secretary of the Interior postponed the effective date of said injunction until the 1st day of October, 1940; and

Whereas, The City is now requesting the said Secretary of the Interior to agree to a further postponement of the effective date of said injunction, to the end that the City may receive as revenue from the distribution of Hetch Hetchy power, between the 1st day of October, 1940, and the 30th day of June, 1941, approximately $1,800,000.00; now, therefore, be it

Resolved, That this Board of Supervisors does hereby ratify the commitment made by said committee, to the effect that it will use every effort to enter into a satisfactory lease agreement with the Pacific Gas and Electric Company leasing its distribution facilities in the City and County of San Francisco, and if the terms and conditions of said lease cannot be agreed upon prior to the 1st day of October, 1940, or within such additional time as may be recommended by the Secretary of the Interior, that this Board of Supervisors will submit to the electors of the City and County of San Francisco an amendment to the Charter of said City and County which will provide for the issuance of revenue bonds in an amount sufficient to acquire the electrical distribution facilities of the Pacific Gas and Electric Company in the City and County of San Francisco for the distribution of electricity therein, and that said amendment will be submitted to said electors in time to be ratified at the 1941 session of the Legislature of the State of California, unless the Secretary of the Interior should consent to the postponement of said election.

Be It Further Resolved, That a copy of this resolution be forthwith transmitted to the Secretary of the Interior.

The following recommendation of Judiciary Committee was taken up:

Requesting the President to Appoint Andrew A. Moran to United States Maritime Commission

(Series of 1939)

Resolution No. 1227, as follows:

Whereas, On August 1, 1940, the resignation of Commissioner Edward C. Moran, Jr., of the State of Maine, as a member of the United States Maritime Commission, will become effective, and a concerted effort is being made from San Diego to Seattle to persuade the President of the United States to name to that commission Andrew A. Moran, a San Franciscan, whose experience, ability and knowledge of world and local maritime problems are recognized and respected by all persons familiar with maritime commerce on the Pacific Coast; and,

Whereas, The Pacific Coast, comprising one-third of the entire coast line of the United States, is predominant in Trans-Pacific steamship operation, and has increased in importance since the beginning of the present European war; and

Whereas, The urgent need for local representation on this important commission is warranted by many facts, including the following:

1. Shipping and shipbuilding conditions and problems on the Pacific Coast are at marked variance with those obtaining on the Atlantic and Gulf Coasts;

2. The millions of capital invested in the shipping industry and the thousands of skilled shipbuilding mechanics on this coast demand a voice in the deliberations of the United States Maritime Commission by actual membership thereon of a resident of the Pacific Coast;

3. Since the creation of the United States Maritime Commission in 1936 no member of that body has been a resident of any city farther west than St. Louis, Missouri.

Now, Therefore, Be it Resolved, That the Board of Supervisors of the City and County of San Francisco, in behalf of all San Francisco, does hereby respectfully request the President of the United States to appoint Andrew A. Moran, of this city, a member of the United States Maritime Commission, in order that the Pacific Coast may be represented by an executive whose familiarity with world ports and ocean commerce will secure and maintain rightful recognition and prestige for local ports; and be it

Further Resolved, That the Clerk transmit copies of this resolution to the President of the United States, and to the Senators and Representatives of Congress from California.

July 15, 1940—*Consideration of the foregoing Resolution was, on motion by Supervisor Shannon, seconded by Supervisor McGowan, postponed until July* 29, 1940.

July 29, 1940—*Referred to Judiciary Committee.*

Discussion

Supervisor Mead inquired as to whether any other names had been suggested for the appointment. President Shannon informed him there had been none.

Amendment

Supervisor Shannon moved to amend the Resolution by striking out the words "will become" following the language—United States Maritime Commission, and substitute therefor the word "became."

There being no objection, it was so ordered.

Adopted

Whereupon, the foregoing Resolution, as amended, was adopted by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Absent: Supervisors Brown, Colman, Schmidt—3.

The following recommendation of President Shannon was taken up:

Agreeing to Certain Stipulations Proposed by Honorable Harold L. Ickes, Secretary of the Interior of the United States, Relative to the Suspension until July 1, 1941, of the Effective Date of the Restraining Order Issued by the District Court of the United States on June 24, 1938, Restraining the City from Continuing to Distribute its Hydroelectric Power Through the Agency of the Pacific Gas and Electric Company, According to Agreement of July 1, 1925.

(Series of 1939)

Resolution No. 1219, as follows:

Whereas, The City and County of San Francisco has made application to Honorable Harold L. Ickes, Secretary of the Interior of the United States, that he recommend the suspension until July 1, 1941, of the effective date of the restraining order issued by the District

Court of the United States on June 24, 1938, restraining the City from continuing to distribute its hydroelectric power through the agency of the Pacific Gas and Electric Company according to agreement of July 1, 1925; and

Whereas, As a condition precedent to agreeing to said suspension of said restraining order, said Secretary of the Interior has presented to the Mayor and through him to this Board of Supervisors the following stipulation to be executed by the Board of Supervisors, the Mayor, the Public Utilities Commission and the Manager of Utilities, which said stipulation is in the words and figures following, to-wit:

IN THE SOUTHERN DIVISION OF THE UNITED STATES DISTRICT COURT FOR THE NORTHERN DIVISION OF CALIFORNIA

United States of America,
Plaintiff,

vs.

City and County of San Francisco, (a municipal corporation),
Defendant.

In Equity
No. 4173-R

STIPULATION

Whereas, This Court held in this case that the disposition of Hetch Hetchy energy by the City and County of San Francisco pursuant to the contract of July 1, 1925, between the City and the Pacific Gas and Electric Company was violative of section 6 of the Raker Act and issued an injunction restraining further performance under that contract and any disposal of Hetch Hetchy energy whereby there is transferred to any private individual or corporation the right to sell or sublet the energy; and

Whereas, On April 22, 1940, the Supreme Court of the United States affirmed the judgment of this Court and thereafter remanded the case to it; and

Whereas, The said Supreme Court announced its interpretation of the Raker Act as prohibiting any transfer of the right to sell Hetch Hetchy energy and as requiring the distribution of such energy by the City directly to consumers; and

Whereas, The City in good faith desires to comply with the requirements of the Raker Act as construed by the Supreme Court; and

Whereas, In order to afford the City a reasonable time for compliance with said act, the Government has consented to a stay, until October 1, 1940, of the effective date of the injunction entered in the case by this Court, and

Whereas, It will be impossible to effectuate such compliance on or before said date and the City will be deprived of the power revenue accruing under said contract if the injunction becomes effective on October 1, 1940; and

Whereas, The City must, on or before September 15, 1940, fix its tax rate for the fiscal year ending June 30, 1941, and desires the Government to consent to a further extension of the effective date of the injunction until June 30, 1941, in order to avoid an immediate increase in the tax rate sufficient to compensate for the loss of such revenue.

Now, Therefore, In order to secure the consent of the Government to such further stay, the City, acting through its attorneys, its Board of Supervisors, its Mayor, and its Public Utilities Commission, and the Manager of Utilities, hereby undertakes and pledges to this Court and to the Government, its willingness and intention to proceed to take all steps necessary to effectuate compliance with the Raker Act as expeditiously as possible, and specifically to support and carry out the following program for compliance:

1. The City undertakes to negotiate, on or before October 1, 1940, a lease of all the distribution facilities of the Pacific Gas and Electric Company in San Francisco, whereunder the City, on or before January 1, 1941, will have the entire control of said distribution facilities and will effectuate the distribution and sale of Hetch Hetchy energy through its own employees and operating organization, pursuant to its own policy and management.

2. If a definite commitment to enter into a lease agreement satisfactory to the Secretary of the Interior cannot be or is not secured on or before October 1, 1940, the City will submit to the electors at a special election to be held at a time satisfactory to the Secretary of the Interior, and not later than December 17, 1940, a proposed charter amendment for the issuance of bonds, payable out of revenue, for the acquisition or construction of a municipal power distributing system.

3. The City, through its Board of Supervisors, its Mayor and its Public Utilities Commission, and the Manager of Utilities, will actively and in good faith support such charter amendment, and will make every effort, through all available means, to inform the electors fully of the merits, advantages, and feasibility of the plan, to explain the necessity for its approval by the voters, and to enlist in support thereof all representative civic groups and organizations and the public press of San Francisco in furtherance of this undertaking. In furtherance of this undertaking the City officials will secure and use time on the radio and space in the local newspapers to the maximum extent possible to present the facts and arguments in support of the bond proposal. The City will also prepare and distribute to all voters of San Francisco a sample ballot similar to the one to be used at said election and with said ballot will distribute to all of said voters a pamphlet or leaflet in support of said charter amendment which will fully explain the facts relative thereto and the reasons for the adoption thereof, *together with a financial prospectus which will set forth the amount which can be realized by the municipal distribution of power*, such pamphlet or leaflet to be in a form and substance approved by the Secretary of the Interior prior to its issuance.

4. The City, through its Board of Supervisors, or any members thereof, its Mayor and its Public Utilities Commission will not initiate for submission to the voters any proposal or proposition in any form concerning amendment of the Raker Act at or prior to the election in which the bond proposal is submitted to the voters, and the City officials will oppose any such proposal or proposition which may be initiated otherwise for submission at or prior to such election, and will oppose any attempt to place such a proposal or proposition on the ballot at such time.

5. If the City enters into any lease, contract or other arrangement, with any private person or corporation, affecting the distribution of energy generated on the Hetch Hetchy Project, which does not have the prior approval of the Secretary of the Interior, the parties to this stipulation hereby agree to the termination by this Court of any pending or existing stay of injunction in the above entitled proceedings upon application of the United States.

6. In addition to the foregoing, the City, through its responsible officials, will take any and all action necessary or appropriate to the end that compliance with the Raker Act, in accordance with the decision of the Supreme Court, will be finally effectuated on or before July 1, 1941.

7. In consideration of these undertakings, the plaintiff and the defendant further stipulate the Court may, in its discretion, and in reliance upon the above undertaking, extend the effective date of the injunction in these proceedings to and including June 30, 1941.

Now, Therefore, be it Resolved That this Board of Supervisors does hereby approve said stipulation and all of the conditions thereof,

and direct that the same be executed for and on behalf of this Board by the President and the Clerk thereof, and by the Mayor for and on behalf of the City and County, and that the same be thereupon forwarded to the Public Utilities Commission, the Manager of Utilities and to the City Attorney for their respective signatures.

Discussion

As to Stipulation No. 3, the City Attorney advised the Board he had submitted an entirely new stipulation embracing Supervisor Uhl's requested amendment thereto as to a prospectus.

As to Stipulation No. 5, he stated the Secretary of the Interior had declined to approve the stipulation presented subsequent to meeting of the Board, Monday, August 19, 1940, and he had, therefore, submitted an entirely new Stipulation No. 5.

Supervisor Uhl read to the Board editorials from:

(a) The San Francisco Chronicle of Wednesday, August 21, 1940, entitled "Cracking the Whip Over Hetch Hetchy—Ickes' Dictator Complex Acts Up in Demands on S. F."

(b) The San Francisco Examiner of Wednesday, August 21, 1940, entitled "The Problem of Mr. Havenner."

He said this was done in order to present to the Board the opinion of the press of San Francisco in regard to Hetch Hetchy and to strengthen his own position in the matter.

Explanation of Vote by Supervisor Uhl

Supervisor Uhl thereupon filed a statement of his reasons for voting "No" on the resolution and requested that it be made part of the record.

Appreciating the desirability to generate Hetch Hetchy power until June 30, 1941, in order to relieve the taxpayers of the possible loss of $1,800,000, I am for that; but, if I am to vote for the stipulation demanded by Secretary of the Interior, Mr. Ickes, from the Board of Supervisors, it will be upon the agreement that the members of the Board of Supervisors will, if and when a Revenue Bond issue is submitted for municipal distribution of power, agree to the insertion of a statement prepared by me, and financed by the Board of Supervisors, covering a proposed Revenue Bond issue for municipal distribution of power to be placed in the same ballot.

I make this request in order that I can study any financial prospectus covering generation and municipal distribution of Hetch Hetchy power to be prepared by the proper municipal department.

There being no objection, it was so ordered.

Discussion by Supervisor McGowan

In reply to Supervisor Uhl, Supervisor McGowan spoke in part as follows:

"In answer to the statements made by Supervisor Uhl, and with particular reference to the editorials appearing in our local newspapers this morning, I am sure our Mayor, City Attorney, Controller, and Board of Supervisors understand the predicament we are in. We know that we are absolutely up against the gun. The Secretary of the Interior is holding four aces in refusing us a continuance of an annual revenue of $1,800,000. We must accede to his demands if we want to save that amount. If we want to get up on our high horse and fight him we can do that, too. Mr. Uhl's position is very clear from his vote, he is not for the resolution. If we want to pass this resolution we will save the sum of money previously mentioned. If we do not do so the tax rate will go up on September 15 or whenever our tax rate is fixed. We do not like to be shoved around, but this is one time we have to do what we do not like to do. The Controller has stated that this resolution must be signed, sealed and delivered to him in time to

fix the tax rate for the current fiscal year. If we cannot pass this document today and the time limit for action by the Board having been suggested as Saturday, August 31, we are simply refusing a chance to save the taxpayers $1,800,000 for the current fiscal year . . ."

Whereupon, the foregoing resolution, as amended, was adopted by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

(d) The depth of penetration of the preservative into the wood resulting from the treatment shall not be less than the depth of penetration of coal-tar creosote, meeting the requirements in this section set forth, resulting from the subjection of such wood to the coal-tar creosote treatment hereinabove in this section approved.

(e) The preservative and treatment shall enable wood subjected thereto to effectively resist attacks by termites and other insects and fungi for a period of at least ten (10) years, and there shall be reasonable cause to believe that such preservative and treatment will give effective protection to wood against the successful attack by termites and other insects and fungi for a period in excess of ten (10) years.

No preservative or treatment, application for approval of which is made, shall be approved by the Director of Public Works unless satisfactory evidence is submitted by applicant to the Director of Public Works that the preservative and treatment meets the foregoing requirements.

Such inspector, or inspecting firm or corporation, shall first be approved by the Director of Public Works, and the cost of such inspection shall be borne by the person, firm or corporation subjecting such lumber to such treatment.

Each piece of lumber which has been subjected to an approved treatment with an approved preservative if found by such inspector, inspecting firm or corporation, to have been subjected to an approved

treatment with an approved preservative in conformity with the requirements of this section, shall be stamped with a permanent mark of identification of the inspector, or inspecting firm or corporation, which mark shall be a certification by the inspector, or inspecting firm or corporation, that such lumber has been subjected to an approved treatment with an approved preservative as in this section required, and such identification mark shall be registered in the office of the Superintendent of the Bureau of Building Inspection, and shall be of a distinctive character, and shall be for the exclusive use of the inspector, the inspecting firm or corporation, registering the same.

Very truly yours,

Vacation Ordinance

(Series of 1939)

Bill No. 846, Ordinance No. ....., as follows:

An ordinance regulating annual vacations of employees of the City and County of San Francisco except certificated employees of the Board of Education.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. *Employees Entitled to Vacation.* Every employee in the City and County Service, except certified employees in the Board of Education, shall be allowed an annual vacation as provided herein as long as he remains in the City and County service.

Section 2. *Duration of Vacation and Compensation Therefor.* Employees shall be allowed a vacation of two calendar weeks, and the compensation paid to employees during the vacation period shall be the amount the employee would earn during his vacation period if working at his current rate of pay and work schedule without the inclusion of overtime earnings, subject to the following provisions:

(a) That one day's pay shall be deducted from the vacation allowance for each thirty days of absence without pay in excess of sixty days of absence without pay since the preceding vacation (or in the case of the first vacation, since the date of apointment), which absences in both cases shall be cumulative, provided that days of absence covered by Workmen's Compensation, sick leave with pay, or days of absence up to two months of sick leave without pay, or any days of absence because of inclement weather, shall not be charged against the vacation allowance.

(b) That employees who, in accordance with the charter provisions, have been suspended for disciplinary purposes shall have deducted from their vacation allowance one day's pay for each thirty days of such suspension since the preceding vacation (or in the case of the first vacation, since the date of appointment).

(c) That employees of the Municipal Railway who are paid a "range" time shall receive compensation for such "range" time while on vacation, provided that such vacation compensation for their regular work schedule plus "range" time shall not exceed eight hours per day.

(d) That no deduction shall be made from vacation compensation on the presumption that if the employee had been on duty he would have laid off because of inclement weather.

(e) That a calendar week for the purposes of this ordinance is hereby defined as seven consecutive days, which may begin on any day of the week.

Section 3. *Vacation Schedules.* Vacation schedules shall be arranged at the discretion of the appointing officer, with particular regard to seniority of employees and the needs of the service, and insofar as possible with regard to the wishes of the employee; provided that employees shall not divide their vacation allowance into periods of less than seven consecutive days except where less than seven days of vacation are due; provided further that no employee shall be denied a vacation to which he is entitled; and provided further that no employee shall be allowed a vacation prior to the first anniversary of his employment. No employee shall be allowed more than one vacation in any calendar year, except that when, in the case of the first vacation, the date of the first anniversary of employment falls within the last two weeks of the calendar year, the employee shall be allowed to start his vacation within such two-week period prior to the end of the calendar year and complete such vacation in the following calendar year provided that such vacation time shall be continuous and such vacation shall not bar the employee from vacation during the second year of service.

Section 4. *Vacation Charges Against Departments.* The Controller shall establish procedure for the method of payment of salary and the proration thereof, to employees entitled to vacation through service in two or more departments.

Section 5. *Vacation for Employees Occupying Temporary Positions.* Employees occupying positions defined by the rules of the Civil Service Commission as temporary positions shall be governed by the provisions of this ordinance, except as herein provided. Temporary employees must establish their right to vacation by the completion of a year of continuous service from the date of appointment. For the purpose of this section, a continuous year of service shall be considered to be continuous when within such year an employee has served 11½ months under certification, and/or emergency appointment, and/or appointment exempt from civil service. Temporary employees who have completed a year of continuous service (and who are thereby eligible for two weeks' vacation) shall thereafter, for intermittent temporary service, be allowed one day of vacation for each thirty days of temporary service, such days of vacation to be cumulative, provided

(a) That vacation earned within the twelve-month period dating from the completion of the first year of continuous service (and in subsequent years the anniversary of such date) shall be taken during the eighteen-month period following the date (or anniversary) of the completion of the first year of continuous service.

(b) That such vacation as provided under this section shall not exceed two weeks of vacation in any calendar year.

(c) That vacation allowance shall not be approved if the vacation period is not covered by proper certification and appointment.

Section 6. *Vacation Time Not to be Used to Work for Pay Elsewhere.* Employees shall not accept paid employment elsewhere while on vacation. If any employee does accept paid employment while on vacation, he shall forfeit the vacation compensation to which he is otherwise entitled under this ordinance.

Privilege of the Floor

Mr. William L. Henderson, explained the reasons for endorsement of the foregoing proposed legislation by the Civil Service Commission. He explained, also, the provisions incorporated therein.

Mr. John Sharon, speaking for the Public Utilities Commission, announced that the ordinance was entirely satisfactory to the Commission.

Whereupon, the roll was called and the proposed vacation ordinance was passed for second reading by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor Brown—1.

Adopted

Recommendation of Finance Committee and Supervisor McGowan.

Confirming the Action of Special Committee in Re: Commitment Made to Honorable Harold L. Ickes, Secretary of the Interior, Relative to the Distribution of Hetch Hetchy Power.

(Series of 1939)

Resolution No. 1245, as follows:

Whereas, A committee consisting of Mayor Angelo J. Rossi, Supervisors Warren Shannon and John McGowan, Manager of Utilities, E. G. Cahill, and City Attorney John J. O'Toole, met with the Secretary of the Interior in the City of Washington on the 23rd, 25th and 26th days of July, 1940, relative to the postponement of the effective date

of the restraining order issued by the District Court of the United States restraining the City and County of San Francisco from its present method in the distribution of Hetch Hetchy power; and

Whereas, At said meeting with said Secretary of the Interior held on the 26th day of July, 1940, it was agreed by said committee that it would, with due diligence, make every effort to enter into a lease agreement with the Pacific Gas and Electric Company whereby the City would acquire the distribution facilities of said Company for the distribution of electricity within the City and County of San Francisco, with the exception of the distribution of electricity on Treasure Island, Yerba Buena Island and the Bay Bridge, and that if such a lease, in satisfactory form, could not be negotiated within a reasonable time, the City would use its best efforts to submit to the electors of the City and County of San Francisco a charter amendment which would provide for the issuance of revenue bonds for the purpose of acquiring the distribution facilities of the Pacific Gas and Electric Company in the City and County of San Francisco; and

Whereas, On said commitment being made by said committee, the Secretary of the Interior postponed the effective date of said injunction until the 1st day of October, 1940; and

Whereas, The City is now requesting the said Secretary of the Interior to agree to a further postponement of the effective date of said injunction, to the end that the City may receive as revenue from the distribution of Hetch Hetchy power, between the 1st day of October, 1940, and the 30th day of June, 1941, approximately $1,800,000.00; now, therefore, be it

Resolved, That this Board of Supervisors does hereby ratify the commitment made by said committee, to the effect that it will use every effort to enter into a satisfactory lease agreement with the Pacific Gas and Electric Company leasing its distribution facilities in the City and County of San Francisco, and if the terms and conditions of said lease cannot be agreed upon prior to the 1st day of October, 1940, or within such additional time as may be recommended by the Secretary of the Interior, that this Board of Supervisors will submit to the electors of the City and County of San Francisco an amendment to the Charter of said City and County which will provide for the issuance of revenue bonds in an amount sufficient to acquire the electrical distribution facilities of the Pacific Gas and Electric Company in the City and County of San Francisco for the distribution of electricity therein, and that said amendment will be submitted to said electors in time to be ratified at the 1941 session of the Legislature of the State of California, unless the Secretary of the Interior should consent to the postponement of said election.

Be It Further Resolved, That a copy of this resolution be forthwith transmitted to the Secretary of the Interior.

August 12, 1940—After discussion, the foregoing resolution was adopted by the following vote:

Ayes: Supervisors McGowan, Mead, Meyer, Ratto, Roncovieri, Shannon—6.

Noes: Supervisors Colman, Uhl, McSheehy—3.

Absent: Supervisors Brown, Schmidt—2.

Notice of Reconsideration by Supervisor McSheehy

Before the result of the vote on the foregoing resolution was announced, Supervisor McSheehy changed his vote from No to Aye and gave notice of reconsideration at next meeting of the Board, the vote then being:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Noes: Supervisors Colman, Uhl—2.

Absent: Supervisors Brown, Schmidt—2.

Question

Shall the vote by which Resolution No. ..... confirming the action of Special Committee in re: commitment made to Honorable Harold L. Ickes, Secretary of the Interior, relative to the distribution of Hetch Hetchy Power, heretofore adopted on August 12, 1940, be reconsidered?

August 19, 1940—*Consideration postponed until Monday, August* 26, 1940.

The Chair, after reading from Robert's Rules of Order, ruled that an original motion to reconsider requires a second.

Supervisor McSheehy, did not appeal from the ruling of the Chair, but announced his intention to present a written statement of his interpretation of Robert's Rules of Order, in support of his contention that such motion did not require a second.

Supervisors Colman and Mead expressed briefly their opposition to reconsideration.

Whereupon, no motion for reconsideration having been made and seconded, the foregoing Resolution stoood adopted as of August 12, 1940.

August 5, 1940—*Consideration postponed until August* 12, 1940.

August 12, 1940—*On motion by Supervisor Uhl, on the grounds that he believed the mileage allowance would be prohibitive and, further, that the usual monthly allowance made other departments for use of privately owned automobiles should be made in this instance, the matter was re-referred to Finance Committee.*

August 19, 1940—*Consideration postponed until Monday, August* 26, 1940.

Supervisor Uhl, who, on presentation of the foregoing, had objected thereto on the grounds that it might set an unwise precedent, after full explanation by the Controller, withdrew his opposition and expressed his intention to vote therefor, with the understanding that check should

be made after six months' time had elapsed to determine which method is the more economical, to pay for use of employees automobiles on a flat monthly basis or on a mileage basis.

Privilege of the Floor

Mrs. Anna C. Wellbrock, was, on motion by Supervisor McGowan, granted the privilege of the floor. Mrs. Wellbrock called attention to the omission from the proposed ordinance, of flower stand in front of the Crystal Palace Market, on Market Street.

Mr. Richard L. Sloss, member of the firm of Sloss and Turner, representing Crystal Palace Market, supported statement by Mrs. Wellbrock, and urged, with her, that the omitted flower stand be provided for in the ordinance.

Mr. Brown, Attorney, representing Retail Florists Association, objected to the inclusion of the above mentioned flower stand.

Amendment

Supervisor McSheehy, seconded by Supervisor Uhl, moved that Section 155 of the Bill, as presented, be amended by inserting after subdivision 13 thereof, the following:

The Crystal Palace Free Public Flower Market

14. On the south sidewalk of Market Street, facing the location 1179 Market Street.

Supervisor Ratto suggested, also, the insertion after the above proposed amendment, the language "or any other stand that has been in operation during the past five years."

However, after statement by the Chair that with the foregoing proposed amendment, every flower stand in San Francisco had been taken care of, Supervisor Ratto did not press the inclusion of language suggested.

Thereupon, the roll was called and the foregoing amendment was approved by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor Brown—1.

Mr. Willard L. Pope, Attorney, representing several of the smaller flower stands affected by the proposed ordinance, called attention to the proposed quarterly license fee of $50, and presented arguments in support of his contention that such fee, for a one-man operated stand was entirely too great.

Motion for Postponement

Thereupon, Supervisor McSheehy moved that further consideration of the entire matter be postponed for one week, and be made a Special Order of Business at 3 P. M., at which time Mr. Pope would be requested to present to the Board an itemized statement from the florists whom he represented, in support of his contentions that $50 is an excessive fee. Motion seconded by Supervisor Ratto.

After brief objection to postponement voiced by Supervisors Uhl

and Roncovieri, the roll was called and motion failed by the following vote:

Ayes: Supervisors Colman, McSheehy, Ratto—3.

Noes: Supervisors McGowan, Mead, Meyer, Roncovieri, Shannon, Uhl—6.

Absent: Supervisors Brown, Schmidt—2.

Privilege of the Floor

Mrs. Anna C. Wellbrock and Mrs. Annie Scanlon were granted the privilege of the floor, and urged the preservation of the flower stands in San Francisco.

Supervisor Colman announced to the Board that Mr. A. D. Wilder, Director of Public Works, had stated that the proposed license fee of $50 was suggested at the request of Mr. Brown, Attorney for the Retail Florists. However, the main question to be considered was not primarily the amount of the fee, but whether or not flower stands should be preserved in San Francisco. He believed such stands should be preserved.

Supervisor McSheehy moved that the amount of license fee be fixed at $40 per quarter. No second.

Limitation of Sidewalk Occupancy Proposed

Supervisor Uhl moved that Section 161 be amended by adding to subdivision (b) thereof, the following: Said sidewalk flower vending stands shall not exceed sixteen feet curb space by a sidewalk depth of four feet.

Mr. Wilder, in commenting thereon, stated that regulation of flower stands was a function of the Department of Public Works. However, if the proposed restriction represented the maximum sidewalk space to be occupied, he had no objection.

Thereupon, Supervisor McSheehy suggested that further consideration of proposed limitation of sidewalk occupancy be postponed for one week, in order that operators of the flower stands might present their views thereon.

Supervisor McGowan suggested, also, that flower stand operators be given an opportunity to be heard as to license fee to be imposed.

Consideration Postponed

Whereupon, further consideration was postponed until Tuesday, September 3, 1940, at 3 P. M.

Section 3. This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is passed specifically declare that an actual emergency exists which necessitates this ordinance becoming effective immediately, the nature of the said emergency being as follows:

That the passage of said ordinance is required as a prerequisite to the fixing of the tax rate and to the issuance of tax anticipation warrants in accordance with the provisions of Section 81 of the Charter, and that the issuance of said notes immediately is necessary in order to provide funds for the operation of the Police and Fire departments, and for the maintenance of hospitals and relief homes in San Francisco and for the care of the indigent sick and dependent poor of the City and County, and for the preservation of the public peace, property, health and safety of the people of said City and County, as well as for the uninterrupted operation of the various departments of the government of the City and County of San Francisco.

Discussion

Supervisor Roncovieri, after explanation of the proposed Ordinance by the Controller, that the foregoing proposal was merely to make the Annual Appropriation Ordinance conform to the final budget as adopted by the School Department, and reflected a reduction of about $500,000 in the School Department budget, denied that there was any reduction in that budget over last year, but merely a reduction of $500,000 in the tentative budget previously submitted to the Board by the Board of Education. In view of the decrease in the average daily attendance of pupils, amount to 7000 pupils less than the attendance some seven years previous, the mounting increase of the cost of the School Department's functioning did not make sense.

Because of the reduction in the average daily attendance of pupils, and in protest against the autocratic methods of the Board of Education, which presented no breakdown or detail of its budget, he would vote "No" on the foregoing Supplemental Annual Appropriation Ordinance—School Department.

Supervisor Colman differed from the views expressed by Supervisor Roncovieri, stating that in view of the increases in budget required by other departments, the Board of Education should not be criticized for the increase in its budget. New schools, voted by the people, have to be equipped and manned.

Chief Asst. Clerk.

Explanation of Vote

Supervisor McSheehy, in explanation of his intended vote, presented the following statement:

To the Honorable, August 26, 1940.
The Board of Supervisors.

Gentlemen:

The City Charter clearly places the responsibility for the preparation of our annual budget in the hands of our Mayor and we, as a Board of Supervisors, cannot increase any item except for capital expenditures, but we can reduce or cut any item.

In the study of the budget for the fiscal year 1940-1941, I gave my reasons why 24 items amounting to $510,309 should be deleted. This deletion would have had the effect of cutting 6 1-3 cents from our tax rate and would not have impaired the efficiency and maintenance of our city government.

On the adoption of the annual budget on May 24 of this year I voted No. Today I am doing likewise for the reasons herein stated. I would therefore, ask that this statement be made part of the record and printed in the Journal.

Very truly yours,
(Signed) JAMES B. McSHEEHY, Supervisor.

Supervisor Meyer, following the reading of the foregoing statement, requested a breakdown of the $510,309 which Supervisor McSheehy stated might have been deleted from the budget, with the corresponding decrease in the tax rate.

Supervisor McSheehy, in reply thereto, that an examination of the records would show the deletions proposed by him, or voted for by him.

Whereupon, Supervisor Meyer disagreed as to the effect of making the deletions in the budget to which Supervisor McSheehy had referred. Such deletions could not have been made, he believed, without impairing the efficiency of the city government.

In reply to questioning by Supervisor Uhl, the Controller explained that failure to approve the Tax Rate Ordinance would delay the payment of salaries, and would prohibit the approval of necessary purchase orders after September 1, 1940. It is most urgent that the Tax Rate Ordinance be enacted without delay.

Whereupon, Supervisor Uhl announced that although his inclination would be to vote "No" on the Tax Rate Ordinance, he would not, under the circumstance, so do.

Supervisor Roncovieri questioned the City Attorney as to the possibility of amending the Annual Appropriation Ordinance by making those deletions referred to by Supervisor McSheehy, amounting to $510,309, and making the necessary changes in the tax rate ordinance to produce the lesser amount.

The City Attorney, in reply thereto, stated that the Annual Appropriation has gone beyond the control of the Board, and the Board must produce the amount called for by the budget.

Whereupon, Supervisor Roncovieri also expressed his inclination to vote against the tax rate ordinance, although he would not do so. However, he did not agree that any $510,000 could have been eliminated from the budget, or anything but a very small part of that amount could have been deleted. The composite mind of the Board was that the budget, as adopted, represented the minimum requirement for governmental services. He would like to vote against the ordinance, but would not take advantage of his friends on the Board who had honestly and sincerely done their duty during budget consideration.

Supervisor Schmidt, in expressing his views, stated that he believed many savings could have been effected and the city could have had a lower tax rate. For that reason he too; was not inclined to vote for

the tax rate as proposed, but as he did not want to work any hardship on anyone, or to interfere with the orderly progress of government, he would, under protest, vote for the tax rate.

Final Passage

Thereupon, the roll was called and the ordinance fixing the tax rate for the fiscal year 1940-1941 was finally passed by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

No: Supervisor McSheehy—1.

Bill No. 857 Ordinance No. 789, as follows:

Determining that funds are needed for the immediate requirements of the City and County of San Francisco for the fiscal year 1940-41 in accordance with appropriations made, as authorized by the Charter of said City and County of San Francisco, for said fiscal year; determining that funds therefor cannot be made available as provided in the first two paragraphs of Section 81 of said Charter; authorizing the Board of Supervisors of said City and County of San Francisco to borrow on its behalf the sum of $9,000,000 solely for the purpose of anticipating receipt of income, and to cause to be issued notes or other evidences of indebtedness evidencing the amount or amounts so borrowed, which notes shall be payable exclusively out of taxes levied and collected by said City and County for said fiscal year 1940-41 providing that the principal amount of said notes together with the interest thereon shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which such money shall be borrowed and shall be repaid from the first moneys received from said taxes; and providing for the sale of said notes or evidences of indebtedness as provided by law and for the payment of the principal thereof and the interest thereon.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Supervisors of the City and County of San Francisco does hereby find and determine: That the sum of $9,000,000 is needed for the immediate requirements of said City and County in the fiscal year 1940-41, to-wit: To meet and pay the appropriations heretofore made for said fiscal year as authorized by the Charter of said City and County, and which will become due and payable prior to June 30, 1941, and which may be paid in advance of receipt of the income for said fiscal year; that funds therefor cannot be made available as provided in the first two paragraphs of Section 81 of said Charter; that the Controller of said City and County has recommended that said sum of $9,000,000 be borrowed for the purposes herein mentioned, and the Mayor of said City and County of San Francisco has approved said recommendation made by said Controller; and that the estimated aggregate amount of all taxes actually levied by said City and County for said fiscal year is $35,147,113.00, and that said sum of $9,000,000 does not exceed twenty-five (25) per centum of said estimated aggregate amount of all taxes actually levied for said fiscal year.

Section 2. The Board of Supervisors of said City and County of San Francisco is hereby authorized to borrow on behalf of said City and County, solely for the purpose of anticipating receipt of income, the sum of $9,000,000 in lawful money of the United States of America, and to issue in the form hereinafter set forth notes of said City and County for the sum or sums so borrowed, payable as hereinafter provided.

Section 3. (a) As evidence of the sum to be so borrowed as aforesaid, there is hereby authorized to be issued by said City and County of San Francisco in the aggregate principal amount of $9,000,000. Said notes shall be in the denomination of not less than $1,000 each, nor more than $100,000 each, and such denominations shall be fixed by resolution of this Board adopted at or after the time of the public sale of said notes as hereinafter provided. All of said notes shall be signed on behalf of said City and County of San Francisco by the President of said Board of Supervisors, and by the Controller of said City and County, and countersigned by the Treasurer of said City and County of San Francisco, and the seal of said City and County shall be affixed thereto. Said notes shall bear such interest as may be hereafter fixed by resolution of said Board of Supervisors at or before the time said notes are sold, as hereinafter provided which said interest shall in no case exceed six (6) per cent per annum, and full authority is hereby given to said Board of Supervisors to fix by resolution the rate of interest on said notes and each or any of them. Said interest shall be payable at the maturity of said notes.

(b) The principal amount of said notes together with the interest thereon, issued and delivered under authority of this ordinance, shall be payable exclusively out of the taxes levied and collected by said City and County for the fiscal year 1940-41 and shall constitute a first lien and charge against the taxes collected during the half of the fiscal year in which said money shall be borrowed and shall be repaid from the first moneys received from said taxes; and the amount of taxes so levied and collected shall be applied to the payment of said notes before any part thereof is used for any other purpose; provided, however, that taxes levied for the payment of principal of, or interest on, any bonded indebtedness of said City and County now outstanding or hereafter created shall be applied to the purpose for which such taxes were levied, unless the money borrowed by such notes issued against such tax levies is in fact applied to the payment of the principal and interest of such bonded indebtedness. If at the time said notes, or any of them, become due and payable the funds in the City Treasury available for the payment thereof shall be insufficient for the payment in full of all of said notes then outstanding, such funds shall be applied pro rata to the payment of the principal and interest of all of the notes then issued and outstanding without preference or priority of any one note over any other by reason of prior issuance, or otherwise. Any of said notes not paid prior to June 30, 1941, shall, nevertheless, be paid out of moneys received from the taxes of the fiscal year 1940-41, irrespective of the date of the receipt thereof; it being the intent and purpose of this ordinance to provide for the payment of all notes issued hereunder out of the taxes levied for said fiscal year 1940-41 and to provide that such notes shall be payable out of said taxes for said fiscal year 1940-41 and to provide that such notes shall be payable out of said taxes for said fiscal year, irrespective of the actual date of the collection thereof.

Explanation of Vote

Supervisor McGowan expressed his opposition to the foregoing legislation, stating he believed it to be poor legislation and considered that the Board, by approving same, would be taking advantage of legitimate business in San Francisco. This proposed license fee is, he believed, merely an occupational tax, and the Board, by its action, might be imposing a tax that borders on the verge of illegality. He agreed with the position taken by the representatives of the Parent-Teacher Association, that licensing mechanical amusement devices will put these machines in the light of legality. For these reasons he will vote against the measure.

Proposed Amendment

Supervisor Uhl moved that Section 302 be amended by striking out in the second paragraph thereof, the words and figures "eighteen (18)" and substituting therefor the words and figures "twenty-one (21)."

Motion failed for want of a second.

Discussion

Supervisor McGowan, Chairman of Fire, Safety and Police Committee, explained the reasons prompting the Committee's recommendation of the foregoing legislation, stating that gasoline supply stations, especially in the down town district, are now parking cars and do not pay any fee therefor. The Committee holds that they should operate in the same manner as parking lots and garages, and should pay a license fee.

President Shannon relinquished the Chair temporarily, and opposed the passage of the Committee's recommendation. While it is true that gasoline supply stations in some localities do park automobiles, he did not believe such practice should be encouraged. Should this Bill be approved, stations will rent additional space and the sale of gasoline and oil will become a side issue. Compared with garages, these stations pay little or no taxes, as far as improvements are concerned. The additional license fees will amount to only about $6,000 annually, or about one-twelfth of one cent in the tax rate, which is practically negligible.

Mr. Cranson L. Hopkins, representing service station operators, announced that the service station operators were in favor of the proposed legislation.

Privilege of the Floor

Captain Michael Riordan, Acting Chief of Police, on being granted the privilege of the floor, called attention to need for simplification of the San Francisco Municipal Code, and the many provisions therein duplicating provisions in the State Motor Vehicle Code.

Communication was received from the San Francisco Chamber of Commerce, endorsing the proposed new traffic ordinance drafted by the Special Traffic Ordinance Technical Committee.

Communication was received, also, from the Down Town Association objecting to the delegation of authority to the Police Commission, under Sections 26, 28, 30 and 32 of the proposed legislation, stating that such authority should be retained by the Board of Supervisors.

Mr. Will Merryman was granted the privilege of the floor. Mr. Merryman supported the opinions expressed by the Down Town Associa-

tion, and urged the amendment of Sections 26, 28 and 30 by the insertion therein of provision that the "Board of Supervisors shall designate by resolution," rather than permit the Police Commission to designate Through Highways, Restricted Traffic Streets, or One Way Traffic Streets.

Police Officer Ed Penaat read the proposed new traffic code, explaining each section thereof, where changed, and the reasons for such changes.

Following the reading of Section 24, Supervisor Brown, seconded by Supervisor Colman, moved that Section 24 be amended by the deletion therefrom of the last three lines, reading "except that removal to the side of the roadway is authorized in accidents involving property damage only, when necessary to allow for the continued flow of street car traffic."

Acting Chief Riordan objected to the proposed amendment. Supervisors Uhl and McSheehy also objected to the proposed amendment.

Thereupon, the roll was called and the motion to amend was defeated by the following vote:

Ayes: Supervisors Brown, Colman—2.

Noes: Supervisors McGowan, McSheehy, Mead, Meyer—4.

Absent: Supervisor Ratto—1.

Supervisor Roncovieri, who was absent from the Chambers when the foregoing roll call began, requested, when his name was reached, that he be excused from voting.

Whereupon, before the foregoing roll was completed, Supervisor Brown, with the consent of his second, withdrew his motion.

During the reading of Article III, Major A. J. McCrystal, representing the Down Town Association, renewed the request made by his organization for the amendment of Sections 26, 28 and 30, as mentioned above.

Mr. William Nanry, of the Bureau of Governmental Research, stated that the proposed legislation, being purely regulatory, held no particular interest for his organization. However, he expressed doubt as to the right of the Board to delegate authority to the Police Commission to designate any streets as Through Highways, Restricted Traffic Streets or One Way Streets.

Captain Michael Riordan pointed out the desirability of retaining the foregoing sections, as presented, in the interest of better traffic enforcement.

Mr. Albert Skelly, Deputy City Attorney, in answer to objections pointed out by Mr. Nanry, stated that in view of the provisions of Section 35 of the Charter, the Board could delegate certain powers as per Sections 26, 28 and 30.

After further brief discussion, during which Supervisors Brown, McGowan and McSheehy upheld the ordinance as presented, and Supervisors Uhl and Colman believed that the amendment as proposed by the Down Town Association should be approved, the entire matter was, on motion by Supervisor Brown, seconded by Supervisor Schmidt, and with the consent of Supervisor McGowan, re-referred to the Fire, Safety and Police Committee.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Proclaiming September 12th to 15th as Construction Industries Jubilee at Treasure Island
(Series of 1939)

Supervisor McGowan presented Resolution No. ....., as follows:

Proclaiming September 12th to 15th as Construction Industries Jubilee at Treasure Island.

Whereas, the Construction Industry is the second largest industry in this nation, with the largest industrial pay-roll when all of the units affiliated with this great industry are included; and

Whereas, some of the accomplishments of the Construction Industry are wondrous to behold and represent some of the greatest contributions to mankind as is so well exemplified in this area by the two great bridges and the largest man-made island in the world—Treasure Island —where the Golden Gate International Exposition is now being held for a second year; and

Whereas, in order to acquaint the general public with some of the unheard of accomplishments of the Construction Industry and to celebrate six years of record construction activities in California, greatest in the State's history and unsurpassed by any other state, a four-day Jubilee, starting September 12th, is being held at the Golden Gate International Exposition on Treasure Island, which will feature special Souvenir Admission Tickets of 25 cents for adults and 10 cents for children; and

Whereas, this celebration is aptly designated as a Construction Industries Jubilee in order to pay fitting tribute to the ingenuity, courage, and resourcefulness of members of the construction and related industries, who have shown the true pioneer spirit of the West, and that of San Francisco in particular, in taking the leadership, under adverse conditions, and who have by their whole-hearted cooperation with other public spirited citizens made possible the successful operation of the exposition for a second year; and

Whereas, inasmuch as the Construction Industry, with all of its component units of labor and management, which in this instance includes forty (40) building trades unions and in excess of seventy (70) professional and commercial associations, all working in unison, are co-

operating on the program of the four (4) day jubilee, it is most fitting and proper that San Francisco, the City by the Golden Gate, should again assert its leadership by bringing together, for the first time in history, all of the combined elements of the Construction Industry in a massive celebration; Now, therefore, be it

Resolved, that the San Francisco Board of Supervisors respectfully request the Mayor of this City and County to proclaim and set aside the days of September 12, 13 and 14, and climaxing the celebration on San Francisco Day, September 15th, in order to celebrate and fittingly observe Construction Industries Jubilee; and be it further

Resolved, that a proper committee of this Board, and other departments of this city's government, be delegated to cooperate to the fullest extent, in making this four (4) day celebration an outstanding exposition attraction for the year 1940 so that the general public can be given an opportunity to realize the tremendous and progressive activities of the Construction Industry.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors Ratto, Shannon—2.

In Memoriam—Jerry W. Dineen
(Series of 1939)

Whereas, Almighty God has summoned to his eternal reward, Jerry W. Dineen; and

Whereas, For nearly a quarter of a century Jerry W. Dineen served faithfully the people of the City and County of San Francisco, having been an employee of the Department of Public Works for twenty-three years; and

Whereas, The memory of Jerry Dineen will ever live and remain a treasured one to the many who came in contact with him and loved him, and to his bereaved and sorrowing sister; now, therefore, be it

Resolved, That the Board takes this opportunity to express to his devoted sister its heartfelt condolences and deepest sympathy; and, be it

Further Resolved, That when the Board adjourns this day it does so out of respect to the memory of the late Jerry W. Dineen.

Unanimously adopted by rising vote.

Report on Parliamentary Procedure Re Motion for Reconsideration

Supervisor McSheehy presented:

September 3, 1940

To the Honorable Board of Supervisors

Gentlemen:

On August 12th I moved for reconsideration of the motion requesting Secretary of the Interior Ickes to grant an extension of time from October 1, 1940, to July 1, 1941, in the enforcement of Section 6 of the Raker Act, which the United States Supreme Court declared valid and which Secretary of the Interior Ickes, as the enforcement officer, is duty-bound to carry out.

This motion should have been a resolution as it was a commitment and, when received by Mr. Ickes, was so declared.

On Monday, August 19th, my motion for reconsideration was on our weekly calendar for action and I moved its adoption. President Shannon suggested that it might go over a week as it might complicate Secretary Ickes' resolution, which was being considered. The Board voiced no objection and it was postponed for one week. Under "Roll Call," I read the following section on Page 11 of our Book of Rules:

"Sec. 12. When a motion has been made and carried or lost, it shall be in order for any member voting with the prevailing side to move to 'reconsider the vote' on that question.

"A member may change his vote before the result is announced in order to move to 'reconsider the vote' on that question. The vote upon such motion to reconsider shall not be taken before the next regular meeting of the Board. No question shall be reconsidered more than once, and motion to reconsider shall apply only to the main question. Motion to reconsider shall have precedence over every other motion. It shall require six votes to carry any motion to reconsider the vote by which any bill, ordinance or resolution has been passed or defeated."

Rule 37 on Page 15 of our Book of Rules, states as follows:

"On any question or points of order not embraced in these rules the Board shall be governed by the rules contained in Robert's Rules of Order."

I quote from Page 162 of Robert's Rules of Order, Section 36 — Reconsider:

". . . When the motion to reconsider is made the chair states the question, if it can then be considered, and proceeds as with any other question. If it cannot be considered at that time, he says, 'Mr. A moves to reconsider the vote on ..... The secretary will make a note of it,' and proceeds with the pending business. The reconsideration, after being moved, is brought before the assembly for action as explained in the previous paragraph. If it is *called up* by a member, he simply says, after obtaining the floor, 'I call up the motion to reconsider the vote on .....' *This call requires no second vote.* If the call is in order, as previously explained, the chair says, 'The motion to reconsider the vote (or votes) on ..... is called up. The question is, "Will the assembly reconsider the vote (or votes) on .....? Are you ready for the question?" ' "

Our President, Supervisor Shannon, stated that he would look into this section of Robert's Rules of Order.

On Monday, August 26th, Supervisor Shannon read from Robert's Rules of Order, page 156, section 36, as follows:

"36. Reconsider. This motion is peculiar in that the making of the motion has a higher rank than its consideration, and for a certain time prevents anything being done as the result of the vote it is proposed to reconsider. It can be made only on the day the vote to be reconsidered was taken, or on the next succeeding day, a legal holiday or a recess not being counted as a day. It must be made by one who voted with the prevailing side. Any member *may* second it."

He stated that a vote to reconsider required a second and that the section that I read to you from Robert's Rules of Order, on page 162, pertained entirely to an amendment. I beg to differ with President Shannon in reference to his interpretation as the rules clearly state that you cannot amend a vote to reconsider. The reconsideration must be voted on and, if carried, then of course it can be amended, as it is in its original form.

I wish to further point out that on page 37 of Robert's Rules of Order, under "*Exceptions*," the following do not require a second: Questions of Privilege; Questions of Order; Objection to the Consideration of a Question; Call for Orders of the Day; Call for Division of Assembly (in voting); *Call up Motion to Reconsider;* Filling Blanks; Nominations; Leave to Withdraw a Motion; Inquiries of any kind. On the same page, there appears a footnote which reads: "In Congress motions are not required to be seconded."

It is stated in Robert's Rules of Order on pages 164 to 167 that the

principle intent of a notice of reconsideration is to stop hasty legislation and allow consideration to be given to any ordinance, resolution or motion. An example along these lines, which I wish to illustrate to you, happened here only a few weeks ago when Supervisor Colman served notice of reconsideration on the Mechanical Amusement Devices Ordinance, which was refused passage and, when it was reconsidered, it was passed for second reading.

Gentlemen, we represent the largest corporation in San Francisco and, as a Board of Directors, we are required to pass on an expenditure this year of some $69,000,000. The Charter defines ways and means as to how our business should be transacted and in the transaction of said business, we must be governed as a legislative body by Rules of Procedure, and we have adopted such a set of rules. Our Book of Rules clearly states under Rule 37 that, "On any question or points of order not embraced in these rules the Board shall be governed by the rules contained in Robert's Rules of Order." They are the recognized rules of all legislative bodies throughout the United States.

Therefore, I feel that, as one member of this Board, I am positively right in my contention that a notice of reconsideration does not require a second, as has been most clearly stated on page 37 of Robert's Rules of Order under "Motions that do not require a second."

For these reasons, I am submitting to you today this message which I would request that it be printed in the Journal of Proceedings of this Board and made a part of the record.

Respectfully yours,
(Signed) JAMES B. McSHEEHY, Supervisor.

On motion by Supervisor Uhl, copy to be sent to President Shannon.

Health Service Employees—Amending Section 172.1 of the Charter Applying Civil Service and Retirement Provisions to Health Service Employees.

(Series of 1939)

Supervisor McSheehy presented Resolution No. ....., as follows:

Resolved, that the following proposed Charter Amendment be submitted to the electors at the election on November 5, 1940, to wit:

Charter Amendment No. .....

Health Service Employees—Amending Section 172.1 of the Charter applying civil service and retirement provisions to Health Service employees.

Describing and setting forth a proposal to the electors of the City and County of San Francisco, to amend the charter of said city and county by amending Section 172.1 thereof relating to the Health Service System by providing that certain employments thereunder shall be subject to the civil service and retirement provisions of the Charter.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco at the general election to be held on the 5th day of November, 1940, a proposal to amend the Char-

ter of said City and County by amending Section 172.1 thereof so that the same shall read as follows:

Section 172.1:

Subdivision 1. A health service system for municipal employees is hereby established. Said system shall be administered by a board to be known as the Health Service Board. The members of the system shall consist of all employees of the city and county who are members of the retirement system and all teachers and employees of the board of education who are members of said retirement system. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets, or principles depends for healing upon prayer in the practice of religion shall be exempted from the system upon filing annually with the Health Service Board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. The board shall have the power to exempt any person whose annual compensation exceeds forty-five hundred ($4,500.00) dollars and any person who has otherwise provided for adequate medical care.

Subdivision 2. The Health Service Board shall consist of nine members elected by the members of the system. The first members of the board shall classify themselves by lot so that three shall serve for one year, three for two years and three for three years from and after May 15, 1937. Thereafter the term of office shall be three years. Each member of the board shall give bond in the sum of ten thousand ($10,000.00) dollars, the premium on which shall be paid out of the funds of the system. Vacancies shall be filled for the unexpired term by a majority vote of the remaining members of the board. Members of the board shall be nominated by a written nomination of twenty members filed with the registrar of voters not earlier than April 1st nor later than April 15th of each year. The registrar of voters shall prepare ballots and shall furnish the same to all members of the system between April 15th and April 25th and shall receive the ballots between April 25th and May 7th and canvass and certify the result on May 8th. The registrar of voters shall have power to make such regulations respecting the form, distribution and canvassing of the ballots as may be necessary to secure secrecy of the ballot and prevent fraud. The persons equal in number to the number to be elected who receive the greatest number of votes shall be declared elected. Not more than one employee of any one department or office may be a member of the board. For the purpose of the first election, all employees eligible for membership in the system shall be deemed members.

Subdivision 3. The board shall have power:

(a) By a two-thirds vote of the entire membership of the board, to adopt a plan or plans for rendering medical care to the members of the system, or for the indemnification of the

costs of said care, or for obtaining and carrying insurance against such costs.

No member of the system shall be required to accept the services or medical supplies of any physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist or hospital selected by the Board, but subject to the rules and regulations of the board, every member shall have the right to select of his own choice any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care as herein defined, who or which will render the required services pursuant to said rules and regulations and the board shall make provision for the exercise of such choice, and is hereby expressly prohibited from entering into any exclusive contract for the rendering of said services. Any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care shall have the right to furnish such services or medical supplies at uniform rates of compensation to be fixed by the board, provided that such rates and any contract respecting the rendering of such services shall be subject to review by the retirement board of the city and county and shall not become effective unless and until approved by the retirement board. The retirement board shall approve or disapprove the same within sixty (60) days after the same is submitted to it, and failure of the retirement board to approve or disapprove the same within said period shall constitute an approval.

The said retirement board is hereby authorized and empowered and it is hereby made its duty, to exercise the powers and to perform the duties prescribed for it by this section.

(b) To put said plans into effect and to conduct and administer the same and, for all or any of said purposes, to contract therefor and use the funds of the system.

(c) To make rules and regulations for the transaction of its business, the granting of exemptions and the admission to the system of persons who are hereby made members thereof and such other officers and employees as may voluntarily become members of the system with the approval of the board.

(d) To appoint a Medical Director and other employees and to fix their respective compensations at not more than the rates paid for like service in other city employments. The Medical Director shall hold office at the pleasure of the Board. The other employees shall be subject to the civil service and retirement provisions of the charter provided that all employees who are actually employed on the effective date of this amendment and who have been continuously so employed for six months immediately preceding such date shall be continued in their respective positions as if appointed thereto after examination and certification from a civil service list of

eligibles and shall thereafter be governed by and be subject to the civil service and retirement provisions of this charter.

(e) To make provision for the participation in the benefits of the system by the dependents of members, retired municipal employees and temporary municipal employees, provided that such participation shall be without cost to the city and county.

Subdivision 4. The board shall determine and certify to the Controller the amount to be paid monthly by the members of the system to a fund for the purposes of the system hereby created. The Controller shall deduct said sums from the compensation of the members and shall deposit the same with the treasurer of the city and county to the credit and for the use of the system. Such deductions shall not be deemed to be a reduction of compensation under any provision of this charter. The board shall have control of the administration and investment of the funds, provided that all investments shall be of the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the controller and the controller shall have and exercise the accounting and auditing powers over the funds of the system which are vested in him by this charter with respect to all other municipal boards, officers and commissions.

Subdivision 5. The term "medical care" shall include the services of physicians, surgeons, nurses, persons licensed to treat human diseases without the use of drugs, hospitalization, medicines and appliances and dental, optical and other medical treatments and services.

All acts performed and services rendered under the provisions of this section shall be performed in accordance with the provisions as to professional conduct prescribed by the statutes of the State of California, regulating such professional conduct and services.

Medical care, as defined in this section, shall not be furnished or supplied to any member of the system by or in any of the public health and hospital facilities of the city and county, except that emergency medical and hospital care may be rendered to any member of the system in the usual course of emergency health service.

Subdivision 6. Members of the system shall have and possess no claim or recourse against any of the funds of the municipality by virtue of the adoption or operation of any plan for rendering medical care, indemnifying costs of said care or carrying insurance against such costs, but the claim and recourse of any such member shall be limited solely to the funds of the system. All expenses of the system shall be borne exclusively by the funds of the system and the city and county shall not appropriate or contribute funds in any manner for the purposes of the system hereby established and provided.

The Board of Supervisors met in regular session.

Supervisor Schmidt, although present at the first Roll Call, having been excused from attendance, left the Chambers immediately after presenting, at the request of the San Francisco County Medical Association, a proposed charter amendment affecting the Health Service Board.

APPROVAL OF JOURNAL

The Journal of Proceedings of the meeting of September 3, 1940, was considered read and approved.

During the proceedings, Supervisor Colman announced that in view of the early departure of the 250th Coast Artillery for a year's duty, he had taken the liberty of inviting Colonel David Hardy, commanding officer of that regiment, to appear before the Board, and he hoped the Board would concur in that invitation.

Subsequently during the proceedings, at 2:50 P. M., Colonel Hardy entered the Chambers, was presented to the Members of the Board and to the citizens present, and addressed the Board briefly. Supervisor Colman, at the request of the Chair, responded.

Under his name on Roll Call, Supervisor Colman again referred to the early departure from San Francisco of the 250th Coast Artillery, stating that that regiment has been ordered out by the President for a year's duty, and will report for duty on September 16th. The regiment is composed of about 900 men, nearly all of whom are San Francisco citizens, taxpayers and voters. He would, therefore, moved that the Board of Supervisors, on behalf of the people of San Francisco, wish the regiment God-speed, and express pride in its history and the confidence and very best wishes for its future, and the Clerk be instructed to draw up a properly worded resolution expressing those sentiments of the Board. Motion seconded by Supervisor Mead, and unanimously carried.

UNFINISHED BUSINESS

Final Passage

The following recommendations of Finance Committee heretofore passed for second reading were taken up:

Vacation Ordinance
(Series of 1939)

Bill No. 846, Ordinance No. ....., as follows:

An ordinance regulating annual vacations of employees of the City and County of San Francisco except certificated employees of the Board of Education.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. *Employees Entitled to Vacation.* Every employee in the City and County Service, except certified employees in the Board of Education, shall be allowed an annual vacation as provided herein as long as he remains in the City and County service.

Section 2. *Duration of Vacation and Compensation Therefor.* Employees shall be allowed a vacation of two calendar weeks, and the compensation paid to employees during the vacation period shall be the amount the employee would earn during his vacation period if working at his current rate of pay and work schedule without the inclusion of overtime earnings, subject to the following provisions:

(a) That one day's pay shall be deducted from the vacation allowance for each thirty days of absence without pay in excess of sixty days of absence without pay since the preceding vacation (or in the case of the first vacation, since the date of appointment), which absences in both cases shall be cumulative, provided that days of absence covered by Workmen's Compensation, sick leave with pay, or days of absence up to two months of sick leave without pay, or any days of absence because of inclement weather, shall not be charged against the vacation allowance.

(b) That employees who, in accordance with the charter provisions, have been suspended for disciplinary purposes shall have deducted from their vacation allowance one day's pay for each thirty days of such suspension since the preceding vacation (or in the case of the first vacation, since the date of appointment).

(c) That employees of the Municipal Railway who are paid a "range" time shall receive compensation for such "range" time while on vacation, provided that such vacation compensation for their regular work schedule plus "range" time shall not exceed eight hours per day.

(d) That no deduction shall be made from vacation compensation on the presumption that if the employee had been on duty he would have laid off because of inclement weather.

(e) That a calendar week for the purposes of this ordinance is hereby defined as seven consecutive days, which may begin on any day of the week.

Section 3. *Vacation Schedules.* Vacation schedules shall be arranged at the discretion of the appointing officer, with particular regard to seniority of employees and the needs of the service, and insofar as possible with regard to the wishes of the employee; provided that employees shall not divide their vacation allowance into periods of less than seven consecutive days except where less than seven days of vacation are due; provided further that no employee shall be denied a vacation to which he is entitled; and provided further that no employee shall be allowed a vacation prior to the first anniversary of his employment. No employee shall be allowed more than one vacation in any calendar year, except that when, in the case of the first vacation, the date of the first anniversary of employment falls within the last two weeks of the calendar year, the employee shall be allowed to start his vacation within such two-week period prior to the end of the calendar year and complete such vacation in the following calendar year provided that such vacation time shall be continuous and such vacation shall not bar the employee from vacation during the second year of service.

Section 4. *Vacation Charges Against Departments.* The Controller

shall establish procedure for the method of payment of salary and the proration thereof, to employees entitled to vacation through service in two or more departments.

Section 5. *Vacation for Employees Occupying Temporary Positions.* Employees occupying positions defined by the rules of the Civil Service Commission as temporary positions shall be governed by the provisions of this ordinance, except as herein provided. Temporary employees must establish their right to vacation by the completion of a year of continuous service from the date of appointment. For the purpose of this section, a continuous year of service shall be considered to be continuous when within such year an employee has served 11½ months under certification, and/or emergency appointment, and/or appointment exempt from civil service. Supervisor McGowan, Chairman of Fire, Safety and Police Committee, presented for that Committee the foregoing draft of Traffic Code as redrawn to meet objections previously raised.

Discussion

Mr. Will Merryman and Major A. J. McChrystal both signified their approval, and the approval of their groups as to the revised draft of the proposed Traffic Code.

A communication from the Controller on the subject of Disposition of Fines and Forfeitures Collected under the Proposed Traffic Code, pointing out that in conformity with the Annual Appropriation Ordinance, the General Fund for the year 1939-1940 was credited with $144,690.65, fines and forfeitures collected for traffic violations under municipal ordinances. This amounted to approximately two cents in the tax rate.

Supervisor Uhl objected to Section 60, All Night Parking Prohibited, and reported on an investigation he had made thereon, and pointed out the difficulty, if not impossibility of enforcing that section, and moved the deletion thereof.

Motion failed for want of a second.

Supervisor Meyer called attention to Section 132, Disposition of Fines and Forfeitures, suggesting that fines and forfeitures collected should be deposited in the General Fund instead of in the Street Improvement Fund, and he so moved. Motion seconded by Supervisor McSheehy.

Privilege of the Floor

Mr. Moore, of the California State Automobile Association, was, on motion by Supervisor McGowan, granted the privilege of the floor. Mr. Moore pointed out that the proposed Section, as written followed Section 770 of the California Vehicle Code, and he opposed any amendment thereto.

Mr. Mahoney, representing the Noe Valley District, urged the approval of the proposed amendment, holding that all funds received by the City and County should be under the control of the Board of Supervisors.

Mr. W. D. Coughlin, representing the Associated General Contractors, also favored the ordinance as presented.

During the discussion, Supervisors Uhl, McSheehy, Meyer, Shannon and Roncovieri supported the amendment. Supervisors Ratto, McGowan, Colman and Brown opposed it.

Motion Failed

On calling the roll, the motion to amend failed by the following vote:

Ayes: Supervisors McSheehy, Meyer, Roncovieri, Shannon, Uhl—5.

Noes: Supervisors Brown, Colman, McGowan, Mead, Ratto—5.

Absent: Supervisor Schmidt—1.

Supervisor Uhl called attention to provision in present traffic code prohibiting the parking of cars for longer than six hours on any street. That provision is not in the present proposed legislation.

However, no motion was made on the subject.

Supervisor Roncovieri moved that Section 132 be amended by inserting in the sixth line thereof, after the word "used," the words "for the period of one year only," and striking out the last two lines of the Section, after the word "and," the words "equipment, the maintenance thereof, and for the maintenance, improvement or construction of public streets, bridges and culverts within such city and county."

Motion failed by the following vote:

Ayes: Supervisors McSheehy, Meyer, Roncovieri, Shannon, Uhl—5.

The board shall have control of the administration and investment of the funds, provided that all investments shall be of the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the controller and the controller shall have and exercise the accounting and auditing powers over the funds of the system which are vested in him by this charter with respect to all other municipal boards, officers and commissions.

Medical care, as defined in this section, shall not be furnished or supplied to any member of the system by or in any of the public health and hospital facilities of the city and county, except that emergency medical and hospital care may be rendered to any member of the system in the usual course of emergency health service.

Subdivision 6. Members of the system shall have and possess no claim or recourse against any of the funds of the municipality by virtue of the adoption or operation of any plan for rendering medical care, indemnifying costs of said care or carrying insurance against such costs, but the claim and recourse of any such member shall be limited solely to the funds of the system. All expenses of the system shall be borne exclusively by the funds of the system and the city and county shall not appropriate or contribute funds in any manner for the purposes of the system hereby established and provided.

Use of Buildings on Treasure Island Suggested for Housing Draft Army

Supervisor Brown, under his name on Roll Call, called attention to buildings on Treasure Island, expected to be demolished at the close of the exposition, and suggested that use might be made of some of those buildings, at least, by the Federal Government, in housing men who might be drafted into the army. The bringing to San Francisco of a substantial number of drafted men would be of great benefit to merchants in San Francisco.

Suggestion referred to Public Buildings, Lands and City Planning Committee.

Report on Supervisors' Convention

Supervisor McSheehy reported on Supervisors' Convention, held in Sacramento, attended by Supervisors Ratto, Uhl and himself, on September 5 and 6, 1940. Supervisor McSheehy reported particularly on the views held in 53 counties of the State as to the merit system, or Civil Service for county or municipal service. Of California counties, only five at present have adopted Civil Service.

Subsequently, Supervisor Uhl, under his name on roll call, supplemented the report by Supervisor McSheehy. Supervisor Uhl reported, also, that 54 of California counties have not complied with the Federal Social Security Act, and if they do not comply with the Act, California probably will be dealt harshly with by the Federal Government. At the convention a motion was made that a committee be appointed to take up the matter and to consult with the counties in an endeavor to induce them to accept the Act and comply with its terms.

Meeting of State Highway Commission

Communication from Redwood Empire Association was presented and read, calling attention to the next meeting of the State Highway Commission, to be held in Oakland.

The Chair appointed the Streets Committee, Supervisor Ratto as Chairman, as committee to represent the Board at the meeting.

Request for Review of Case of Mr. Bryan O'Connor, and Determination of His Status as Employable or Unemployable Unemployed

Supervisor Uhl brought to the attention of the Board, the case of Mr. Bryan O'Connor, a former W.P.A. employee, who because of hospitalization for a period of 59 days had been removed from W.P.A. employment. Upon release from the hospital he was classed as employable by the Public Welfare Commission and accordingly eligible for S.R.A. employment. Under S.R.A. he was classed as an unemployable unemployed, and a responsibility of the Public Welfare Department. Due to conflicting opinions, Mr. O'Connor is unable to obtain the relief needed.

In closing his presentation, Supervisor Uhl moved that the Public Welfare Commission be requested to review this case. Motion seconded by Supervisor Mead, and unanimously carried.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco at the general municipal election to be held on November 5, 1940, a proposal to amend the Charter of said City and County by amending Section 161 thereof relating to continuous service in the Retirement Board and providing that the members thereof when inducted into the Army or the Navy shall continue their membership under said Retirement Board, and that under certain conditions the City shall pay their contributions to said Retirement Board.

Continuous Service

Section 161. Continuous service shall be defined by the Board of Supervisors. The absence of any officer or employee of the City and County from service caused by reason of the service of such officer or employee in the military or naval forces of the United States in any war in which the United States has engaged, shall not be deemed to be absence from service for the purposes of the Retirement System, and such officer or employee shall receive credit under the Retirement System for the period of such absence, in the same manner as if he had not been absent.

Any member of the Retirement System who is absent after September 14, 1940, from the service of the City and County, by reason of service in the military or naval forces of the United States or other armed forces of the United States of a comparable category hereafter created, or in the National Guard of California, in any war in which the United States is engaged; or who in time of peace is so absent by reason of service or training in said forces of the United States or in said National Guard or by reason of any other service connected with the national defense, all in response to an order or call of the Government of the United States or of the State of California or an authorized officer thereof, may elect within four months after the effective date hereof or within four months after the beginning of such absence, to contribute to said Retirement System while serving in said forces, and at times and in a manner to be fixed by the Retirement Board,

amounts equal to the contributions which he would have made from the beginning of said absence or from the date of said election, had he remained on duty in the position he occupied and at the compensation being earned by him immediately prior to the beginning of said absence. The City and County shall contribute to the Retirement System on account of any member who exercises affirmatively the election provided herein, in the same manner and amounts as if said member were not absent in said service. If the member's base pay in said service shall be less than one hundred dollars per month, the City and County, in lieu of said member, shall contribute also the amount which the member would otherwise contribute under said election, and said contributions shall be administered as if made by said member.

It is the purpose of the paragraph next preceding, to place a member who is absent from the service of the City and County by reason of service or training as set forth in the paragraph next preceding, and who contributes or for whom contributions are made under the election herein provided, in the same status under the Retirement System, as that he would have occupied had he remained on duty in the position he occupied immediately prior to the beginning of said absence and Charter and Ordinance provisions governing the Retirement System, shall apply to said member with like effect as if he were not so absent. If, however, a member who exercises affirmatively the election provided herein, shall default in any of the contributions due to the Retirement System under said election, and if said contributions are not made for him, then he shall be considered absent from service during the period covered by said defaulted contributions, the same as if he had not exercised affirmatively said election, and he shall not receive credit as service for the City and County, for the period covered by said defaulted contributions; but the absence during said period of default, shall not break the continuity of service required of such member to entitle him to a pension or retirement allowance, as provided under the Retirement System.

Any member of the Retirement System who is absent from the service of the City and County by reason of service or training as set forth in the second paragraph of this section, and who does not affirmatively exercise the election herein provided, shall not receive credit as service for the City and County, for the period of such absence, but the absence shall not break the continuity of service required of such member to entitle him to a pension or retirement allowance as provided under the Retirement System.

Leaves of absence shall be granted to officers, employees and persons on eligible lists for terms of service in the army, the navy or the marine corps, in time of war and for such time thereafter as may be provided by rule of the commission, but not to exceed two years after the proclamation of peace, except in case of disability incurred in line of duty, when such disability shall extend beyond such period. If a person on such leave has been appointed to a permanent position, he shall be entitled to resume such position at the expiration of his leave, and if any civil service rights accrue to any appointee by reason of seniority, the term of service shall be reckoned a part of his service under the City and County, exclusive of service under the retirement provisions of this Charter. If persons on such leave have standing on an eligible list, they shall retain their places thereon, and upon presenting an honorable discharge from such wartime service shall be preferred for appointment in the order of standing upon such register at the time of enlistment and before candidates securing standing through an examination held subsequent to such enlistment.

If said person so enlisting or serving is on any civil service list of eligibles, he shall maintain his place on said list during the period of said service unless the list shall expire prior thereto, but if his name has been reached for certification to any permanent position during said period of service, he shall be preferred for appointment at the end of his service and for four years thereafter unless he shall have received appointment to a permanent position prior to the expiration of said period of four years. The Civil Service Commission shall have full power and authority to make all necessary rules not in conflict with this section, to carry its purposes into effect.

The Civil Service Commission, by rule and subject to the approval of the Board of Supervisors by ordinance, shall provide for leaves of absence due to illness or disability, which leave or leaves may be cumulative, if not used as authorized, provided that the accumulated unused period of sick leave shall not exceed six months, regardless of length of service, and provided further that violation or abuse of the provisions of said rule and ordinance by any officer or employee shall be deemed an act of insubordination and inattention to duties.

The board shall have control of the administration and investment of the funds, provided that all investments shall be of

the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the controller and the controller shall have and exercise the accounting and auditing powers over the funds of the system which are vested in him by this charter with respect to all other municipal boards, officers and commissions.

Charter Amendment No. .....

Continuous Service

Describing and setting forth a proposal to the electors of the City and County of San Francisco to amend the Charter of said City and County by amending Section 161 thereof relating to continuous service in the Retirement Board and providing that the members thereof when inducted into the Army or the Navy shall continue their membership under said Retirement Board, and that under certain conditions the City shall pay their contributions to said Retirement Board.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco at the general election to be held on November 5, 1940, a proposal to amend the Charter of said City and County by amending Section 161 thereof relating to continuous service in the Retirement Board and providing that the members thereof when inducted into the Army or the Navy shall continue their membership under said Retirement Board, and that under certain conditions the City shall pay their contributions to said Retirement Board.

Continuous Service

Section 161. Continuous service shall be defined by the Board of Supervisors. The absence of any officer or employee of the City and County from service caused by reason of the service of such officer or employee in the military or naval forces of the United States in any war in which the United States has engaged, shall not be deemed to be absence from

service for the purposes of the Retirement System, and such officer or employee shall receive credit under the Retirement System for the period of such absence, in the same manner as if he had not been absent.

Any member of the Retirement System who is absent after September 14, 1940, from the service of the City and County, by reason of service in the military or naval forces of the United States or other armed forces of the United States of a comparable category hereafter created, or in the National Guard of California, in any war in which the United States is engaged; or who in time of peace is so absent by reason of service or training in said forces of the United States or in said National Guard or by reason of any other service connected with the national defense, all in response to an order or call of the Government of the United States or of the State of California or an authorized officer thereof, may elect within four months after the effective date hereof or within four months after the beginning of such absence, to contribute to said Retirement System while serving in said forces, and at times and in a manner to be fixed by the Retirement Board, amounts equal to the contributions which he would have made from the beginning of said absence or from the date of said election, had he remained on duty in the position he occupied and at the compensation being earned by him immediately prior to the beginning of said absence. The City and County shall contribute to the Retirement System on account of any member who exercises affirmatively the election provided herein, in the same manner and amounts as if said member were not absent in said service. If the member's base pay in said service shall be less than one hundred dollars per month, the City and County, in lieu of said member, shall contribute also the amount which the member would otherwise contribute under said election, and said contributions shall be administered as if made by said member.

It is the purpose of the paragraph next preceding, to place a member who is absent from the service of the City and County by reason of service or training as set forth in the paragraph next preceding, and who contributes or for whom contributions are made under the election herein provided, in the same status under the Retirement System, as that he would have occupied had he remained on duty in the position he occupied immediately prior to the beginning of said absence and Charter and Ordinance provisions governing the Retirement System, shall apply to said member with like effect as if he were not so absent. If, however, a member who exercises affirmatively the election provided herein, shall default in any of the contributions due to the Retirement System under said election, and if said contributions are not made for him, then he shall be considered absent from service during the period covered by said defaulted contributions, the same as if he had not exercised affirmatively said election, and he shall not re-

ceive credit as service for the City and County, for the period covered by said defaulted contributions; but the absence during said period of default, shall not break the continuity of service required of such member to entitle him to a pension or retirement allowance, as provided under the Retirement System.

Any member of the Retirement System who is absent from the service of the City and County by reason of service or training as set forth in the second paragraph of this section, and who does not affirmatively exercise the election herein provided, shall not receive credit as service for the City and County, for the period of such absence, but the absence shall not break the continuity of service required of such member to entitle him to a pension or retirement allowance as provided under the Retirement System.

Consideration Temporarily Postponed

Immediately following the Clerk's reading of the foregoing proposed Charter Amendment, Supervisor McGowan announced that he desired to offer some amendments thereto, and requested temporary postponement until the City Attorney could be present.

No objection, and so ordered.

Subsequently during the proceedings, the City Attorney having arrived in the Chambers, a communication from Mr. Ralph Nelson of the San Francisco Employees Retirement System, stating that the approval of the proposed charter amendment by the people would mean an increased cost to the city of about $25,000 annually, was presented and read by the Clerk.

Amendments Proposed

The City Attorney, having consulted with Supervisor McGowan, who had previously indicated his intention to offer several amendments to the proposed measure, suggested the following amendments:

In the first paragraph, fourth line, delete the words "in the Retirement Board," and substitute therefor the words, "for the purposes of the Retirement System."

In the same paragraph, the last word, delete the word "Board," and substitute therefor the word "System."

In the second paragraph, the sixth line, delete the words "in the Retirement Board," and substitute therefor the words, "for the purposes of the Retirement System."

In the same paragraph, the last word, delete the word "Board," and substitute therefor the word "System."

In the fourth paragraph, the third line, immediately after the word "service" insert the words "or training."

Also, in the same paragraph, sixth line, after the word "California" delete the words "in an war in which the United States is engaged; or who in time of peace is so absent by reason of service or training in said forces of the United States or in said National Guard."

Amendment Accepted

The foregoing suggested amendments, as offered by Supervisor McGowan, were accepted by the committee as a part of the original committee recommendation.

Charter Amendment No. .....

Leaves of Absence

Describing and setting forth a proposal to the electors of the City and County of San Francisco to amend the Charter of said City and County by amending Section 153 thereof so as to provide for leaves of absence to officers and employees of

the City and County while serving in the Military or Naval Forces of the United States or in the National Guard of California, and providing for said persons holding their rank on Civil Service eligible lists.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco at the general election to be held on November 5, 1940, a proposal to amend the Charter of said City and County by amending Section 153 thereof so that the same shall read as follows:

Leaves of Absence

Section 153. Leaves of absence to officers and employees of the City and County shall be governed by rules established by the Civil Service Commission, provided that leave of absence to any officer or employee for the purpose of leaving the City and County, taking a position outside of the City and County service, or accepting a position in some department or office of the City and County other than the one in which he is employed and where the duties are in no way related to the duties covered by his civil service classification, shall be limited to six months; and provided, further, that no limit shall be placed on a leave of absence granted to enable an officer or employee to accept promotion to a non-civil service position in the same department in which he holds civil service status, or promotion to co-related work in another department or office of the City and County.

Leaves of absence shall be granted to officers, employees and persons on eligible lists for terms of service in the army, the navy or the marine corps, in time of war and for such time thereafter as may be provided by rule of the commission, but not to exceed two years after the proclamation of peace, except in case of disability incurred in line of duty, when such disability shall extend beyond such period. If a person on such leave has been appointed to a permanent position, he shall be entitled to resume such position at the expiration of his leave, and if any civil service rights accrue to any appointee by reason of seniority, the term of service shall be reckoned a part of his service under the City and County, exclusive of service under the retirement provisions of this Charter. If persons on such leave have standing on an eligible list, they shall retain their places thereon, and upon presenting an honorable discharge from such wartime service shall be preferred for appointment in the order of standing upon such register at the time of enlistment and before candidates securing standing through an examination held subsequent to such enlistment.

Whenever any officer or employee of the City and County of San Francisco, or any uncertificated officer or employee of the Unified School District of said City and County, including persons under probationary appointment, or any person having rank or place on any civil service list of eligibles for appointment to any position under the government of said City and

County, or to any uncertificated position under said Unified School District, shall by order of the Government of the United States or by lawful order of any of its departments or officers, or by lawful order of the State of California, or any of its departments or officers, be directed in time of peace, to report for service or training in any branch of the military or naval forces of the United States, or into the National Guard of California, and shall be inducted into said service, or into any service for national defense or preparedness, or who, in time of peace, in response to any call from the Federal or State governments to enlist for service or training in any branch of the military or naval forces of the United States, or in the National Guard of California, shall so enlist, said officer or employee shall be entitled to a leave of absence from his office or position, without pay, during the time of his enlistment or service and for a period of three months after the expiration thereof. If said person so enlisting or serving is on any civil service list of eligibles, he shall maintain his place on said list during the period of said service unless the list shall expire prior thereto, but if his name has been reached for certification to any permanent position during said period of service, he shall be preferred for appointment at the end of his service and for four years thereafter unless he shall have received appointment to a permanent position prior to the expiration of said period of four years. The Civil Service Commission shall have full power and authority to make all necessary rules not in conflict with this section, to carry its purposes into effect.

The Civil Service Commission, by rule and subject to the approval of the Board of Supervisors by ordinance, shall provide for leaves of absence due to illness or disability, which leave or leaves may be cumulative, if not used as authorized, provided that the accumulated unused period of sick leave shall not exceed six months, regardless of length of service, and provided further that violation or abuse of the provisions of said rule and ordinance by any officer or employee shall be deemed an act of insubordination and inattention to duties.

Consideration Temporarily Postponed

After reading the foregoing proposed charter amendment consideration thereof was temporarily postponed at the request of Supervisor McGowan who announced his desire to present amendments to protect an employee, or eligible on a Civil Service list who, due to his absence in military service, is unable to exercise his rights in accepting a position or promotion to which he would be entitled. Before presenting such amendments, Supervisor McGowan desired to consult with the City Attorney thereon.

Amendments Accepted

Subsequently during the proceedings, the City Attorney being present, Supervisor McGowan suggested amendments as follows:

In Section 153, third paragraph, twenty-eighth line, after the word "Service" delete the words "and for four years thereafter unless he shall have received appointment to a permanent position prior to the expiration of said period of four years." and insert in lieu of the words

deleted the following: "a temporary appointment shall be made to said position to serve during the leave of absence of said person whose name is reached for certification and on expiration of said leave said person shall be certified for appointment to said position."

Amendment accepted by Judiciary Committee as part of the original recommendation.

Ordered Submitted

Thereupon, on motion by Supervisor McSheehy, seconded by Supervisor McGowan, the proposed charter amendment, amendment to read as follows, was ordered submitted by the following vote:
